REPORT OF
THE SELECTMEN

TO THE INHABITANTS OF THE TOWN OF KITTERY:

Despite the continuing rise in the costs for services presently rendered by the town and the expansion into new services the town has closed its books for the year 1957 with a surplus of \$10,692.87 to be credited to the 1958 tax rate.

Our hopes of gaining on the Admiralty Village sewer overdrafts were disappointing this year due to higher costs and a mechanical failure which cost the town \$1,253.82. Early in the year your Selectmen investigated the possibilities of setting up accounts for depreciation and obsolescence but found no provision for this under existing law. We feel laws passed by Legislature will be of considerable help in solving this problem.

The Selectmen have in the past year attempted to find all available Federal and State Aid Funds which might help in getting additional services for the townspeople. Little has come to light which would be useful to us but several possibilities are being explored. The refusal of the state to accept the Bartlett Road as a state aid road was disappointing but we are continuing to pursue this end. Reseeding Brave Boat Harbor to clams was discussed with the Department of Sea and Shore Fisheries and a survey is to be made this spring.

The Town Planning Committee has been of great value to the Selectmen not only in helping to furnish information slanted toward the future but also in handling ever present growth problems. We must at the same time thank all the committees who have served the town during 1957 at such modest cost.

CARROLL H. STERLING

BURGESS F. DORR

LESTER A. AVERY

Selectmen

Trustees, R. W. Traip Academy

Kittery, Maine

January 11, 1957

To the Selectmen and Citizens of Kittery, Maine:

The Ninth Annual Report of R. W. Traip Academy Revolving Fund, for the period, January 1 through December 31, 1957 is submitted for publication in the Annual Town Report.

Due to the increased cost of athletic equipment and services of Officials and the fact that only two football games were played at home, the Fund operated at a loss of \$336.83 during 1957.

In order that the Annual Town Budget for 1958 would not be further increased, \$1000. of the Academy's funds have been transferred to the Revolving Fund account.

The accounts of the treasurer have been audited by Mr. Theodore F. Weaver representing the Superintending School Committee and Mr. Franklin G. Wilson representing the Trustees of R. W. Traip Academy and certified by them as being correct.

Certificate of Audit

February 3, 1958

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

Pursuant to your request, we have audited the books and records of the Town of Kittery for the year ended December 31, 1957. Our examination was made in accordance with generally accepted auditing standards, and included all procedures we considered necessary.

CASH \$79,136.16

Schedule 1 of this report reflects the cash transactions in detail. Our examination consisted of a detailed audit of cash receipts and disbursements with a check of cash receipts to the depositories and an examination of all non-cash items. We confirmed all cash balances with depository banks. Some cash receipts and disbursements are included in the books as of 1957, when in fact they were received and disbursed from January 1, 1958 to January 15, 1958.

UNCOLLECTED TAXES \$16,564.87

Schedule 5 and 6 of this report reflect the details of Taxes Receivable and the changes in the various tax commitments. We made detailed examinations of the commitment for 1957 and all unpaid taxes. A percent of unpaid taxes of 1957 were verified by correspondence with the taxpayer. Receipts to January 15, 1958 were included in cash received on taxes and reduced uncollected taxes of December 31, 1957.

NOTES PAYABLE \$45,000.00

This is the balance of an original note dated 10/21/57 for \$65,000.00 to the Community Trust Co. of Kittery. \$20,000.00 was paid on 12/13/57 and the balance was paid 1/15/58. Funds from the United States Government were due the town in 1957 which were to be applied on this note but they were not received until 1958.

GENERAL

The town books were continued until January 15, 1958 with part of the receipts and disbursements for this period being included in 1957 transactions. We made sufficient examination to ascertain that all cash received was properly accounted for, and that cash balances represented actual town balances. While the various statements of this report bear the date December 31, 1957 they contain cash transactions occurring to January 15, 1958. The statements of this report are compiled to reflect as near as possible the condition of the town of Kittery as of January 15, 1958, with adjustment to reflect Note Payable and Cash Balances.

The accompanying balance sheets and related exhibits and schedules were compiled to reflect the affairs of the Town of Kittery. Due to the fact that transactions taking place from January 1, 1957 to January 15, 1958 are included, we can only state that all cash transactions have been properly accounted for and that the cash received by the Town of Kittery has been disbursed on Selectmen's warrants or is on hand or deposit.

The statements reflected in this report are subject to all the foregoing comments.

REPORT OF THE HEALTH OFFICER

January 2, 1958

Board of Selectmen

Kittery, Maine

I hereby submit my report as Health Officer for the Town of Kittery for the year 1957.

This year we only had 58 reported cases of contagious diseases. We hope this large decrease is somewhere near accurate and not the result of the failure of parents to report all contagious diseases to their local health officer although the disease is not quarantinable.

Reported cases for the year are as follows:

G. Measles	43
Mumps	6
W. Cough	1
C. Pox	7
S. Fever	1

Total	58
-------	----

There were several clinics held throughout the year in our town for the various inoculations and examinations.

Numerous sanitary conditions were reported and remedied with the exceptions of one case still pending State advisement.

School permits issued far exceed those of last year.

Respectfully submitted,

C. W. KINGHORN M. D.

Health Officer

**REPORT OF
THE PUBLIC HEALTH ASSOCIATION FOR 1957**

Total visits for the year	3424
For bedside care and treatment	1750
Preschool health visits	862
Schoolage health visits	323
Adult health visits	154
Visits in behalf of patients	213
Cases admitted to service	198
Cases discharged from service	179
Full pay visits	1090
Part pay visits	367
Free visits	293
No charge visits	1674
Well child clinics held	11
Children attending	907
Average attendance	82
Triple toxoid given	217
Salk Polio vaccine given	495
Smallpox vaccinations	90
Physical examinations	67
Fees received from patients	
Full Pay	\$1622.75
Part pay	352.50
Well child clinics	149.05
In memory of Mr. Hugh Boyer	10.00
Total	\$2134.30

This amount was turned over to Mr. Alfred Sterling, Treas.

The Public Health Association is a non-profit organization partially supported by the Town. Two full time Registered Nurses are employed. It is controlled by board of directors, the officers for 1957 were:

President — Mrs. Lester Tobey
Vice President — Mrs. Franklin Wilson
Secretary — Mrs. Alexander Farley
Treasurer — Mr. Alfred Sterling

Services to the residents of the town are as follows:

1. Bedside nursing care and treatment, of any type, ordered by the family physician in the patient's home.

2. Teaching members of the patient's family to care for ill member between nurse's visits, also instructions in infant and child care to young mothers.

3. State and town work in handicapped children's service, checking contacts of tuberculosis and venereal diseases to prevent spread of disease and to see that treatment is received.

4. Welfare work for needy families, cooperation with Town and State officials to obtain help where needed.

5. Well child clinics.

The services of both nurses were given at two Salk Polio Vaccine clinics, sponsored by the school department. These clinics were held at Traip Academy on January 15 and May 28. A total of 901 children were given third, or booster shots.

Well child clinics were held in the Nurse's office at the Town Hall on the third Wednesday of each month except January, when because of severe weather it was necessary to cancel. These clinics were very well attended with an average attendance of 82. This is in comparison with 28 average in 1956. Children from infancy to school-age are given physical examinations, free of charge. Triple toxoid immunizations for whooping cough, diphtheria and tetanus and vaccinations for smallpox are given for a fee of fifty cents to cover cost of medication. Salk polio vaccine is given, at the present time, free of charge because the vaccine is furnished by the state. Any child from six months to nineteen years will be given first and second shots, one month apart and the third, or booster shot seven months after the second was received. Dr. Thomas Conroy M. D. was the attending physician at these clinics. Volunteer workers, to whom we are greatly indebted were: Mrs. Halle Nau, Mrs. Teresa Tobey, Mrs. Mary Cassell, Mrs. Elizabeth Hoyt, Mrs. Myrtle Rankin R. N., Mrs. Dorothy Wingert, Mrs. Jane Bonsaint, R. N., Mrs. Ruth Bouffard, Mrs. Catherine Murphy and Mrs. Virginia Prince, R. N.

The women of The Fix-it Club of the Methodist Church deserve the thanks of the town for their wonderful work during the past year. They have mended, cleaned and remodeled second-hand clothing for the use by our needy families. They also donated hand-knit mittens and infant apparel. Other clothing and numerous household articles received from citizens of the town were distributed by us, where needed, this has been a saving of the taxpayers money.

During November the nurses made a survey of the town to find needy families, to check addresses and ages of the children. During the holiday season we acted as clearing house for citizens and organizations wishing to contribute food and gifts to these families. It is my sincere hope that no needy family was overlooked. The names of individuals who donated are too numerous to list in this report but I would like to express my appreciation to them and to the following organizations who did much to make the holiday season happier for many of our needy, ill and elderly people—The American Legion Auxiliary, Wentworth Dennett P.T.A., Shapleigh P. T. A., Frisbee P. T. A., Methodist Church Sunday School, Veterans of Foreign Wars, Salvation Army, Portsmouth Lodge of Elks, several Boy and Girl Scout Troops, York Rainbow Assembly No. 23, The Evening Guild of the Methodist Church, Naval Shipyard Party Committee and Marine's Toys for Tots Group.

Services of the nurses are available to anyone residing in Kittery or Kittery Point. Treatment is carried out under the direction of the family physician. A fee of \$1.50 per visit is charged if the family is financially able to pay. Part pay or free service is given when necessary but no call is refused and the same service is given regardless of ability to pay. Calls are received at the nurse's office Tel. I.D. 9 - 0776 each weekday from 8 to 9 a. m. or by calling Cole's Drug Store Tel. I.D. 9 - 0607.

On behalf of the Board of Directors, Mrs. Frances Orr, R. N. and myself I wish to express our appreciation to all that have helped in any way to advance the work of the Public Health Association.

Respectfully submitted,

Esther H. Linscott R. N.

REPORT OF MEMORIAL FIELD COMMITTEE

To the Selectmen and Citizens of Kittery, Maine:

Financial Statement

Appropriation		\$1,000.00
Paid for Equipment and Material	86.51	
Lights	16.14	
Labor	197.80	
Fuel	8.97	

ANNUAL TOWN REPORT

45

Fill & Loam	212.74
Fence	418.80
Gravel	11.50
Cutting Grass	24.63
Insurance	22.91

Expended	1,000.00
	0,000.00

During 1957 the following work was accomplished at the Field:

1. Reconditioned baseball diamond.
2. Installed a men's room in the building at East end of Field House and shingled and painted this building.
3. Purchased 200 feet of Security Fence.
4. Widened Football Field approximately 15 feet.

Due to the exceptionally dry Summer it will be necessary, during 1958, to re-seed and spread loam on the football field. Also, some work will be necessary on the baseball diamond.

Respectfully submitted,

EDWARD E. SHAPLEIGH, Jr.

Chairman

REPORT OF THE SCHOOL PLANNING BOARD

To the Citizens of the Town of Kittery:

Early in 1957 this committee followed through, with the help and cooperation of the superintendent of schools and teachers throughout the town, on a preschool census. from the census and past records of experiences of Kittery Schools, a steady influx should be noted in the oncoming years.

It will be necessary to increase rooms at Traip Academy to handle incoming classes. Although the elementary schools were sufficient for the year 1957, they will have reached a near peak capacity by the fall of 1958; extra classrooms will be required.

The assistance given to our Board by the superintend-

ent of schools, the school board and teachers throughout Kittery is gratefully acknowledged.

Respectfully submitted,

Joseph Frost, Chairman

Norman Cook

Harold Durgin

Frank Estes

Mrs. Joseph Ilsley

Mrs. Perley Putnam

Theodore Weaver

REPORT OF THE KITTERY PLANNING BOARD

To the Citizens of Kittery:

Recent amendments to the Maine community planning law, under which the Kittery Planning Board was first established in 1956, require that the Board prepare and adopt a comprehensive plan for the development of the Town.

At the annual Town Meeting held on March 2, 1957, the citizens of Kittery voted to appropriate \$1,500 to enable the Board to undertake this responsibility. Since both Federal and State matching funds are available for town planning activities, the Selectmen were authorized at the same time to enter into a contract with the proper Federal and State agencies to secure community planning assistance grants. Federal planning grants are made available under provisions of Section 701 of the U. S. Housing Act of 1954.

Immediately following Town Meeting, the Kittery Planning Board began work on the planning program. One of its first jobs was to secure competent technical planning services. After interviewing several consultants, the Board retained the services of Planning and Renewal Associates of Cambridge, Massachusetts. Simultaneously, the Board began negotiations with the Maine Department of Economic Development which administers Federal and State planning money for the purpose of securing available matching funds with which to undertake the planning program which it had approved upon recommendation of its consultants.

The program which the Board approved and for which Federal and State matching funds have been requested can be grouped in three major categories. First, development

studies which will include (a) a review of the Town's population and economic growth, (b) an evaluation of its probabilities for future growth, and (c) an analysis of land development capabilities based on topographic, drainage, potential utility service areas, and major land ownership limitations. Second, land use surveys which will include (a) the analysis of land uses, community facilities, and traffic circulation, (b) the preparation of a general guide plan for future growth, and (c) the preparation of a report to the Town and several maps suitable for establishing the Board's findings and conclusions and for presenting a clear report to the annual Town Meeting on planning objectives for Kittery. Third, zoning studies which will include the development of zoning controls, zoning districts, and zoning procedures for Kittery to replace the present ordinance with a more effective text and map. Under the provisions of the Maine community planning law, the zoning ordinance must be drafted as an integral part of a comprehensive plan for municipal development, as well as for the promotion of the health, safety and general welfare of the Town's inhabitants.

On July 12, 1957, the Department of Economic Development submitted a request for Federal authorization and assistance for this planning work to the U. S. Housing and Home Finance Agency which approves Federal planning grants. Three days later, the Department approved State participation in the Planning Board's proposed program and executed a contract for financial assistance with the Selectmen on behalf of the Town. On November 7, the U. S. Housing and Home Finance Agency authorized Federal assistance, and a contract for the use of Federal planning grants in Kittery was executed with the State Department of Economic Development on December 17.

Meanwhile, the work program itself has moved ahead in spite of the always irksome but nonetheless necessary time interval required to process applications for Federal and State assistance. The planning Board has now secured an adequate base map of the Town. Copies have been given to both Fire Departments, the School Committee, the Town Clerk's office, the Road Commissioner, the Water District, and the Police Department. The map was prepared at a scale of 1000 feet to the inch from topographic survey sheets published by the U. S. Geological Survey and the U. S. Army Map Service. This map is now available for reference in the Town Hall. By the end of the year, the Board had also made arrangements to install a set of map panels at Town Hall where additional maps and plans

prepared during the course of its planning studies can be made readily available for use by the townspeople.

The Board has met twice a month during 1957 and has advised and worked with the Seapoint Beach Committee, the School Planning Committee, the Admiralty Village Cooperative Committee, the Budget and Finance Committee and has always been directly in touch with the Selectmen. A complete inspection of every highway and by-way with Planning & Renewal Associates was made during the summer; the Naval and Air Bases contacted for their respective plans and needs, and all are cooperating.

Traffic problems in Wallingford Square were discussed at a joint meeting with the merchants and Selectmen and action to solve these problems will be recommended to the townspeople as soon as studies of the Planning Consultants are received.

Takings by the State for Route now numbered 236 were reviewed in Augusta and one abutter helped.

Difficulties arising from the Hot Rod Club were brought before the Board by all parties involved and the difficulties turned over to the Police Department.

The Planning Division of the Maine State Development Department has been in constant touch with the Board and their advice and help, together with the literature and conferences of national planning bodies, has been of inestimable value. The Board is a member of the American Society of Planning Officials.

Open hearings will be held during 1958 on all aspects of the work and maps will be posted for inspection at the annual town meeting.

PROGRAM**

INFORMATION AND ADVICE AVAILABLE FROM MAINE FOREST SERVICE

**THE KITTERY POLICE DEPARTMENT REPORT
FOR 1957**

To the citizens of the Town of Kittery:

The year 1957 was a busy one for your Police Department. The Officers and dispatchers have done a very fine job and you may well be pleased with them. Your Police Department answered 725 complaints of various natures, 198 messages and requests were delivered, 156 accidents were investigated, 235 arrests were made. In routine checks of business establishments several doors and windows were found unlocked or open. Speed signs were erected in Admiralty Village to help reduce traffic accidents. A yield right of way sign was erected at the intersection of Whipple Road and Rogers Road by the State Highway Department at the request of this department. It is hoped that a traffic blinker be installed. Lectures have been given in schools and to other groups. Road blocks conducted from time to time.

To answer a question which I receive very frequently. The question, "Do we have a Juvenile problem in Kittery". We do not have such a problem. I believe that this is mainly due to the fine people that reside in this community.

It is our duty to help whenever possible, please feel free to call on us.

I would like to take this opportunity to thank the citizens of Kittery for their fine cooperation this past year and look forward to a continuance of same.

Respectfully submitted,

Charles E. Cutten

Chief of Police

REPORT OF SEA POINT BEACH COMMITTEE

TO THE CITIZENS OF THE TOWN OF KITTERY:

It is with a good deal of pleasure that we submit the following report:

Since the last Town Meeting, A Comfort Station has been erected on the land deeded to the Town by Mr. Alfred Tower.

Pipes have been laid and drinking water is now available at the beach.

This year the committee recommends:

(1) That more land be obtained for the construction of a parking area.

(2) A Custodian be appointed by the Committee, with police power, for the purpose of keeping the beach and the comfort station clean during the Summer season.

(3) That the beach be closed after darkness sets in, at an hour as determined by the Committee.

The following is a statement of Cash Receipts and Disbursements:

Receipts:

Balance on hand Jan. 1, 1957	\$907.65	
May 27, 1957, Check from Town	500.00	
July 3, 1957, Interest	11.34

The no-session signal, one long blast of the fire sirens, will be sounded at 6:30 A. M. for all schools. Stations WHEB, WTSN, WGAN, and WWNH will make no-school announcements as soon as possible.

The no-session signal, one long blast on the fire sirens, for the afternoon session of Junior Primary pupils will be sounded at 11:00 A. M.

Announcements will go out over radio stations, WHEB, WTSN, WGAN, and WWNH in case of emergency requiring the closing of schools during the day.

ROSTER OF KITTERY TEACHERS — January 1, 1958

Robert W. Traip Academy

Name of Teacher	Grade or Subject	Where Educated
Stanford I. Trask	Principal	University of Maine
Miss Joyce Stacy	Secretary	Traip Academy
True M. Bailey	Industrial Arts	Gorham Teachers College
Walter A. Borkowski	Physical Education	University of Maine
Leslie W. Brown	Mathematics	Bates College
Jackson L. Cannell	Social Studies	Dartmouth College
Sebastian J. Cultrera	Science	Colby College
Mrs. Jeanette S. DeWitt	French	University of Maine
Melvin H. Gay	Industrial Arts	Gorham Teachers College
Mrs. Caroline Johnson	Commercial	Bates College
Edward J. Logan	Mathematics	University of Maine
Giles Low	English	Plymouth Teachers College, UNH
Leonard D. McGinnis	Social Studies, Guidance	University of Maine
Russell K. Noyes	Science	University of Maine
Mrs. Lucy M. Pinkerton	English	Bates College
William G. Ramsden	Mathematics	Colby College
Mrs. Mary K. Ricker	Latin	Bates College
Mrs. Ardelle L. Robinson	Home Economics	Farmington Teachers College
Charles K. Rodis	Social Studies	Gorham Teachers College
Miss Lois E. Smith	Typing	Auburn School of Commerce
Frederick F. Soucy	Social Studies	University of Maine

Paul M. Stebbins	Commercial	Boston University
Mrs. Theresa J. Wentworth	English	St. Joseph's College
Stanley A. Willard	Chemistry, Physics	Betheny College
Miss Georgianna M. Wilson	Commercial	Nasson College
Miss Laura M. Wilson	English	University of Maine

SPECIAL

A. Irving Forbes	Music Supervisor	Oberlin Conservatory of Music
Mrs. Ruth P. Harriman	Art Supervisor	Boston School of Practical Arts
Everett L. Keyes	Elementary Supervisor	Boston University
Mrs. Flora C. Majunder	Ass't. Music Supervisor	Boston University
Miss Janet T. Adams	Secretary, School Department	Traip Academy

FRANK C. FRISBEE SCHOOL

Clinton W. Phinney	Principal	Washington Teachers College
Mrs. Anna T. Averill	Grade II	Whitman College
Mrs. Louisa M. Blake	Grade III	Gorham Teachers College
Mrs. Thelma Brewster	School Clerk	Caribou High School
L. William Brown	Junior High	Gorham Teachers College
Robert A. Brunelle	Junior High	Gorham Teachers College
Mrs. Elizabeth W. Chapman	Grade VI	Gorham Teachers College
Mrs. Geraldine F. Chase	Junior High	Colby College
Mrs. Lillian P. Dennett	Grade I	Gorham Teachers College
Mrs. Gertrude K. Drinkwater	Grade VI	Gorham Teachers College

Name of Teacher	Grade or Subject	Where Educated
Mrs. Caroline C. Foley	Grade V	Gorham Teachers College
Mrs. Verna M. Frisbee	Grade IV	Gorham Teachers College
Miss Geneva M. Frost	Junior High	Washington Teachers College
Mrs. Muriel M. Getchell	Grade I	Keene Teachers College
Mrs. Rose S. Hanrahan	Grade II	LeMoyne College
Mrs. Nancy K. Johnson	Grade V	Plymouth Teachers College
Mrs. Marguerite W. Jones	Grade III	Colby College
Mr. Robert Mead	Junior High	Farmington Teachers College
Mrs. Tressa G. Morse	Junior High	Aroostook Teachers College
Miss Emily M. Mower	Grade III	Washington Teachers College
Earl H. Peabody	Junior High	Washington Teachers College
Mrs. Sylvia L. Peabody	Junior High	Washington Teachers College
Mrs. Katherine L. Reichenbach	Grade I	Gorham Teachers College
Miss Bettian Scripture	Grade IV	Keene Teachers College
Mr. Louis Smith	Junior High	University of Maine
Mrs. F. Elizabeth Spurr	Junior Primary	Gorham Teachers College
Mrs. Sylvia C. West	Junior Primary	Farmington Teachers College
Carl L. Wing	Junior High	Farmington Teachers College

HORACE MITCHELL SCHOOL

Miss Sadie M. Dearborn	Principal, Grade I	Boston University
Mrs. Marjorie S. Archibald	Grade II	Salem Teachers College
Mrs. Gladys N. Clark	Grade III	Farmington Teachers College
Mrs. Dora D. Evans	Grade V	Gorham Teachers College

Mrs. Dorothy D. Gray	Grade VI	Plymouth Teachers College
Mrs. Sarah T. Leuba	Grade I	Keene Normal School
Mrs. Bertha E. Mugridge	Junior Primary	Gorham Teachers College
Mrs. Alice S. Tobey	Grade IV	Gorham Teachers College

HARRIET SHAPLEIGH SCHOOL

Mrs. Dorothea P. Goodrich	Principal, Junior Primary	Wheelock College & Columbia Tea.
Mrs. Phyllis Flagg	Grade VI	University of Maine
Mrs. Bernice C. Grover	Grade II	Perry Kindergarten Normal
Miss Helen Holmes	Grade I	Wheelock College & Columbia Tea.
Mrs. Ruth Horton	Grade III	Gorham Teachers College
Miss Barbara F. Moulton	Grade I	Gorham Teachers College
Mrs. Maisie M. Searles	Grade II	Gorham Teachers College
Mrs. Shirley A. Rockwell	Grade V	Gorham Teachers College
Mrs. Pauline L. Talpey	Grade III	Gorham Teachers College
Mrs. Lila A. Walsh	Grade IV	Gorham Teachers College
Mrs. Marjorie N. Young	Grade IV	Farmington Teachers College

WENTWORTH DENNETT SCHOOL

Mrs. Mamie H. Varney	Principal, Grade VI	Farmington Teachers College
Miss Joyce L. Emery	Grade IV	University of Maine
Mrs. Marion F. Hopkins	Grade IV	Gorham Teachers College
Mrs. M. Elizabeth Hoyt	Grade V	University of New Hampshire
Mrs. Verna H. Kimball	Junior Primary	Aroostook State Normal School

Name of Teacher	Grade or Subject	Where Educated
Mrs. Ruth F. Parsons	Grade III	Farmington Teachers College
Miss Helen L. Sevey	Grade I	Boston University
Mrs. Alice R. Shea	Grade II	Lowell Teachers College
Mrs. Anna C. Smart	Grade V	Gorham Teachers College

Cost per pupil	213.64			210.70	212.79	240.37	217.79**	

*The total expenses listed for the American Legion Hall and the Austin School were added to the total expenses for Shapleigh School in figuring the per pupil cost of education as Legion and Austin Schools were discontinued in the spring of 1957, and the enrollment has been absorbed at Shapleigh School.

**Average cost of education for elementary pupil—1957.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Kittery:

It is usual to give most of the space in a report of this kind to discussion of school matters of immediate interest and to the matters which will require most attention in the year ahead. Before doing this, it is well to take a brief look at the size of the pupil body to be educated and at the faculty numbers and building facilities available to provide the education being offered to our young people. We need, also, to consider the kind of job that the school system undertakes to do.

As of January 1, 1958, we find 1544 pupils in elementary schools and 407 in our secondary school, a total of 1951. (The school year began with a total of 2000 and the enrollment on January 24, 1958 was 1988, giving an indication of the up and down changes in numbers taking place in Kittery during a school year.) To teach this body of pupils, we have fifty-five elementary teachers and principals, twenty-five secondary teachers, including the principal, an elementary supervisor, a music director and a music supervisor and an art supervisor. A school nurse is also employed. There are fifty-five elementary classrooms, including four which are substandard or temporary, a combination auditorium-gymnasium at Frisbee School and a large all-purpose room in the new school at North Kittery. There are sixteen regular classrooms at Traip Academy, besides two shops, two science laboratories, one home economics laboratory, one typing and two business machines rooms, two library rooms, one music room, one art room and the auditorium-gymnasium. To care for the five elementary and the Traip Academy buildings, twelve regular custodians are employed. To convey elementary pupils to school, seven buses, each with a carrying capacity of about forty-eight pupils, are contracted for. A hot lunch program employing twelve regular paid workers, is offered, with PTA sponsorship, in all elementary schools.

Each elementary school has a junior primary and pupils in all of the first six grades. All junior high school pupils, or pupils in grades seven and eight, attend Frisbee School. The enrollment table in this report shows the distribution in grades and schools.

The curriculum, or in plainer words, the studies and learning experiences which are offered in the elementary schools center around the communication arts, meaning

expression in and understanding of speech, reading, writing, art and music; around arithmetic; around science; around social studies or learning about the history and geography of our state, nation and the world and about the ways in which people live; and around physical education, or knowledge of and proper development and care of the body. Spelling is taught separately, but is a part of learning to communicate and to understand ideas expressed in writing. In the process of learning all of these things, children learn and teachers give much time to teaching them about thinking for themselves, working by themselves and for themselves, taking responsibility for their own actions, getting along with others, working with others to accomplish things for their groups, respecting property, conserving things of value and behaving in accordance with rules generally accepted by people everywhere.

In the secondary school, all students continue the study and practice of communication arts, this being mainly in English, which continues reading, writing and speaking, the reading being in the literature produced by acknowledged masters. All students study United States history while in the secondary school.

Beyond the study of English and history, a high school student may select some special field of work. If he selects the college preparatory field, he will find that mathematics, science and foreign language are required, but he will also find that the quality of work required for successful accomplishment is high. Colleges which grant admission will base it more on quality of achievement than on the number of subjects studied.

In the business field, the special business subjects take the place of some college preparatory subjects. Likewise, each other field of work available in the secondary school offers special subjects. In all fields, quality of work performed is the most decisive indication of how much the student is putting into his school work and how much he is getting out of it. The quality of work is reflected in the grades given by teachers on report cards sent to parents. For those who are interested, more information about studies and fields of studies offered at Traip Academy can be had from a visit to the school or discussion with the principal and faculty members. The report of the principal, found elsewhere in this **Annual Report**, covers several significant phases of the secondary program.

Through meetings of principals, teachers and supervisors of the elementary and secondary schools, and discussion and work together, the programs in each are planned and adjusted to help prepare elementary pupils for work in the secondary school, to help them to plan for making a choice of field of study and to help make the transition from elementary to secondary school as easy as possible.

In trying to keep parents informed about the progress of their children in the elementary schools, a new report card was introduced this year. It indicates the accomplishment of a child in a subject by a letter grade of A. B. C. D. or E. each letter standing for a degree of achievement as explained on the report itself. This system of reporting establishes a passing mark and work which does not earn a passing mark is considered unsatisfactory and may lead to non-promotion in a grade. A new report card, very like the new elementary school report card, was introduced at Traip Academy last year.

Promotion from grade to grade in the elementary school is based on more than one factor, but, in general, pupils are not promoted if their work is unsatisfactory and if, in the judgment of the teacher, it is in the best interests of these pupils to repeat grades. Decisions about promotion are among the most serious responsibilities of the teacher. A question in the teacher's mind about the promotion of a pupil is not often one that arises late in the school year. Incomplete work or work of poor quality is usually observed long before the end of a school year and is indicated on reports to parents. The teacher has time to observe and to help the pupil and to study the problem. The teacher usually goes over the child's work with the supervisor and with the principal before coming to a final decision. If it is her decision that the child will be benefited most by being held in the same grade, the pupil will not be promoted.

The schools get virtually all of the children of all of the people. It is our American belief that every individual has a right to development of his talents to their utmost capacity and that our American society will be the better and stronger if they are so developed. All pay taxes to secure the benefits of education for their own children as well as for society at large. Consequently, people look to their schools to do whatever can be done, within the means at their command, to educate the children, whether they be slow learners, gifted with brilliant intellects or physically or mentally handicapped.

The foregoing is an outline, in brief, of the physical dimensions of the school facilities in Kittery and an outline, also in brief, of the job which the schools undertake to do. Let us now turn to a discussion of some of the things needing to be done and to some discussion of the budget recommended for this fiscal year.

An adequate number of classrooms and an adequate number of teachers are important in setting the stage for a good educational program. Completion of the new North Kittery School added nine new elementary classrooms and permitted abandonment of five temporary or substandard classrooms, giving up of half day sessions being held in two classrooms, the employment of an additional teacher and leaves one vacant classroom at the present time.

Study of our present enrollment figures, with attention to the numbers finishing school and with regard to the numbers expected to enter in the years just ahead indicates a need for more classrooms in the very near future. Rooms must be ready and teachers on hand when the pupils arrive or crowding results.

The survey of preschool children made last spring does not indicate as large an enrollment in the junior primary grade in the fall of 1958 as in previous years, but the results lead us to expect the junior primary enrollments in the following three years to be as high as in the past three years. The survey count does not include children whose parents expect to move away before the children enter school.

Planning on enrollments of not more than twenty-five in junior primary and first grades and on not more than thirty pupils in the other elementary grades, two more teachers will be needed this coming fall. Only one classroom is available, leaving us in need of one more classroom than we have. Actually, it would be highly beneficial to the pupils in grades two and three if class enrollments could be kept to not more than twenty-five. These are the foundation years of a child's formal education. It is true, too, that pupils in all grades would benefit if class sizes could be kept down to a point where teachers would have more time for individuals but, because of the impact of rapid increases in enrollment through the past several years, a policy of assigning up to thirty pupils per room has been in effect. As most elementary classrooms in Kittery are of minimum size, smaller classes would be advantageous. This situation can be improved when more classrooms and teachers can be provided.

The survey of children of preschool age, a survey which was very carefully taken in a house to house canvass, brought out the following figures:

Eligible for entrance to school in the fall of 1957	176
Eligible for entrance to school in the fall of 1958	121
Eligible for entrance to school in the fall of 1959	174
Eligible for entrance to school in the fall of 1960	168
Eligible for entrance to school in the fall of 1961	246

IT SHOULD BE OBSERVED THAT ACTUALLY 208 JUNIOR PRIMARY PUPILS WERE ENROLLED DURING THE FIRST WEEK OF SCHOOL LAST FALL INSTEAD OF THE 176 FOUND IN THE SURVEY OF LAST SPRING. This is a repetition of our experience in previous years. When school has actually opened, we have had about twenty per cent more beginning pupils than we have ever been able to find when making a count during the preceding spring.

It should also be observed that the numbers of children ACTUALLY COUNTED who are eligible to enter school each year beginning in the fall of 1959 are approximately as great as the numbers actually enrolled in each of our first six grades. It seems from the figures at hand that more classroom space should be planned for and soon. If, as has been said before in this report, children come to schools short of both classrooms and teachers, they will, at best, receive sub-standard schooling.

What has been written here regarding need for more classroom space has been based upon happenings of the past few years in Kittery and personal interpretation of the figures at hand. A more detailed study might lead to different conclusions but without the time or help which such a study would require, it is still the duty of school officials to report on school conditions and approaching needs in schools as they see them. Need for schoolrooms varies with employment on the naval base, with government policies affecting the movement and stationing of personnel, and with other factors. It is certainly not the wish of anyone that more schoolroom space be built than is needed to assure each child of a reasonably equal opportunity with every other child to secure a good education. A detailed study would be welcomed by the school department.

Our school building needs do not begin and end with the elementary grades. The report of the principal at Traip shows the need for planning for more rooms for our secondary students. The size of the elementary grades

completing grade eight in the next few years shows what may be expected in entering classes.

The school department budget presented for this fiscal year of 1958 estimates total expenditures of approximately \$50,000.00 more than were estimated for 1957. This increase is nearly all because of planned salary increases in accordance with the salary schedule placed in effect last year and employment of additional teachers in the elementary grades and at Traip Academy. There is also the increased cost of operation because of another building—the new school at North Kittery. Maintenance costs of elementary schools are estimated to be less than last year.

Where teachers' salaries are concerned, the chief difference between our schedule in Kittery and the schedules in other communities in this area of like size and means, is that teachers in Kittery can look forward now to better salaries as they gain in training and experience. In most other communities of like size and means teachers are being paid as well as they are paid in Kittery, but they do not have as much to look forward to. Our schedule is of more help in keeping teachers and in attracting those who wish to stay in one community for more than one or two years.

The budget as planned is based on the assumption that receipts from the federal government will be the same as in 1957. Actually, at the time this is being written, it is impossible to know just what funds will be received. The last government sale of property in Admiralty Village affects these figures to an extent yet to be determined and the total amount will vary with the average daily attendance of pupils. It is expected that a firmer figure will be available by the time of the annual meeting.

Complicating our problem where federal funds are involved, is the budget recommendation of the administration in Washington that federal payments be reduced and finally eliminated for children whose parents work on federal property but do not live on federal property. Such action on the part of the federal government, if based on our situation during the 1956-57 school year, would eventually lead to loss of \$68,960.79 of federal funds per year.

Action in the last regular session of the legislature and action at the special sessions since have placed a new education subsidy law in effect in Maine. Under its terms, Kittery may expect state subsidy to continue at its approximate present level but without the previous percentage of support for increasing operational expenses. The new law aims at encouragement, through greater subsidies,

of larger administrative districts in which all school properties cease to belong to individual towns and become the property of the districts, each of which may be made up of several towns. Taxes for school purposes are to be levied on each town in a district in proportion to its valuation. Control will be administered by a committee or board made up of representatives from all towns in the district. While the new law may be financially helpful and educationally advantageous to many smaller towns and to some of Maine's larger cities, it appears to offer less to towns of the size of Kittery or to the smaller cities in the state. Kittery is not forced by law to join in the formation of a new district and it appears wise for the town to continue in its association with York in a School Union, at least until further study and surveys show more evidence of advantage in making a change.

Due to the space required to deal with our most important school matters, no detailed report on building maintenance or repairs will be made here. The septic tank and drainage field planned for the past three years at Mitchell School was finally completed satisfactorily. Other maintenance work was mostly routine. Plans for 1958 include tarring and hardtopping at all of the elementary schools, completing some work which was planned but not done in 1957 and adding some hard surfacing at the new school in North Kittery. Hard surfacing not only improves bus approaches but helps keep buildings cleaner and also reduces maintenance costs on floors which are quickly worn when dirt and gravel are brought in directly on pupils' shoes.

In concluding this report, gratification must be expressed for the understanding cooperation of the people who make up the teaching staffs, the principals, supervisors, the school nurse, custodians and bus drivers. If space and time permitted, there is much of interest that could be written about the work of all of these people. As is usually the case where the jobs of others are concerned, these people work harder and perform more services than are generally thought about.

Many enjoyable contacts were made between school personnel and parents and citizens in 1957. The kindness and understanding of people in general, where school matters have been the subject of study or discussion, have been especially noticed and much appreciated.

Respectfully submitted,

CHARLES L. PUFFER

Superintendent of Schools

**REPORT OF THE PRINCIPAL
ROBERT W. TRAIPI ACADEMY**

From: Stanford I. Trask, Principal, Robert W. Traip Academy

To: Joint Committee for Robert W. Traip Academy

The following constitutes what I sincerely hope will be the first of many annual reports. This report will cover the following areas: Faculty, Student Body, Program of Studies and School Plant.

The nucleus of a good school is the teaching staff. All other facets, such as administrators, school plant and teaching aids are tools of the teacher. I commend the faculty of Robert W. Traip Academy for their high but just academic standards, interest in professional growth, unity of purpose and inspiration to our student body. The acquisition of such qualified personnel represents long hours of analyzing of credentials, interviewing prospective candidates and making value judgments. With the shortage of qualified teachers in most subjects areas, especially mathematics and science, and the elevation of education in our country nearer to its proper stature, the task of replacing the normal and desirable turnover with at least equally competent teachers is a most difficult task.

In contrast to most schools in the State of Maine, schools within a radius of forty miles of Kittery can offer enticements in excess of those offered elsewhere in the State of Maine. For all practical purposes, Kittery is not competing with Maine towns for teachers but with wealthier New England towns, and presently, Kittery is faring very well. The citizens of Kittery can be justly proud of their teaching staff.

The student body of Traip Academy is a credit to the community. They are fine young ladies and gentlemen with above average moral standards, intellectual curiosity, and seriousness of purpose. Their loyalty to their school and their pride in the "Traip Standard" is exemplified by their overall conduct and respect for the rules and regulations that have been designed to make their school "second to none."

Enthusiastic teachers and receptive students must have a program of studies that will allow each individual student to develop as rapidly as he can, or as slowly as he must.

The Traip program of study is twofold: the preparation of the terminal students for adult living and giving the proper foundation to students who anticipate higher education. The program of studies offers the required subjects for entrance to any college plus the subjects most terminal students would study in any high school, other than a vocational secondary school.

Today, high school students have much more to learn in their four years of secondary school than they did twenty years ago, and the future will require secondary curriculum to make constant adjustments to allow the students a background to cope with the world they will be forced to face. In the field of history, they have all of World War II; in the field of mathematics, they will soon be taught sets, symbolic logic and syllogisms; and in the field of science, we can only dream of the advancements in store for us. In addition to the adding of more material to the standard subjects, justifiable pressures are constantly being applied to our schools to add new subjects, such as driver education, first aid, civil defense, woods safety, etc. Constant revision of the curriculum is a must in our secondary schools today.

The Traip Academy social studies teachers are reviewing the social studies program and an evaluation of the present social studies program will be made before the conclusion of the present school year. With the sudden emphasis placed on science, the secondary schools are asking themselves, "How can we improve our present science program?" The Massachusetts Institute of Technology in Boston, Massachusetts is instigating a study that will revise the secondary physics syllabus. Curriculum studies are going on at Traip Academy and will continue to do so in the future. Changes in the present program will not be made simply to make a change, but they will be made to provide better

educational opportunities for the students of Traip.

The present school plant is basically sound and no major repairs are needed in the foreseeable future. Yearly summer repairs will keep the main building in its present good condition for many years. There is the problem of enough rooms to meet the enrollment in the next two years. At the present time, we are using all the rooms except for eleven class periods a day. This figure will be reduced to one or two class periods a day during the school year 1958-59. In 1959-60, we will be forced to return to the basement rooms of the main building.

The enrollment at Traip Academy at the beginning of this year was 422, which is only two over the projected enrollment which was so ably done last year by Mr. Joseph Petroski. The study estimated the 1958-59 enrollment would be 450, but due to an increase of 30 students in the present eighth grade over last year, our best estimates lead us to believe we will have an enrollment of 480 next year; 535 in 1959-60 and 550 in 1960-61. In view of the new method of evaluating Maine secondary schools, the present facilities will not house this increased enrollment.

Listed below are a few situations that will arise within the next two years:

1. Two teachers will have to rotate from room to room to do their teaching.
2. The home economics room will have to be enlarged to meet accreditation.
3. A larger room will have to be added to the library to house the number of library books required for accreditation.
4. The physics and chemistry labs will have to be used for study halls.
5. The commercial rooms will not be adequate for the increased enrollment in the commercial subjects.
6. The assistant principal should have an office to meet with both students and parents.

I recommend that the School Planning Committee study the needs of the secondary school plant with regard to the increasing enrollment.

I would like to express my appreciation to the Board of Trustees and the Joint Board for their fine cooperation and extend my sincere thanks to Mr. Puffer for his excellent cooperation and professional leadership.

Respectfully submitted,

Stanford I. Trask

**REPORT OF THE KITTERY SCHOOL BUILDING
COMMITTEE FOR THE NEW NORTH KITTERY SCHOOL**

Subsequent to our report on the school building projects at North Kittery in 1957, the Committee, acting on the recommendation of the architect and with advice from the town's attorney, terminated the contract with Ralph W. Bean for general construction of the North Kittery Elementary School for failure to meet some specifications in the contract. The Bonding Company was notified of this action and engaged Consolidated Constructors of Portland to complete the contract. The contract with Ralph W. Bean, Inc., for construction of the three-room Addition was terminated for like reasons and the Bonding Company engaged Littlefield Brothers of North Berwick to complete the work on the Addition. The contract between the Bonding Company and Littlefield Brothers met with the approval of the Housing and Home Finance Administration.

Before the building was accepted as substantially completed on September 20, 1957, several difficulties arose which required meetings with representatives of the Bonding Company and the Building Committee. Agreements were reached which the Committee feels were very much in the best interests of the Town.

Schools opened in the original building about June 1 and in the Addition on September 23, 1957. Since then, trouble has developed in some places but as the building is guaranteed for a period of one year from date of substantial completion, it is felt that satisfactory agreements for correction can be reached with the Bonding Company.

Respectfully submitted,

S. H. Wells Moulton

Leon E. French, Jr.

Edwin R. Goodnough

Frank R. Kauffman

Carroll H. Sterling

Warrant for Annual Town Meeting

AND RECOMMENDATIONS OF THE BUDGET AND FINANCE COMMITTEE

State of Maine

York ss:

To Charles E. Cutten, a constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the Inhabitants of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 1st day of March, 1958, A. D. at seven forty-five o'clock in the forenoon to act on the following articles, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, Selectmen, Assessors, Overseers of the Poor, Treasurer, School Committee, Budget Committee and all other necessary town officers for the ensuing year.

THIRD: To see if the town will vote to recess this meeting to the Traip Academy Auditorium at two o'clock in the afternoon, March 1, 1958 to consider the rest of the articles in the warrant.

FOURTH: To see what sum of money the town will vote to raise for Administrative Expenses.

The sum of \$16,800.00 is recommended.

FIFTH: To see what sum of money the town will vote to raise for Officers Salaries.

The sum of \$11,900.00 is recommended.

SIXTH: To see what sum of money the town will vote to raise for Public Works.

The sum of \$46,000.00 is recommended.

SEVENTH: To see if the town will vote to purchase a new Road Grader, turn in the old one and raise a sum of money for the same.

Disapproval of this article is recommended.

EIGHTH: To see if the town will vote to purchase a new pick-up truck, turn in the old one and raise a sum of money for the same.

Approval recommended and the sum of \$1,500.00 be raised.

NINTH: To see if the town will vote to purchase a new Jeep Truck with Plow and raise a sum of money for the same.

Approval recommended and the sum of \$2,850.00 be raised.

TENTH: To see what sum of money the town will vote to raise for State Aid Road Construction.

The sum of \$3,198.00 is recommended.

ELEVENTH: To see what sum of money the town will vote to raise for the maintenance of the Police Department including the Central Office.

The sum of \$36,500.00 is recommended.

TWELFTH: To see if the town will vote to purchase a new Police Patrol Car, turn in the old vehicle and raise the sum of \$800.00 for the same.

Approval recommended and the sum of \$800.00 be raised.

THIRTEENTH: To see what sum of money the town will vote to raise for Street and Traffic Lights.

The sum of \$9,800.00 is recommended.

FOURTEENTH: To see what sum of money the town will vote to raise for Aid to Dependent Children.

The sum of \$500.00 is recommended.

FIFTEENTH: To see what sum of money the town will vote to raise for Support of Poor.

The sum of \$14,000.00 is recommended.

SIXTEENTH: To see what sum of money the town will vote to raise for the employment of a Public Health Officer.

The sum of \$800.00 is recommended.

SEVENTEENTH: To see what sum of money the town will vote to raise for the maintenance of the Fire Departments.

The sum of \$12,079.00 is recommended.

EIGHTEENTH: To see if the town will vote to purchase a new siren for the Kittery Fire Department and raise the sum of \$1,100.00 for the same.

Approval and the sum of \$1,100.00 is recommended.

NINETEENTH: To see what sum of money the town will vote to raise for Hydrant Rental.

The sum of \$10,670.00 is recommended.

TWENTIETH: To see what sum of money the town will vote to raise for Common Schools.

The sum of \$181,674.78 is recommended.

TWENTY-FIRST: To see what sum of money the town will vote to raise for the Maintenance of School property.

The sum of \$18,451.96 is recommended.

TWENTY-SECOND: To see if the town will vote to authorize the Superintending School Committee to contract with and pay a sum not to exceed the amount raised for a Free High School, to the Trustees of the Robert W. Traip Academy, for the tuition of its pupils in accordance with the provisions of Section 105, Chapter 41 of the Revised Statutes of 1954, or any amendments thereto.

Approval recommended.

TWENTY-THIRD: To see what sum of money the town will vote to raise for a Free High School.

The sum of \$89,171.86 is recommended.

TWENTY-FOURTH: To see what sum of money the town will vote to raise to pay its debt.

The sum of \$25,660.00 is necessary and recommended.

TWENTY-FIFTH: To see what sum of money the town will vote to raise to pay interest on its debt.

The sum of \$6,222.00 is necessary and recommended.

TWENTY-SIXTH: To see if the town will vote to authorize the Selectmen and Treasurer to procure temporary loan or loans in anticipation of taxes for the purpose of paying the obligations of the town, said loan or loans to be paid during the current municipal year out of money raised during the current municipal year by taxes.

Approval recommended.

TWENTY-SEVENTH: To see what sum of money the town will vote to raise to pay interest on temporary loans.

The sum of \$3,500.00 is recommended.

TWENTY-EIGHTH: To see what sum of money the town will vote to raise for the purpose of spraying for Gypsy Moths and for spraying to Destroy Bushes along the town ways as requested by the Department of Agriculture.

The sum of \$1,200.00 is recommended.

TWENTY-NINTH: To see what sum of money the town will vote to raise for Development Work at Fort McClary Park.

The sum of \$400.00 is recommended.

THIRTIETH: To see what sum of money the town will vote to raise for care of Parks and Greens and care of Veterans Graves.

The sum of \$400.00 is recommended.

THIRTY-FIRST: To see what sum of money the town will vote to raise for its share in the Employees Retirement Fund for the ensuing year.

The sum of \$3,000.00 is recommended.

THIRTY-SECOND: To see if the town will vote to accept the provisions of the Survival Benefit Program for town employees as passed by the last session of the Legislature.

THIRTY-THIRD: To see what sum of money the town will vote to raise for the employment of a Public Health Nurse.

The sum of \$4,000.00 is recommended.

THIRTY-FOURTH: To see what sum of money the town will vote to raise for the advertising of the Natural Resources, Advantages and Attractions of the State of Maine, to be paid to the State Publicity Bureau, in accordance with Chapter 91, Section 108 of the Revised Statutes.

The sum of \$150.00 is recommended.

THIRTY-FIFTH: To see what sum of money the town will vote to raise for Civil Defense.

The sum of \$1,700.00 is recommended.

THIRTY-SIXTH: To see what sum of money the town will vote to raise for the observance of Memorial, Veterans and other Patriotic Days under the jurisdiction of the Veterans Council.

The sum of \$400.00 is recommended.

THIRTY-SEVENTH: To see what sum of money the town will vote to raise for the control of the Dutch Elm Disease.

The sum of \$500.00 is recommended.

THIRTY-EIGHTH: To see what sum of money the town will vote to raise for the maintenance and improvement of the town wharves.

The sum of \$1,000.00 is recommended.

THIRTY-NINTH: To see what sum of money the town will vote to raise for the maintenance and improvement of Memorial Field.

The sum of \$500.00 is recommended.

FORTIETH: To see if the town will vote to authorize the Selectmen to carry on the town's business during the period of closing the books December 31, 1958 and Town Meeting Day.

Approval recommended.

FORTY-FIRST: To see if the town will vote to raise the sum of \$1,500.00 and empower the Selectmen to enter in contract with the proper Federal and State Agencies for planning purposes as recommended by the Town Planning Committee.

Approval and the sum of \$1,500.00 is recommended.

FORTY-SECOND: We, the undersigned, petition to have a street light installed at the end of Dunlea Avenue. The foregoing upon petition of Alton Donnell and eight others.

Approval and the sum of \$23.50 recommended.

FORTY-THIRD: We, the undersigned, wish to petition the Board for an additional street light, to be installed at the north end of the line now in operation on the Dennett Road. The foregoing upon petition of Leonard A. Patton and thirteen others.

Approval and the sum of \$23.50 recommended.

FORTY-FOURTH: We, the undersigned residents of the Town of Kittery, request that a street light be installed on the southeast side of the Norton Road, at the entrance of Charles E. Doucette's driveway, and raise a sum of money for the same. The

foregoing upon petition of Blanche E. Doucette and seventeen others.

Approval and the sum of \$23.50 recommended.

FORTY-FIFTH: We, the undersigned residents of the Town of Kittery request that a street light be installed on the east side of the Martin Road, on Kittery Electric Light Pole No. 2-83-27; and raise a sum of money for the same.

Approval and the sum of \$23.50 be recommended.

FORTY-SIXTH: To see if the town will vote to waive the printing of an itemized list of disbursements in the town report.

FORTY-SEVENTH: To see if the town will vote to raise \$6,800.00 to build a road from Lewis Square in Kittery Point, from a point adjacent to the Kittery Point Fire Station to the eastern bounds of the Horace Mitchell School Playgrounds; said road to be thirty feet in width including a sidewalk four feet wide on the northerly side of said road; also a sixty foot by fifty foot parking lot in back of the fire station. The foregoing upon petition of Frank C. Estes and fifteen others.

The Budget Committee concurs with the recommendation of the Town Planning Committee as follows: Following a discussion with representatives of the Mitchell P. T. A., the School Board and the School Building and Planning Committee, the Town Planning Board does not recommend approval of this article as submitted. However the Planning Board does recommend that the town appropriate the sum of \$400.00 to secure competent engineering services to provide a survey of the proposed road, turn around and parking lot. Said road to be in conformity with the town standards for acceptance of roads and also explore the feasibility of improving the now existing right of way.

FORTY-EIGHTH: To see if the town will vote to sell a small triangular parcel of land from the so-called Manson Property adjacent to the First Baptist Church Property; measuring approximately 160 feet

by 96 feet by 258 feet. The foregoing upon petition of Herman M. Conley and ten others.

The Budget Committee concurs in the recommendation of the Town Planning Committee as follows: Approval recommended provided it does not interfere with the proposed new road leading to the Mitchell School and provided further that this land not be sold until final decision is rendered as to the lay out of the proposed road.

FORTY-NINTH: To see if the town will vote to raise the sum of \$4,000.00 for the purchase of 6½ acres of land, more or less, owned by Roscoe Anderson, said land to be used for the expansion of the Horace Mitchell School Playground (in the event that an addition is built on the school or a new school building is erected); said land being bounded on the south by the property of Roscoe Anderson, on the east by existing school property and the Freewill Baptist Church Cemetery, on the north by the old railroad bed, and on the west by the property of Byron Frisbee. The foregoing upon petition of Frank C. Estes and fourteen others.

The Budget Committee concurs in the recommendation of the Town Planning Committee as follows: Following a discussion with representatives of the Mitchell P. T. A., the School Board and the School Building Committee, the Planning Committee does not recommend approval of this article at this time.

FIFTIETH: To see if the town will vote to reconstruct a portion of Lemont Lane by reducing a large knoll to the extent necessary to eliminate the hazardous condition which now exists, and raise a sum of money for the same. The foregoing upon petition of Frank Farr and twenty-five others.

Disapproval recommended in concurrence with Town Planning Committee due to lack of engineering information and estimated cost of project.

FIFTY-FIRST: To see if the town will vote to authorize the Selectmen to use its highway equipment on the Goodwin Road, on Gerrish Island, within the town, whenever the Selectmen deem it advisable in

the best interest of the Town, for fire and police protection, as provided in Chapter 96, Section 32 of the Revised Statutes of 1954. The foregoing upon petition of Reid A. Eastman and fourteen others.

Approval recommended in concurrence with Town Planning Committee.

FIFTY-SECOND: To see if the town will vote to authorize the Selectmen to use its highway equipment on Cottles lane and its extension known as Gull Avenue leading from Government Street to Pleasant Street, whenever the Selectmen deem it advisable in the best interest of the town for fire and police protection, as provided in Chapter 96, Section 32 of the Revised Statutes of 1954. The foregoing upon petition of Albion Johnson and ten others.

Approved in concurrence with Town Planning Committee that work be accomplished with existing town equipment.

FIFTY-THIRD: To see if the town will vote to raise the sum of \$50.00 for decoration and maintenance of the Community Christmas Tree during the holidays.

Approval and the sum of \$50.00 recommended.

FIFTY-FOURTH: To see if the town will vote to accept the list of Cemetery Trust Funds to be presented at the Annual Town Meeting.

Approval recommended.

FIFTY-FIFTH: To see if the town will vote to authorize the Selectmen and Treasurer to sign Tax Liens and Deeds for the town.

Approval recommended.

FIFTY-SIXTH: To see if the town will vote to authorize the Selectmen to appoint a committee of seven members to act as a School Planning and Building Committee.

Approval recommended.

FIFTY-SEVENTH: To see if the town will vote to authorize the Selectmen to appoint a committee of

seven members for the care and improvement of Sea Point Beach and raise the sum of \$1,000.00 for the same.

Approval and the sum of \$1,000.00 is recommended.

FIFTY-EIGHTH: To see if the town will vote to authorize the Selectmen to initiate proceedings and enter into negotiations for the acquisition by the town of the marsh land directly behind and adjacent to Sea Point Beach presently owned by various share holders.

Approval recommended.

FIFTY-NINTH: To pass any other vote or votes that may legally come before said meeting.

The Selectmen give notice that they will be in session for the purpose of correcting the list of voters at the Selectmen's Office February 21, 1958 from 7:00 to 8:00 P. M. The polls will be open at 8:00 A. M. and will close at 12:30 P. M. The meeting for consideration of the articles will be called at 2:00 P. M., March 1, 1958 at the Traip Academy Auditorium.

Given under our hands this 19th day of February,
A. D. 1958.

REPORT OF THE SELECTMEN

TO THE INHABITANTS OF THE TOWN OF KITTERY:

The year 1958 has ended with unexpended balances of approximately \$16,000 which will be applied toward the 1959 tax rate.

The Navy in cooperation with the town has made Stoddard Street (navy yard entrance to number one gate) one way at all times inbound, which has helped the flow of traffic at Wallingford Square greatly.

The Bartlett Road has been accepted by the state as a state aid road and construction will start this year.

A great many adjustments have been made in the valuation of properties in the town which the board feels has resulted in more equitable assessments.

The mobile home situation has developed at an alarming rate the past year, a breakdown of which appears on page 53.

Clam Project at Brave Boat Harbor

During 1958 the Selectmen requested the State Department of Sea and Shore Fisheries to make a survey of the clam situation at Brave Boat Harbor. The purpose of this survey was to determine whether or not it was possible to bring the clams back in this area. The survey has been completed and the state believes that it is possible to restore the clam beds. With financial assistance of the town work on this project will be started in the spring. It is estimated that three years will be required before clams will reach legal size and at such time as the beds are open to digging some method of control will have to be placed in effect.

Admiralty Village Sewage System and Treatment Plant

In 1949 when the Town of Kittery accepted from The Public Housing Commission the Housing Project known as Admiralty Village, it became the responsibility of the town to furnish certain services among which was the maintenance and operation of a sewage system.

While the town has several sewer lines taking care of school buildings and catch-basins, the Admiralty Village System is by far the largest and most expensive to maintain and operate.

Actually there are two systems at this location, the first one takes care of the catch-basin or storm drains and this one discharges directly into Spruce Creek and requires no chemical treatment.

The second one takes care of all waste matter from the buildings in this area and while it empties like the first into Spruce Creek this one must be chemically treated before it enters said Creek.

A brief outline of this second system is as follows: The raw sewage from the entire area flows to a pumphouse located on Moore Street where two electric pumps controlled by float switches pump the raw sewage to an Imhof Tank located at the end of Phelps Street. Here it is chemically treated before it enters said tank and after the solids have settled in the digestive chambers of this tank the liquid (called effluent) is chemically treated and then discharged into Spruce Creek. This effluent is free of all odor and has a very low bacteria count.

These two factors have to meet the standards as set up by the State of Maine Water Improvement Commission.

The solid matter in the digestive chambers must be drawn off several times during the year. This solid matter goes to evaporation beds located in a "Greenhouse" where it dries and is then disposed of either by sale to farmers or gardeners or is used for fill.

Also at this location (Phelps Street) is a Service Building, where the equipment to apply the chemicals is located, recording instruments, testing apparatus and records are kept. This is also the headquarters for the operator and maintenance personnel.

The operation and maintenance of this sewage system requires the full time services of one man.

This year it has been necessary due to the age of equipment together with poor maintenance practices in the past, to make extensive repairs and replace several pieces of equipment, and while the condition of the system has been greatly improved, there is still several pieces of equipment that will have to be renewed.

The town has never made a direct appropriation for the expense of operation and maintenance of this system, depending upon the income from a service charge to each unit to meet these expenses.

The service charge in the past has been \$12.00 per year for each owner unit. Starting January 1, 1959 this charge has been increased to \$18.00 per year and with the help of a State Law effective last September, Chapter 279, P. L. 1957, making this charge mandatory, it is believed that expenses can be met in the future.

Welfare

The welfare appropriation of \$14,000 has ended with an unexpended balance of \$3,786.24.

This department gave us some trouble at first but we believe we have most of the weak points on a more sound basis than previously and expect no major change in the future.

The mothers' aid cases increased during the year from three to four which accounts for the necessary increase of the children's aid appropriation for the coming year, it also explains the necessary overdrawal this past year.

In regard to families asking for aid the head of the family must prove to the board that he or she will cooperate with the board in obtaining work either on the welfare rolls at small wages or a legitimate job elsewhere.

It has been found that rather than be on welfare rolls at small pay they will make a more sincere effort to earn their way elsewhere.

It would appear that wherever state aid is connected with town cases it is now inadequate to properly do the work it was originally intended, due to the inflation which has taken place since the law was enacted.

We have one or two cases that still require further work and consideration and will continue to press for satisfactory settlement of these cases with the state welfare department.

The welfare dept. has taken advantage of our share of surplus commodities during the past year and although it has not been of any financial help it has given the persons who benefit by it a little more help toward other things they need.

The welfare department received the following goods during the past year for distribution to qualified recipients. 99 lbs butter, 200 lbs rice, 166 lbs flour, 240 lbs dry milk, 100 lbs corn meal, 66 lbs cheese.

Town Farm

The Selectmen would like to bring to the attention of the townspeople a problem which exists. This briefly is, what to do with the Town Farm. The farm is made up

of two adjoining parcels of land consisting of approximately 70 acres. Located on this land is a fairly large house, in poor condition, and a very delapidated old barn.

Several years ago the use of this property for housing welfare cases was discontinued and since that time the property has been rented to various occupants. The house is far from desirable as rental property due to its poor condition and internal arrangement, being cut up into many small rooms. The second floor is completely unfinished and there is no central heat. From the basement one can look outdoors in almost any direction. Due to these factors and many others your Selectmen feel that a minimum amount of rent should be charged. However, during the past few years expenditures to keep this property barely habitable have exceeded income.

During the summer your selectmen in company with two local contractors thoroughly inspected the building to determine if it is economically feasible to convert this property into desirable income property. It has been estimated that this would cost a minimum of \$10,000 to accomplish. Even after this we would still have an old building.

We are placing this problem before the Town so that you may consider it during the coming year. By another year it will be absolutely necessary that the use of this building be discontinued or that a considerable sum be invested to completely rehabilitate it.

We wish to express our appreciation to the many committees who have so generously given of their time and effort, especially the Planning Board and the school building Planning Committees.

We also wish to express our appreciation to the town for its cooperation with us in the performance of our duties during the past year.

Those of us who are elected for service during the coming year hope to obtain the same cooperation and wish to assure the town that every effort will be made to profit by the experiences of the past year and to forward the best interests of the town in all respects.

Certificate of Audit

February 16, 1959

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1958, as required by Chapter 91, Section 142, of the Revised Statutes of 1954.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting, and included all procedures which were considered necessary, in the circumstances.

Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

CASH BALANCE

The cash balance, as noted in the Balance Sheet was reconciled and a written confirmation of the balances was made with the bank.

UNCOLLECTED TAXES AND LIENS

Unpaid taxes and tax liens at December 31, 1958 were verified by written confirmation, to the extent deemed necessary, at the time of the audit.

TOWN DEBT

Outstanding notes and bonds payable, were verified by written confirmation with the various payees.

GENERAL

The procedure for keeping the municipal records of the Clerk—Tax Collector and Treasurer was examined, and found to be adequate, also to be in compliance with the General Laws of the State of Maine.

The Selectmen's records are kept by a double entry method of bookkeeping and a trial balance is taken regularly. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405 Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications on a test basis were utilized to determine the correctness of recorded Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and Insurance coverages were examined. Excise tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector. All Trust Fund Investments and Savings Accounts were physically verified.

Various laws relating to administration of the fiscal affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operations for the municipal year ended December 31, 1958.

Respectfully submitted,

L. EVERETT OUTHOUSE

Note: A complete copy of the Auditor's Report is on file in the Selectmen's Office.

Report of the Budget and Finance Committee

To the Citizens of the Town of Kittery:

The Budget and Finance Committee appreciates the fine cooperation of all the Town Officials and Department Heads. The careful preparation and able presentation of these budgets aided this Committee immeasurably, particularly in view of the fact that the Committee was entirely new this past year.

In addition to the recommendations printed in the warrant, and the estimates in this report, the Budget and Finance Committee has submitted a comparison of figures of last year's expenditures, this year's proposals, and the recommendations of the Committee. This should make the differences readily apparent. Also included is the estimated tax rate change reflected by these proposals. Every increment of \$8900.00 affects the tax rate by \$1.00 per thousand dollars of assessed valuation.

BREAKDOWN OF MOBILE HOMES

Number in Kittery 4-1-58	138
Taxed 4-1-58	85
Average tax for the 85 Mobile Homes	\$42.51
Number service connected or otherwise exempt	53
Taxes received from Mobile Homes 1958	\$3,613.50
Excise tax received by our tax collector 1958	\$95.11
Total Collected by property and excise taxes 1958	\$3,708.61
Elementary pupils from Mobile Homes 1958	71
Secondary pupils from Mobile Homes 1958	7
Cost of education for elementary pupil 1958	\$225.90
Cost of education for secondary pupil 1958	359.81
Cost of education for all pupils living in Mobile Homes	\$18,557.57

The above school figures were taken as of Jan. 1, 1959 so in all fairness we would have to allow for the number of Mobile Homes here at that time which was 210 or an increase in the nine month period of 4-1-58 to 1-1-59 of 50% and if we allow that the same percentage could be taxed as was taxed on 4-1-58, we would receive taxes from 130 trailers or a sum of \$5,526.30.

Going all the way, if we add in the taxes collected from all taxable property pertaining to the Mobile Home business we could add a further tax in the amount of \$413.17 making a total collected of \$5,939.47.

Of the 77 pupils the town educates we receive aid from the federal government for 50 of these in the amount of \$91.23 each (this figure being the 1957-58 allotment and would probably be slightly higher this year) this totals to \$4,561.50.

Cost of educating 77 pupils	\$18,557.57
Money received from all sources	\$10,500.17

It might also be pointed out that Mobile Homes were assessed 22% higher in 1958 than ever before.

A complete appraisal of housing units and apartments is being worked on and is expected to be available at the annual town meeting for those who would like to know more about how the tax load is distributed.

Kittery, Maine

January 17, 1959

To the Selectmen and Citizens of Kittery, Maine.

The Tenth Annual Report of the R. W. Traip Academy Revolving Fund, for the period January 1 through December 31, 1958, is submitted for publication in the Annual Town Report.

Although the Fund operated at a loss less than during 1957 it is believed the loss will be much greater during 1959 unless the Basketball team participates in the Tournament at Lewiston this year.

The accounts of the Treasurer have been audited by Mr. Theodore F. Weaver representing the Superintending School Committee and Mr. Franklin Wilson representing the Trustees of R. W. Traip Academy and approved by them as being correct.

REPORT OF THE KITTERY PLANNING BOARD

To the Citizens of Kittery:

Since its creation upon acceptance by the 1956 Annual Town Meeting of the Maine community planning law, the Kittery Planning Board has been of the opinion that current pressures of uncontrolled and haphazard growth impose upon Kittery an urgent need to guide its future development with greater firmness and purpose than has been found to be necessary in the past. To meet this need, the Maine community planning law enables the Planning Board to prepare and adopt a comprehensive plan for the development of the Town.

On January 20, 1958, the Selectmen, acting for the Kittery Planning Board entered into a contract with the Maine Department of Economic Development to secure Federal and State funds for community planning assistance under

the terms of the U. S. Housing Act of 1954. Local matching funds for this purpose were provided by Town Meeting in March 1957, and in June of that year the Board selected Planning and Renewal Associates, of Cambridge, Massachusetts, to assist it in the preparation of a comprehensive plan for the development of Kittery. The plan, together with supporting studies, was prepared during 1958, and is now available for review by local groups as a guide for both public and private land development.

The comprehensive plan is based on a detailed study of the Town's growth prospects and land development capabilities. Analysis of growth prospects shows that Kittery at the present time is not only growing slightly faster than its neighboring communities, but considerably faster than either York County or the State as a whole, and that rapid growth is likely to continue in future years. Because of this, Kittery can expect an increase from its present size of 8,700 persons to some 12,000 persons in the next 20 years.

To meet the demands which such growth will place upon the Town, the comprehensive plan strongly recommends (1) the reservation of a small amount of land near the future interchange of the Maine Turnpike and the proposed new crossing of the Piscataqua River which is suitable and well-located for industrial purposes and which will not be permitted to be pre-empted for residential development, (2) the provision of such additional land as may be needed for expansion of highway business uses which compared with industrial activity at the Naval Base form only a small but nevertheless important part of Kittery's economic base, (3) the improvement of parking and circulation facilities in Wallingford Square in order to enhance the commercial usefulness of that area, (4) the continued use of established residential areas in Kittery Foreside and Kittery Point for compact residential development, (5) the protection from intensive residential development for the immediate future of outlying residential areas north of Spruce Creek and in North Kittery, (6) the reservation of of important public lands, the preservation of historic buildings, and the development of strategically-located open spaces, particularly in Kittery Point and along the shores of Spruce Creek, in order to protect the Town's natural and historic resources and to secure the amenities which have always made Kittery a pleasant place in which to live, and (7) the improvement of local circulation throughout the Town including, as future growth warrants, the con-

struction of a new crossing over Spruce Creek, the construction of new collector streets related to the proposed crossing, the improvement of several hazardous intersections, and the reconstruction of several approaches to the Interstate Highway.

In order to implement this comprehensive plan for development, the Board has also prepared a carefully thought-out program of minimum standards for land use and development. These standards have been agreed upon only after numerous meetings between the Board, its consultants, and the Selectmen.

Early in 1959, the Board will recommend these standards to the Town for adoption in the form of a new zoning ordinance. Such an ordinance would constitute a revision of Sections 8 and 13 of the 1952 Revised Ordinances of Kittery. A special report on the recommended zoning ordinance, however, will first be made at a public hearing in accordance with the provisions of State law which also require that the zoning ordinance **"SHALL BE DRAFTED AS AN INTEGRAL PART OF A COMPREHENSIVE PLAN FOR MUNICIPAL DEVELOPMENT"**.

In a further effort to insure that future growth is consistent with the major elements of the comprehensive plan, the Planning Board, after conferring with the Selectmen and acting upon Town Meeting authorization, has arranged for the continuance of State and Federal aid to help meet the costs of continuing planning studies. During the coming year, the Board with its consultant will formulate minimum standards for the subdivision of land.

This study would result in the preparation of regulations governing the conversion of raw land into five or more building lots. Regulations would establish minimum standards (a) for land subdivision design and platting, and (b) for land improvement including the provisions of streets, grading, and drainage. The regulations would identify those improvements which would be required of the developer (a) prior to approval of the plat for record, and (b) prior to acceptance of right-of-way by the Town, and would establish some form of performance guarantee to be provided by the land developer. Subdivision regulations are an essential part of good municipal housekeeping and planning administration.

Authority for the establishment of such regulations is contained in the Maine community planning law, Section 61 of Chapter 90A, Revised Statutes of 1954, as amended

by Chapter 405 of the Public Laws of 1957. Upon adoption, such regulations would be administered by the Planning Board.

During 1959, the Board will also prepare what it hopes will be the first of an annually recurring capital outlay or public improvement program designed to relate expenditures for capital improvements to the Town's revenue prospects. Results of this important study should help to stabilize the Town's tax rate, and to provide a long-range look at the need for new facilities and services in the light of their cost and financing requirements, future operating expenses, long-range debt service, and prospects for State or Federal aid.

REPORT OF

KITTERY SCHOOL BUILDING PLANNING COMMITTEE

February 11, 1959

TO THE CITIZENS OF KITTERY:

The first meeting of your committee was called on May 9, 1958, by Selectman Leon E. French, Jr. The committee's internal organization was established and work immediately initiated to determine what school housing requirements should be recognized and provided for to ensure an adequate, but not luxurious, educational system for the children of Kittery.

BASIC CONCEPTS:

The committee recognized that one of its first and most critical tasks was the determination of reasonably reliable predicted enrollment figures. To make the package small enough to be manageable, yet large enough to be significant,

it was decided to establish the ensuing five years (1958 through 1963) as the basic planning period.

Preliminary study of tentative enrollment predictions indicated that the committee's work should, initially at least, be divided into two phases; phase one to be elementary school needs, and phase two secondary school needs. As space requirements were more pressing in the elementary schools phase one was considered first.

PREDICTED ENROLLMENT:

This problem proved to be among the most difficult and time consuming of any encountered by your committee in its desire to leave no stone unturned to arrive at realistic figures.

Background material from many and varied sources was researched, sifted and assimilated or rejected as judgment dictated. In this connection, the following sources are gratefully acknowledged: Kittery School Department, Board of Selectmen, Town Clerk, Kittery Electric Light Co., Kittery Planning Board, and Memorandum Report from Planning & Renewal Associates of Cambridge, Mass. dated Feb. 15, 1958.

PHASE I — ELEMENTARY SCHOOL HOUSING

1. The primary factor which governs Kittery elementary school housing requirements almost exclusively, and has necessitated a process of school expansion which has been practically continuous and seemingly never ending, is the influx of students taken in yearly at the Junior Primary level.
2. Committee studies indicate that classrooms capable of accommodating 1837 students should be provided by 1963.
3. Classroom student capacity of twenty five (25) is recommended by the State Department of Education. In order to keep an already large investment in school facilities at a practical level, the committee has used a figure of thirty (30) students per classroom. This represents just about maximum capacity for a teacher and it should be stressed that this is a compromise figure.
4. Analysis of the foregoing indicates the need for 8 additional elementary classrooms by 1963, with recommendation for immediate construction of such a unit with provision for future expansion. The committee also notes as a matter of interest the indicated need for 13 additional classrooms by 1963, if all housing presently classed as temporary were to be eliminated.

5. The following possible sites for school construction were viewed and evaluated by the committee:

1. Town Farm
2. Anderson property (at rear of Mitchell School)
3. Mitchell School property with annexation of Anderson property for play area.
4. Cutts property on Haley Road.
5. Milliken property on Haley Road.
6. American Legion property in Admiralty Village.
7. Area in rear of the Daniel Goodwin residence on Rogers Road.
8. Fitzpatrick property adjacent to northwest side of Admiralty Village.
9. Town property at west end of Memorial Field.
10. Area at intersection of Norton and Haley Roads.
11. Property of Arthur Cook known as West Park, bounded approximately as follows: on the north-northeast by property adjacent to Sterling Orchards development, on the easterly side by Highland and Orchard Grove Cemeteries, on the South-easterly side by properties immediately northwest of George Street, and on the west by State Highway (US Route No. 1).

Five of the above sites were considered to be reasonably adequate and are listed below in their relative order of desirability:

1. Arthur Cook property (West Park)
2. Property at intersection of Norton and Haley Roads
3. Fitzpatrick property
4. Anderson property
5. Town Farm

With the exception of (1) above, none of these lots were considered to be outstanding due to excessive cost of acquisition and site preparation or location relative to center of school population.

It should be noted at this point that total cost of site acquisition and off site improvements must be financed entirely by town funds as federal funds cannot be used for these purposes.

RECOMMENDATIONS:

It is therefore recommended that:

1. An eight (8) classroom expandable unit with necessary supporting areas be constructed as soon as possible. Construction to be in general conformance with preliminary plans drawn by the firm of Bradt, Littlefield & Williams dated October 28, 1958.

2. As a first choice the construction recommended in (1) above be located on the property owned by Arthur Cook known as West Park.

3. As a second choice of location the construction in (1) above be situated on a lot of land at the intersection of Norton and Haley Roads.

4. As a third choice the construction in (1) above be located on the Fitzpatrick Property adjacent to Admiralty Village.

PHASE II — SECONDARY SCHOOL HOUSING

1. In dealing with the secondary school plant the committee was confronted by two major problems which are peculiar to it alone.

The first of these was to economically locate any new unit on the present Academy property which is already inadequate in area for the existing plant, with extremely few and costly possibilities for appreciable expansion in any direction.

The second problem was to accomplish a definite break with the present type of architecture, which represents just about the ultimate in expense and results in the least usable space per construction dollar, without creating a montage totally devoid of aesthetic values.

The committee's suggested solution to these problems is admittedly not the one which would have been arrived at if unlimited funds were readily available. However, believing that the time has come to eliminate all unnecessarily expensive luxuries in school construction, the committee offers no apologies for the recommendations appearing below; but rather would point out an estimated saving of approximately \$100,000 in construction costs, as compared to what might be called the "traditional" solution.

2. In accordance with a letter from Trustees, R. W. Traip Academy to School Building Planning Committee dated 17 January, 1959 which resulted from a meeting of

said Trustees with the chairman of this committee the following provisions would be observed.

A. The Trustees will sell the required lot of land to the Town of Kittery under the same conditions that pertained to the land for the present Cook Building.

B. The driveway in front of the Academy to be used jointly by the Town and Academy.

C. Provision to be made for future expansion of the Home Economics Department and a Biology Laboratory.

3. The committee's projected secondary enrollment figures indicate that classroom facilities to house 600 students should be in existence by 1965. This would require 4 additional standard home room classrooms.

4. Also to be considered are the following deficiencies which have already made their undesirable effects felt:

A. Lack of an office space for the assistant principal.

B. Insufficient room and facilities for home economics instruction.

C. Complete lack of a biology laboratory.

D. Insufficient space for proper operation of the Vocational Guidance Program.

E. Insufficient library capacity.

RECOMMENDATIONS

It is therefore recommended that:

1. An eight (8) room expandable unit be constructed as soon as possible. This to be in general conformance with preliminary plans drawn by the firm of Bradt, Littlefield and Williams dated January 9, 1959. Such a unit would include six (6) rooms of standard classroom size (approximately 24 x 30) plus two (2) rooms of somewhat larger size, these latter to provide for future expansion of the present home economics facilities and the installation of a new biology laboratory. The apparent excess of two (2) classrooms under this plan would be to allow for necessary expansion of the present library and vocational guidance areas, the exact details of which are left to the discretion of the School Administration.

2. The construction specified in (1) above be located on the Northeast side of the Robert W. Traip Academy building on land to be acquired for this purpose in accordance with provisions outlined in paragraph (2) above.

PHASE PRIORITY RECOMMENDATIONS

Finally, it is recommended that:

1. As a first choice, the plan substantially as outlined under "Phase I—Elementary School Housing" be executed.

2. As a second choice, the plan substantially as outlined under "Phase II—Secondary School Housing" be executed.

3. Regardless of which of the above plans is finally adopted, a succeeding School Building Planning Committee be immediately appointed in order to ensure continuity of the planning function and to reassess any new facts which may arise pertaining to both the adopted and alternative plans. In this connection it should be borne in mind that the secondary plant will unquestionably be inadequate by 1962.

COST FACTORS:

Construction costs for either item (1) or item (2) under Phase Priority Recommendations above are presently estimated to be roughly identical, at approximately \$200,000 (assuming an eight (8) room unit in each case).

Actual detail costs and tax rate figures can be prepared only when you, as voters, decide when, where and what school buildings are to be constructed and an architectural firm is retained to prepare detailed construction cost figures. When this information is developed and the amount of federal assistance, for which an application is pending, becomes known, then your Budget and Finance Committee can provide figures reflecting the effect on tax rates.

CONCLUSION:

Detail reports and preliminary sketches are on file with your Selectmen.

With the submission of this report your committee considers its work, as a Planning Committee, to be completed and therefore submits its resignation herewith effective as of March 7, 1959.

Kenneth A. Smith, Chairman
Granville Berry, Vice-Chairman
Catherine E. Putnam, Secretary
Elflada Ilsley, Member
Arthur E. Prescott, Member
R. Warren Ferguson, Jr., Member

**ADDENDUM TO REPORT OF
KITTERY SCHOOL BUILDING PLANNING COMMITTEE
OF FEBRUARY 11, 1959**

Your committee has labored long and arduously in the interest of making this a complete, concise and comprehensive report.

As chairman, I have had occasion for many personal contacts, both within the Town of Kittery and in the local area, in quest of information and assistance. In this connection cooperation has been almost uniformly excellent but I should like especially to mention Mr. Charles Puffer, Superintendent of Schools, Mr. Edward E. Shapleigh, Jr., Treasurer of the Trustees of Traip Academy and the representatives of the firm of Bradt, Littlefield and Williams, Architects and Engineers of Dover, N. H. as having rendered services above and beyond those which would normally be expected.

Respectfully submitted,

K. A. Smith

Chairman, School Building

Planning Committee

REPORT OF THE HEALTH OFFICER

January 1, 1959

Board of Selectmen
Kittery, Maine

I hereby submit my report as health officer for the Town of Kittery for 1958.

The unsanitary conditions reported were all duly investigated and remedied according to law. Since all complaints must be signed by the complainant they have very much decreased.

We have been very fortunate to have a very low number of contagious diseases this year. They can be better controlled if the householder and doctor would report all cases according to law.

As usual the freshman class at Traip Academy were given physicals by Dr. Taylor and myself.

Several hundred school slips were made out although I am only supposed to make out slips for reportable diseases.

The following contagious diseases were reported:

Whooping cough	2
Chickenpox	27
Measles	46
German measles	3
Mumps	13
Scarlet fever -	9
Scarletina	
Epidemic spinal meningitis	1
Infectious mononeukleosis	1
Active T. B.	3
	105

Respectfully submitted,

C. W. KINGHORN, M. D.

Well child clinics	130.76
In memory of Mr. Hugh Boyer	10.00
Total	\$2,341.01

This amount turned over to Mr. Alfred Sterling, Treas.

The officers of the board of directors for 1958 were:

President—Mrs. Lester Tobey

Vice President—Mrs. Raymond Littlefield

Secretary—Mrs. Alexander Farley

Treasurer—Mr. Alfred Sterling

Services to the residents of the town are as follows:

1. Bedside nursing care and treatment, of any type, ordered by the family physician in the patient's home.

2. Instructions to members of the patient's family as to care of ill member between nurse's visits, also demonstration of infant and child care to young mothers.

3. Cooperation with State Public Health Service in checking cases of tuberculosis and contacts, also venereal diseases to prevent spread of disease and to see that those having the disease receive proper care and treatment.

4. Well child clinics.

5. Welfare work for our needy families.

Well child clinics were held in the Nurse's office, at the Town Hall, on the third Wednesday of each month, except January when because of weather conditions it was necessary to cancel. These clinics were well attended with an average of 44. Children from infancy to schoolage are given physical examinations free of charge. Triple toxoid immunizations for whooping cough, diphtheria and tetanus also vaccinations for smallpox are given for a fee of fifty cents to cover cost of medication. We are able to give Salk Polio vaccine free of charge because it is furnished by the

state. Children, three months and up, will be given first and second shots one month apart and then a third in seven months. Dr. Thomas Conroy M. D. was attending physician at these clinics. Volunteer workers, to whom we are greatly indebted were: Mrs. Halle Nau, Mrs. Myrtle Rankin, R. N., Mrs. Virginia Prince R. N., Mrs. Louise Smith R. N., Mrs. Viola Phillips R. N. and Mrs. Teresa Tobey.

Three Salk polio vaccine clinics were held in April, May and June. These clinics were for children and adults ages 6 months to 44 years. The total attendance was 362, including 298 adults and 64 children. These clinics were held in the nurse's office, at the town hall, in the evening with Dr. Paul Taylor M. D. attending physician. All assistants were volunteer workers including, Mrs. Halle Nau, Mrs. Mae Littlefield, Mrs. Myrtle Rankin R. N., Mrs. Louise Smith R. N. and both Public Health Nurses.

On April 23rd a Health Institute for So. Western Maine was held in Eliot. The members of the Board of Directors helped in planning and took charge of registration.

During the year a great deal of good used clothing and other articles have been given to us for distribution to needy families. Much of this has come from The Fix-it Club of the Methodist Church. This group of women have mended, washed and made over clothing and other household supplies. The Thrift Shop of Kittery Point turned over many articles and several organizations gave us clothing not sold at rummage sales. Many housewives brought in clothing outgrown by their children. All of this was sorted and delivered, by the nurses, where needed.

During November a survey was made to find needy families. Many were reported to us by neighbors, teachers and churches. All of these homes were visited to determine need and ages and names of children.

At Thanksgiving and Christmas we acted as clearing house for organizations and individuals wishing to contribute food, gifts or money. Our thanks and gratitude go to the following organizations: The Am. Legion Auxiliary, Wentworth Dennett PTA., Frisbee PTA., Shapleigh PTA., Evening Guild, Youth Fellowship and Sunday School of the Methodist Church, The Baptist and Congregational Churches of Kittery Point, Kittery Police Reserve, Veterans of Foreign Wars, Portsmouth Lodge of Elks, Piscataqua Chapter No. 90 OES., York Assembly of Rainbow Girls, U. S. Marine Reserve Toys for Tots, Naval Shipyard

Christmas Party Comm., The George Smart Santa Claus Fund, several Girl Scout and Boy Scout Troops and many citizens not wishing to have names published.

A total of 22 families with 68 children were given food baskets, gifts, toys and money during the holiday season. It is our sincere hope that no family was overlooked.

Services of the nurses are available to anyone residing in Kittery or Kittery Point. Treatment is carried out under the direction of the family physician. A fee of \$1.50 per visit is charged if the family is financially able to pay. Part pay or free service is given when necessary but no call is refused and the same service is given regardless of ability to pay. Calls are received at the Nurse's office Tel. ID 9-0776 each weekday from 8 to 9 a.m. or by calling Cole's Drug Store Tel. ID 9-0607.

On behalf of the Board of Directors, Mrs. Frances Orr R. N. and myself I wish to express our appreciation to all that have helped to advance the work of the Public Health Association.

Respectfully submitted,

Esther H. Linscott R. N.

Kittery School Department: 1958 - 1959

Superintending School Committee

Frank R. Kauffman, Chairman

Warren Delano

Theodore F. Weaver

Superintendent of Schools: Charles L. Puffer

SCHOOL CALENDAR — 1958 - 1959

September	2	Tuesday	Teachers' Meetings
September	3	Wednesday	All Schools Open
October	2	*Thursday	State Convention, Portland
October	3	Friday	
November	10	Monday	No School
November	11	Tuesday	Veteran's Day Observance
November	27	*Thursday	Thanksgiving Recess
November	28	Friday	
December	23	Tuesday	Fall Term Closes

CHRISTMAS VACATION

January	5	Monday	First Winter Term Opens
February	20	Friday	Term Closes

WINTER VACATION

March	2	Monday	Second Winter Term Opens
April	17	Friday	Term Closes

SPRING VACATION

April	27	Monday	Spring Term Opens
May	4	Monday	County Convention
June	12	Friday	All Schools Close

SUMMER VACATION

*Schools will close at noon the preceding day.

The no-session signal, one long blast of the fire sirens, will be sounded at 6:30 A.M. for all schools. Stations WHEB, WTSN, WGAN, and WWNH will make no-school announcements as soon as possible.

The no-session signal, one long blast on the fire sirens, for the afternoon session of Junior Primary pupils will be sounded at 11:00 A.M.

Announcements will go out over radio stations, WHEB, WTSN, WGAN, and WWNH in case of emergency requiring the closing of schools during the day.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Kittery:

A report of this kind is necessarily limited in scope and, in dealing with current school events in Kittery, it may seem lacking in the background information that would lead to clear understanding. Reference to the reports of previous years, particularly that of last year, will help to show the continuity of ideas and policies behind school operation and the sequence of steps in the development of school organization and practices. Changes of consequence do not usually arrive suddenly and a study of school reports over the years often shows how conditions and circumstances have led to present situations.

Our school program in Kittery covers the formal education of children from the junior primary through grade twelve. Our program is as much concerned with what is taught and learned at Traip Academy as it is with education in our elementary schools. The superintendent of schools is as much concerned with the secondary education offered at the Academy as with the school offerings in Frisbee, Mitchell, Shapleigh or Wentworth Dennett schools and our needs at the Academy will be discussed in this report in the same way that they would be discussed if the Academy were a public high school.

In the over-all administration and supervision of schools, the superintendent works with an elementary supervisor, special supervisors in music and in art, principals in the four elementary schools and the principal of Traip Academy. A school nurse is on duty from eight o'clock mornings to one o'clock afternoons. Besides our regular elementary and secondary teachers, the schools employ nine custodians in elementary school buildings and three at the Academy. There is one secretary in the office of the superintendent of schools, one in the office of the principal of Frisbee School, one in the office of the principal of the Academy, and one other clerical worker at the Academy. The four contractors for transportation of pupils to elementary schools operate eight conveyances. This, in brief, outlines the size of the school operation in terms of numbers of persons working in the whole school program.

The policies governing school operation are set up for the elementary schools by the three members of the superintending school committee and the policies in effect for

the Academy are set up by the three members of the superintending school committee and three members of the Academy trustees meeting as a joint board.

The superintendent of schools carries out the policies of the superintending school committee and the joint board for the Academy and performs certain other duties specifically assigned to him by law.

The superintendent in Kittery is also superintendent of schools in York, but York employs an associate superintendent who serves full time in the York office. The Kittery school system is large enough to have a superintendent full time under our Maine law but York is not. A bill is being introduced into the legislature this winter, which, if enacted into law, will permit York to have its own superintendent.

Elementary and secondary school people work together in planning the over-all program of education for our young people. Our junior high students are tested, counseled and advised before entering the Academy. Their records, and information about their work in the elementary school, are made available to the guidance counselor at the Academy. Last summer, before the opening of school in the fall, the principal of the Academy called at the homes of nearly all of the pupils graduated last spring from grade eight at Frisbee School and talked with the pupils and their parents about their plans for secondary education, and tentative schedules were set up for all of these beginners before school opened in September.

Elementary and secondary people plan together about courses offered with a view to elimination of those subjects which have been well taught in order that there may be no needless repetition and with the idea of planning efficiently for teaching in new high school fields.

In an attempt to provide answers to some of the questions most frequently heard about the junior primary program, a brief outline is given here.

State law requires that a child must be five years of age on or before October 15 of the year in which he is to be admitted to junior primary.

A child's first year goes a long way toward laying the foundation for his success in the work which he will meet during his later years in school.

The five-year-old is not only ready to learn—he is eager to learn. He may come with a great deal of previous-

ly accumulated knowledge and ideas or he may come with relatively little home training. Either way, he has much to learn. Very few are well adjusted to organized group living when they enter school. Few are able to take care of all of their personal needs. Most have things to learn about taking care of personal belongings. The attention span of the beginner is short but it grows longer as he learns to take part in a planned program of activities.

One important task of the teacher of five-year-olds, in developing readiness for formal learning, is to provide training in use of the senses. Eyesight may be good but a child may not notice much within his range of vision. Hearing may be normal and yet a child may seem unaware of variations in sound. Many children have very poor listening habits. Training in using the senses prepares a child to study intelligently, which he cannot best do without using to the fullest these natural gifts.

Junior primary children can be taught skills of associating and relating similar ideas, skills of observing accurately differences in form, size and number and they can be taught to listen well and to follow directions. They develop language usage and habits by conversation and by telling of their own personal experiences. They learn to tell stories from pictures, to tell ideas in sequence, to use new words, to speak in sentences, to listen while others speak, to repeat from memory. These skills and abilities are basic to success in more formal learning.

The junior primary child learns to write his name and to write the letters of the alphabet. He is taught about the ways in which people depend upon each other and help each other in the home and at school.

Teachers who have worked with first grade children who have had a year of junior primary and with other first grade children who have never been in school report the more rapid progress of children who have had a good junior primary program. This program is more than just a year of play, fun and babysitting. It is a year of work and learning. It builds a backlog of experiences for the years ahead and it prepares the child for the first steps in formal reading, figuring and writing.

The state requires all administrative districts to offer a junior primary program and it subsidizes those towns offering it. Kittery's 1959 subsidy rate is fifty-five per cent.

Much has been written of late about the need for better and more teaching of science and mathematics. The

Conant report develops this idea more fully in relation to the work of high schools.

Unless a good foundation for further schooling is laid in the elementary grades, many young people do very poorly or fail on the high school level. We try to lay the foundation for effective learning in science, as well as reading, writing and arithmetic, in the elementary school. Our pupils are given practice in doing experiments, keeping records, making observations and collecting facts, drawing conclusions and testing conclusions. Our pupils test some scientific facts and learn something of the rigorous processes used by scientists in discovering the truth about nature's laws. Some elementary school pupils come to understand that there are limitless frontiers for use of the mind and limitless opportunities for the discovery and application of newly discovered truth.

A science demonstration table for our junior high science classroom will assist the teacher of science to do a better job in this field and an item for purchase has been included in the budget.

The program of school work in grades seven and eight at Frisbee School is usually spoken of as the junior high program. It differs mainly from the program in lower grades because each teacher teaches only one subject. In addition, activities planned are somewhat different for this age group.

Junior high students can be helped immensely by being taught to use a library and by having enough good library books easily available to them.

The Frisbee school library has about twenty-four hundred volumes. Of this number, some over four hundred were added this year. Science material, biographies, books about Maine, encyclopedias and fiction were added. The total number of volumes may seem large, but it is small in relation to the number of pupils and the wide age-interest-ability level of pupils. There are books for the youngest and the intermediate ages as well as for junior high ages.

The teacher-librarian, who teaches full time in addition to cataloguing and caring for books, maintains some extension shelves for the primary grades in the Frisbee Addition and arranges for a change-over of library books at Austin School every two weeks. A schedule has been worked out for use of the library by the junior high stud-

ents where time is available to them but most of their time is in scheduled classes and there is not room for more than eight students to work in the library at one time. One of the best paying investments, education-wise, that can be made is construction of enough classroom space to free the library room from use as a classroom, and employment of a teacher in the library full time. All students need to learn how to use a library, how to find materials needed, how to use them, how to take care of them. When a library room, with tables for study use is available, students can work there during study periods, getting materials from shelves as needed, using it at once and returning it when through so that others may make use of the same material.

Last year's report outlined the curriculum offerings at the Academy and last year's report by the principal went into some explanation of the work in the subject fields and touched upon evaluation of the school for accreditation. In his report this year, the principal has explained something of steps that need to be taken and are being planned to meet accreditation standards. As he has pointed out, our main concern is not with accreditation itself, but in making Traip Academy the quality school that meets the high standards set for accreditation. His report this year explains more about those things remaining to be done. It is understood that about forty schools in Maine have already been evaluated and it is hoped that Kittery can be among the towns meeting the requirements for this better type of school.

A suitable place in which to meet and work and a good teacher are the first requisites for a good school situation. More will be written later about our need for classrooms. Where teachers are concerned, Kittery has good ones. In both elementary and secondary schools, they are hard-working, forward-looking, professionally competent people who care about their students and want to see them succeed. Thirty-six teachers have been adding to their own school training this year through extension work. Some travel to Portland on Saturdays to study, some go to the University of New Hampshire and some go to Boston. Others take courses taught by university professors who come to Kittery and hold classes here.

Two teacher study workshops have been held this year, both concerned with social studies or the teaching of history

and geography. These are meetings to which state department supervisors, college professors or outstanding people in school work are invited to tell of what is being done elsewhere, to explain about recent research discoveries and to discuss what is being taught and methods used in other places. These meetings give our own teachers an opportunity to keep up-to-date by comparing our own program with others, and they bring to Kittery ideas and developments from outside and they give the teachers in our own schools an opportunity to exchange their own ideas with others.

Turning now to a discussion of new factors which have appeared and must be taken into consideration in planning for the continuation and development of our school program in the coming year and years ahead.

Most critical from the point of view of continuing to do as well for pupils as we have been doing is the need for more classrooms and for the teachers to instruct the increasing numbers of students.

A comparison of the numbers of young people enrolled in our schools on January 1 of each of the past few years shows what is taking place:

Date	Total Elem. Enrolled	Total Secondary Enrolled	Total Enrollment all Kittery Schools	Total Gain
Jan. 1, 1956	1477	311	1788	
Jan. 1, 1957	1496	353	1849	61
Jan. 1, 1958	1544	407	1951	102
Jan. 1, 1959	1609	443	2052	101

Present indications are that this trend will hold through the coming school year, at least, and that at least one additional classroom for elementary pupils will be needed. Two temporary classrooms are now in use in the Austin School Building, both on the ground floor, and plans are being made and a sum included in the budget recommendations for making a classroom on the second floor. Everything possible will be done, including reconstruction of an outside fire escape, to make this new classroom suitable and safe. The three temporary classrooms at Austin School, plus other rooms which should be vacated, add up to a need for new school building without delay, especially when it takes so long to get out plans, get in bids, and award a contract before building actually begins.

The need for more classrooms is not confined to elementary school but is also pressing for secondary students. There are seventy-eight students in the senior year at the Academy and there are one hundred and thirty-nine pupils in grade eight at Frisbee School and the difference in these figures indicates the increased enrollment that may be anticipated for the coming fall. The fall of 1960 is expected to show the same trend on a slightly smaller scale. These present numbers of pupils in our schools and the need for more classrooms and teachers have been forecast in previous school reports and should come as no surprise to the citizens of Kittery.

In addition to the need for more secondary classrooms, there is need for a larger home economics room and a biology laboratory. These particular requirements are necessary to any good comprehensive high school seeking to serve the needs of the secondary school population.

The total school budget recommendations for 1959, printed elsewhere in this report, add up to a total increase in local appropriations of approximately sixty-eight thousand dollars for elementary and secondary schools.

The larger items of estimated increased expenditures are: (1) approximately \$25,000.00 more for elementary teacher's salaries, including the salaries of three new teachers added this year and the salary of one additional teacher for the coming school year: (2) approximately \$10,000.00 more for elementary school building maintenance, including money to finish an additional classroom at Austin School and to maintain the Austin School Building: (3) approximately \$24,000.00 more for secondary teachers' salaries, including the salaries of three new teachers added this year and the salaries of three teachers to be added this coming fall: (4) approximately \$8,000.00 more for maintenance at the Academy, mostly for repair work on gutters on the main building.

With reference to teachers' salaries, which account for most of the recommended increase in appropriations, three things should be pointed out: first, that we are continuing to bring teachers' salaries up to the schedule adopted two years ago: second, that we are recommending that the maximum for non-degree teachers be raised from \$3,500.00 to \$3,800.00 for teachers with less than three years of training and from \$3,900.00 to \$4,200.00 for teachers with more than three but less than four years of training: third, that it has

been necessary to add and it continues to be necessary to add teachers in both elementary and secondary schools.

A comparison of the Kittery pay scale with that in other Maine communities shows that we are paying approximately the same salaries paid to teachers in towns of our approximate size in western Maine. We are not paying nearly as well as neighboring out of state communities.

At the present time, there are indications that many of our elementary teachers will not be returning next fall for various reasons. In that event, we shall be seeking replacements from the teachers' colleges and will be handicapped in competition with those towns and cities, many of them, which pay beginning teachers more than we do.

While we are short of enough elementary classrooms, we have been able, by using temporary classrooms, to prevent our rooms from being too over-crowded. This is an advantage to our teachers in their efforts to give each child the attention and time which he needs. Keeping numbers down to reasonable limits in classrooms pays big educational dividends in the life of a child and gives his teacher the encouragement of seeing her pupils develop the skills and abilities which they have.

To sum up the budget situation:

Our constantly increasing enrollments, together with constantly increasing prices for nearly everything, add up to more cost for classrooms, for teachers, for instructional material and for maintenance of buildings. We just cannot continue to add approximately one hundred pupils each year without paying more.

There are some other factors which may affect the local tax rate for schools in the very near future.

There are proposals for legislation on both the state and federal levels which, if adopted, would mean less state and federal money for Kittery schools. One proposal before our legislators would reduce our state subsidy. On the federal level, sufficient funds have not been appropriated at this writing to pay the full amount normally estimated for federally connected children in our schools.

There are proposals, in both Augusta and Washington, which, if favorably acted upon, will appropriate money for some new educational projects, all of them worthwhile, but it is to be hoped that our town is not to lose any state or federal subsidies to finance them. Should this happen,

our town would be faced with a choice between higher local taxes or poorer schools. This is a matter of particular concern to Kittery because of the relatively large share of school costs that are now shared by state and federal governments.

With thought to possible advantages of district reorganization under the new Sinclair Law, our superintending school committee, with the York committee, invited Dean Mark R. Shibbes, Chairman of the Maine School District Commission, to a recent meeting and the public was invited also. School building aid was pointed out to be the main advantage to Kittery if a new district were to be formed. The consensus of opinion of those present seemed to be that Kittery would have little to gain, excepting building aid, by joining in a new district formation.

Losses from school fires in the nation have caused people everywhere to look anew at their school buildings and consider the possible hazards to their children. Kittery schools were inspected last fall by our local fire departments, as is the annual custom, and the recommendations of the departments have been carried out or sums have been recommended in the budget to carry the recommendations through.

An inspector from the State Insurance Department checked all school buildings recently and recommendations have been carried out, are in the process of being carried out or funds have been recommended in the budget to enable Kittery to comply with department recommendations.

A great deal of maintenance work was done in 1958. Bids were advertised or invited on major projects.

Mitchell School and Shapleigh School were given outside paint during the summer, and some classrooms and corridors in the Frisbee main building and some classrooms in Wentworth Dennett School were painted.

Some hot topping was done at Mitchell School, Wentworth Dennett and North Kittery Schools. The front drive at Frisbee was patched and given another coat of tar. The driveway at the North Kittery School was hot topped as was the east entrance to the general purpose room and the immediate parking area.

The Austin School, which was made ready for use from a special account, was painted outside and the two downstairs rooms and the hall were painted, new ceilings

were put up and floors finished. The basements were painted, new fire escape doors and exits were made, the boiler room was enclosed in fire-resistant materials, a new electrical entrance and new wiring were installed, new security fence was erected on the north side of the playground adjoining the residential corner lot and other miscellaneous work was done.

As a safety precaution, the superintending school committee had electronic controls installed on the oil burners at Mitchell and Austin Schools. All oil burners in school buildings are now equipped with all of the electronic safety devices that have ever been recommended or brought to the attention of the committee for use on these burners.

Many other maintenance projects were carried out but those mentioned above were the larger ones.

In closing this annual report, I call attention to the excellent spirit of teamwork experienced in Kittery schools this year. The cooperation of our school people and the interest and understanding of the public have contributed to making 1958 an unusually good year.

Respectfully submitted,

CHARLES PUFFER

Superintendent of Schools

**REPORT OF THE PRINCIPAL
ROBERT W. TRAIPI ACADEMY**

From: Stanford I. Trask, Principal, Robert W. Traip Academy

TO: Joint Committee for Robert W. Traip Academy

The following constitutes my second annual report:

In light of Dr. James B. Conant's two-year study "The American High School", the results of the state curriculum committee, the evaluation of Maine High Schools and other study organizations and evaluation groups, we, who are responsible for the secondary education of the youth of our community, state and country, find ourselves confronted with many questions and decisions. As a situation arises at Robert W. Traip Academy, the staff and administration try to make their decisions based on what is best for each student as an individual. "Quality education for all" is our lamp light for this year and each year in the future.

The nucleus of a good school is the teaching staff. Holding good teachers is the responsibility of the administrators, school committees, student bodies, and communities. This year we were able to hold all but one of our teachers from the previous year. If the student body becomes stable, then a small per cent of teacher turnover would be desirable; but when the student body grows at a rate that requires the addition of new teachers each year, we should try to hold our qualified teachers. It is the belief of the Maine State Department of Education and other professional educators and educational groups that the average length of service of a teaching staff in a high school should be at least five years—at the present the Robert W. Traip Academy teacher average is 4.3 years. This tenure of teachers adds stability to the philosophy and allows the execution of plans that require time and thought. The present staff is professionally alert, adequately prepared, and willing to work. It is our responsibility to hold this staff.

The student body of Robert W. Traip Academy continues to grow, and from the present evidence, it will continue to grow for a few more years. A definite plan must be voted in the very near future in order to meet the future needs. The parents of future students do not want their children housed in sub-standard rooms as was necessary before the Cook Building was constructed.

The student body continues to be a group of young ladies and gentlemen of whom we, as school personnel, and you, as citizens of Kittery, can be justly proud.

The curriculum at Robert W. Traip Academy is constantly under evaluation and study, both in terms of what courses will be taught and what material will be covered in any given course. The Social Studies department has taken the first step in implementing its new program. In the school year 1959-60 the program will be operating in its entirety. Due to the fact that the elementary school is doing an outstanding job teaching general science, we have replaced general science with physical science for our College Preparatory and Technical Mechanical Courses. The fourth year of college mathematics sequence has been revised to meet the needs of the students and better qualify our students to take College Board Examinations. Investigations and studies will start soon in other fields of study. As was stated in last year's report, changes for changes sake will not be made. All changes will be made to insure a better quality of education for the school children of Kittery, and studies will start with consultation with the personnel of the elementary school.

With the exception of the gutters on the Main Building the school plant is basically sound, and only slight repairs and alterations will be necessary in the foreseeable future.

Robert W. Traip Academy will be evaluated in the fall of 1959 with the desire to become accredited. This is in compliance with Section 98 C. 41, R. S. 1954 as amended. A school should be accredited if it is truly meeting the educational needs of the young people of secondary school age. Accreditation in and of itself will not guarantee a good school. However, the standards for accreditation are indicators of quality. If Traip is accredited, it will indicate the school will have a philosophy based on the educational needs of the students it is serving, an adequate staff of understanding and able teachers and administrators, a

building adapted to a carefully planned comprehensive program, and an effective guidance service.

Listed below are some of the steps that have been taken and will be taken by September 1959.

1. Enlargement of the library (bookwise)
2. Full time librarian
3. Full time guidance director
4. Additional chalk boards and bulletin boards
5. Hand rails on all stairwells
6. Escape door for the furnace room in the Main Building
7. A written philosophy for Robert W. Traip Academy
8. A course in health education
9. Proper size classes and teaching loads
10. Follow-up study of graduates

In September, 1959, it appears there will be two major problems that will have to be solved for the school to qualify for accreditation. They are setting up a four year physical education program for all students and providing adequate space for the home economics program. It is impossible for us to anticipate the number of minor changes that a visiting committee would make. However, most of these minor recommendations will not require additional funds. One of the advantages of being evaluated is that the school will be judged objectively by a group of professional educators, and they will point out ways to utilize better the existing space, teachers and materials. In essence, they will perform a service similar to consultants.

For the continued support and cooperation of the Board of Trustees and Joint Board, I wish to extend my appreciation and to Mr. Puffer my sincere thanks for his professional guidance.

Respectfully submitted,

Stanford I. Trask

**REPORT OF
THE KITTERY SCHOOL BUILDING COMMITTEE
FOR THE NEW NORTH KITTERY SCHOOL**

Since the last report to the town, several meetings with the bonding company were held. After considerable discussion, agreements were made which were satisfactory. The bonding company assumed responsibility for all points in question and all deficiencies were subsequently corrected.

The Town received the full amount of the federal allotment and will be able to do more grading and some of the seeding necessary with the unexpended balance.

The Committee is happy to report that the contract has been completed and, in addition to this, the Committee was able to do some hot-topping in conjunction with the superintending school committee, completing the driveway and a good sized parking area and the areaway leading to the back entrance to the school.

The Committee is happy to report that the entire new North Kittery School was completed with the amount of the original appropriation by the Town, plus the federal allocation for the addition and equipment.

The Committee recommends that the new school be named the **Dr. Edward E. Shapleigh School** and has asked that an article be placed in the warrant for the annual meeting of 1959 to enable action to be taken on this recommendation.

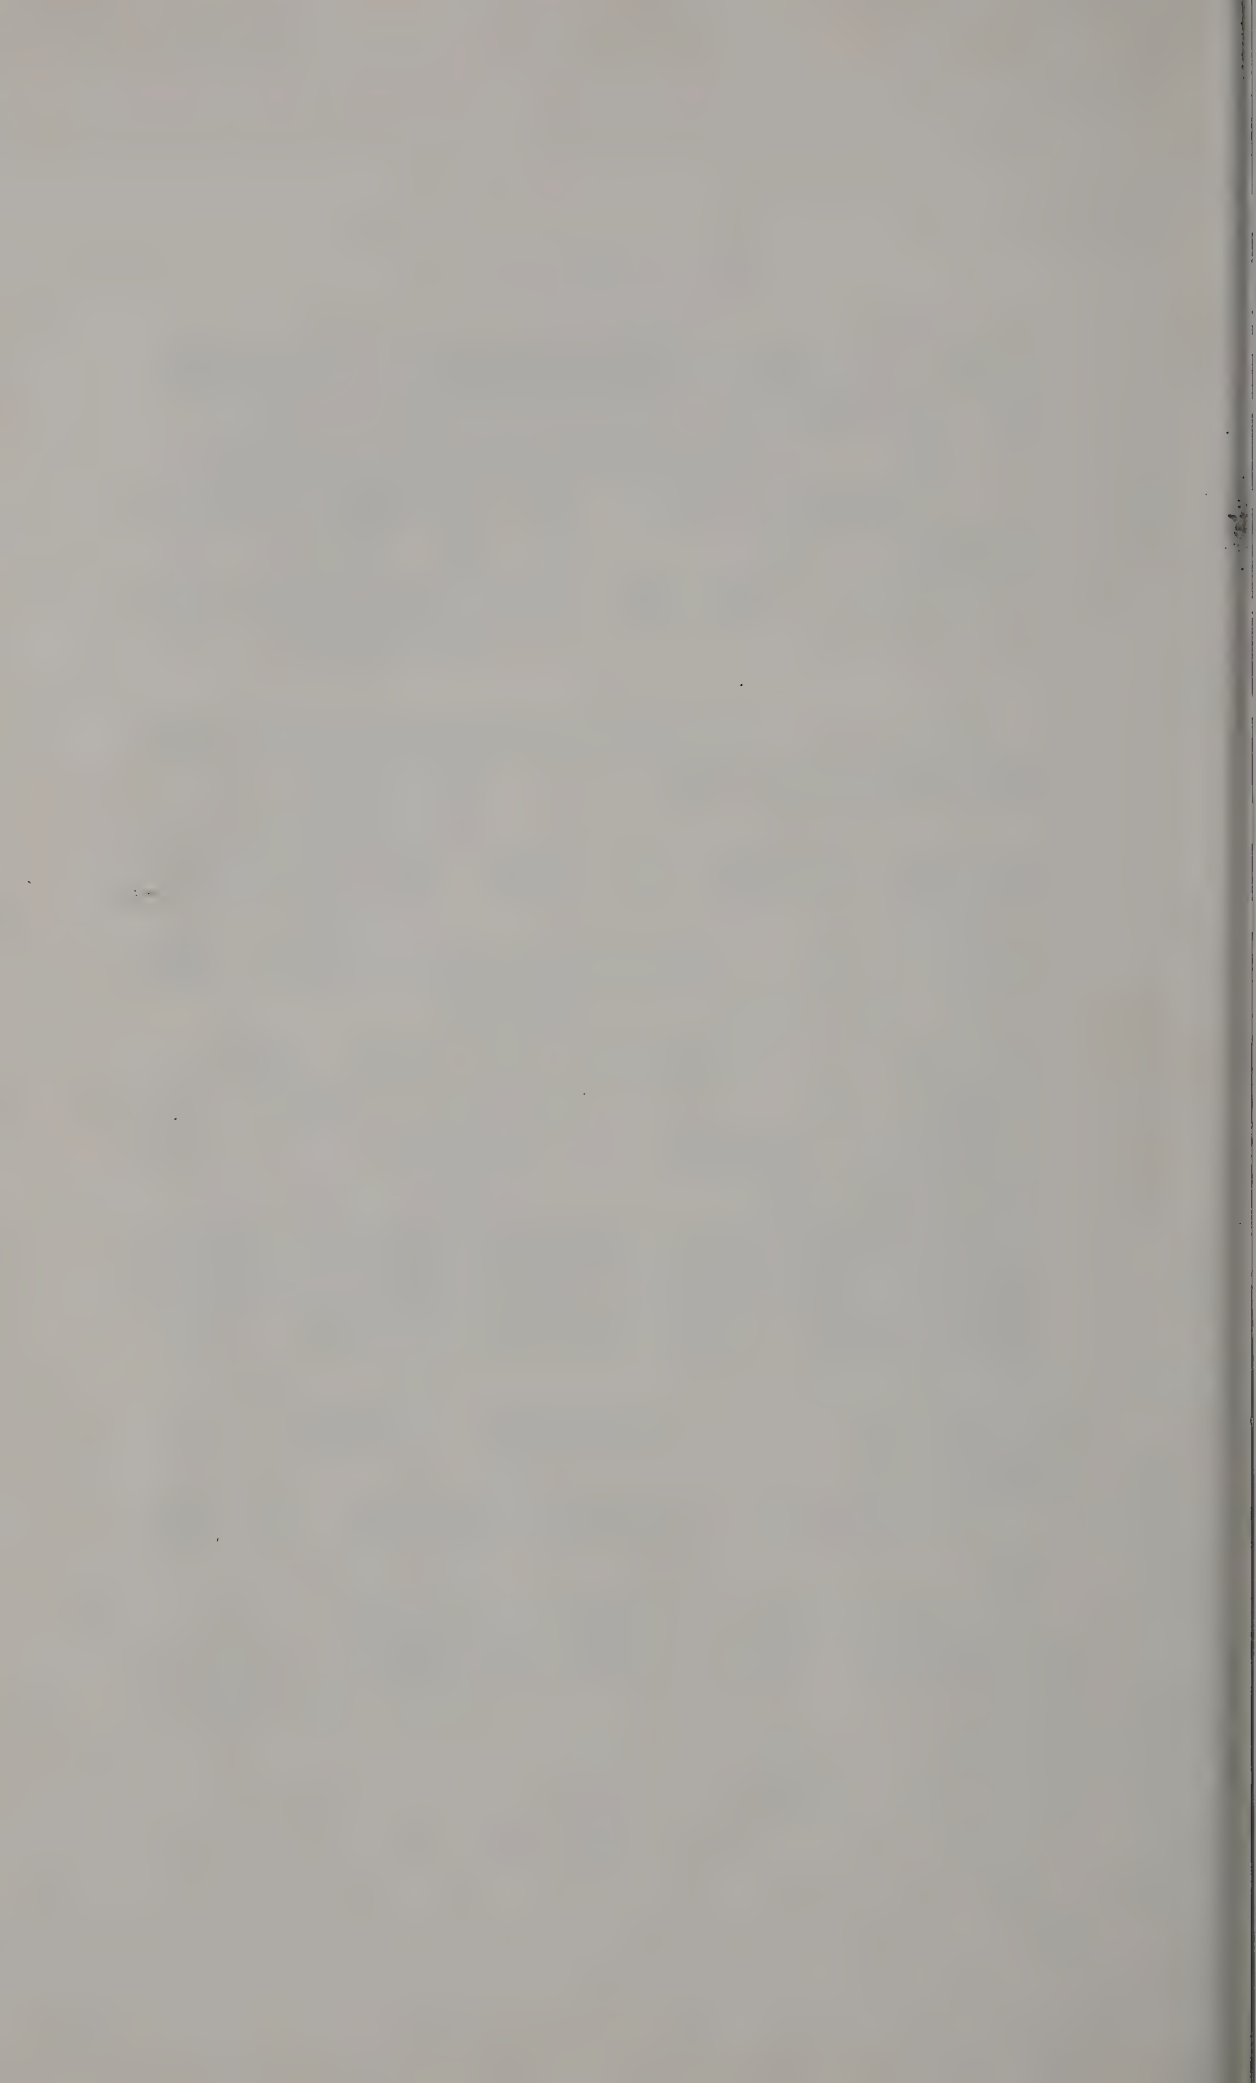

Respectfully submitted,

S. H. Wells Moulton

Leon E. French, Jr.

Warrant for Annual Town Meeting

AND RECOMMENDATIONS OF THE BUDGET AND FINANCE COMMITTEE

State of Maine

York ss.

To Charles E. Cutten, a constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the Inhabitants of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 7th day of March, 1959, A. D. at seven forty-five o'clock in the forenoon to act on the following articles, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, Selectmen, Assessors, Overseers of the Poor, Treasurer, School Committee, Budget Committee and all other necessary town officers for the ensuing year.

THIRD: To see if the town will vote to recess this meeting to the Traip Academy Auditorium at two o'clock in the afternoon, March 7, 1959 to consider the rest of the articles in the warrant.

FOURTH: To see what sum the town will vote to raise and appropriate for Administrative Expenses.

The sum of \$19,150.00 is recommended.

FIFTH: To see what sum the town will vote to raise and appropriate for Officers Salaries.

The sum of \$12,425.00 is recommended.

SIXTH: To see what sum the town will vote to raise and appropriate for Public Works.

The sum of \$55,500.00 is recommended.

SEVENTH: To see if the town will vote to purchase a new Road Grader, turn in the old one and raise and appropriate a sum of money for the same.

Disapproval of this article is recommended.

EIGHTH: To see what sum the town will vote to raise and appropriate for State Aid Road Construction.

The sum of \$3,198.00 is recommended.

NINTH: To see what sum the town will vote to raise and appropriate for the maintenance of the Police Department including the Central Office.

The sum of \$42,395.00 is recommended.

TENTH: To see if the town will vote to purchase a new Patrol Car for the Police Department and to see what sum of money the town will vote to raise for the purchase, maintenance and equipment for the same. It is suggested that the sum of \$3,500.00 be raised for this article.

Recommend turning in present Patrol Car, purchase a new one and raise the sum of \$1,600.00.

ELEVENTH: To see what sum the town will vote to raise and appropriate for Street and Traffic Lights.

The sum of \$10,000.00 is recommended.

TWELFTH: To see what sum the town will vote to raise and appropriate for Aid to Dependent Children.

The sum of \$700.00 is recommended.

THIRTEENTH: To see what sum the town will vote to raise and appropriate for Support of Poor.

The sum of \$14,000.00 is recommended.

FOURTEENTH: To see what sum the town will vote to raise and appropriate for the employment of a Public Health Officer.

The sum of \$800.00 is recommended.

FIFTEENTH: To see what sum the town will vote to raise and appropriate for the Maintenance of the Fire Departments.

The sum of \$13,656.75 is recommended.

SIXTEENTH: To see what sum the town will vote to raise and appropriate for Hydrant Rental.

The sum of \$10,670.00 is recommended.

SEVENTEENTH: To see what sum the town will vote to raise and appropriate for Common Schools.

The sum of \$180,298.48 is recommended.

EIGHTEENTH: To see what sum the town will vote to raise and appropriate for the Maintenance of School Property.

The sum of \$19,943.17 is recommended.

NINETEENTH: To see if the town will vote to authorize the Superintending School Committee to contract with and pay a sum not to exceed the amount raised for a Free High School, to the Trustees of the Robert W. Traip Academy, for the tuition of its pupils in accordance with the provisions of Section 105, Chapter 41 of the R. S. of 1954 or any amendments thereto.

Approval Recommended.

TWENTIETH: To see what sum the town will vote to raise and appropriate for a Free High School.

The sum of \$110,170.20 is recommended.

TWENTY-FIRST: To see what sum the town will vote to raise and appropriate for payment on its debt.

The sum of \$23,600.00 is recommended.

TWENTY-SECOND: To see what sum the town will vote to raise and appropriate to pay interest on its debt.

The sum of \$5,902.75 is recommended.

TWENTY-THIRD: To see if the town will vote to authorize the Selectmen and Treasurer to procure temporary loan or loans in anticipation of taxes for the purpose of paying the obligations of the town, said loan or loans to be paid during the current municipal year out of money raised during the current municipal year by taxes.

Approval recommended.

TWENTY-FOURTH: To see what sum the town will vote to raise and appropriate to pay interest on temporary loans.

The sum of \$5,000.00 is recommended.

TWENTY-FIFTH: To see what sum the town will vote to raise and appropriate for the purpose of spraying for Gypsy Moths and for spraying to Destroy Bushes along the town ways as requested by the Department of Agriculture.

The sum of \$1,200.00 is recommended.

TWENTY-SIXTH: To see what sum the town will vote to raise and appropriate for Development Work at Fort McClary Park.

The sum of \$400.00 is recommended.

TWENTY-SEVENTH: To see what sum the town will vote to raise and appropriate for care of Parks, Greens and Veterans Graves.

The sum of \$400.00 is recommended.

TWENTY-EIGHTH: To see what sum the town will vote to raise and appropriate for its share in the Employees Retirement Fund for the ensuing year.

The sum of \$3,200.00 is recommended.

TWENTY-NINTH: To see what sum the town will vote to raise and appropriate for the employment of a Public Health Nurse.

The sum of \$4,000.00 is recommended.

THIRTIETH: To see what sum the town will vote to raise and appropriate for the advertising of the Natural Resources, Advantages and Attractions of the State of Maine, to be paid to the State Publicity Bureau, in accordance with Chapter 91, Section 108 of the Revised Statutes.

The sum of \$200.00 is recommended.

THIRTY-FIRST: To see what sum the town will vote to raise and appropriate for Civil Defense.

The sum of \$2,000.00 is recommended.

THIRTY-SECOND: To see what sum the town will vote to raise and appropriate for the observance of Memorial, Veterans and other Patriotic Days under the jurisdiction of the Veterans Council.

The sum of \$450.00 is recommended.

THIRTY-THIRD: To see what sum the town will vote to raise and appropriate for the control of the Dutch Elm Disease.

The sum of \$500.00 is recommended.

THIRTY-FOURTH: To see what sum the town will vote to raise and appropriate for the maintenance and improvement of the town wharves.

The sum of \$445.00 is recommended.

THIRTY-FIFTH: To see what sum the town will vote to raise and appropriate for the maintenance and improvement of Memorial Field.

The sum of \$1,500.00 is recommended.

THIRTY-SIXTH: To see if the town will vote to authorize the Selectmen to carry on the town's business during the period of closing the books December 31, 1959 to Town Meeting Day.

Approval recommended.

THIRTY-SEVENTH: To see if the town will vote to raise and appropriate the sum of \$1,500.00 and empower the Selectmen to enter in contract with the proper Federal and State Agencies for planning purposes as recommended by the Town Planning Board.

The sum of \$1,500.00 is recommended.

THIRTY-EIGHTH: To see if the town will vote to raise and appropriate the sum of \$50.00 for decoration and maintenance of the Community Christmas Tree during the holidays.

The sum of \$50.00 is recommended.

THIRTY-NINTH: To see if the town will vote to accept the list of Cemetery Trust Funds.

Approval recommended.

FORTIETH: To see if the town will vote to authorize the Selectmen and Treasurer to sign Tax Liens and Deeds for the town.

Approval recommended.

FORTY-FIRST: To see if the town will vote to authorize the Selectmen to appoint a committee of seven members to act as a School Building Planning Committee, and raise the sum of \$100.00 for expenses.

Approval recommended.

FORTY-SECOND: To see if the town will vote to authorize the Selectmen to appoint a committee of seven members for the care and improvement of Sea Point Beach and raise and appropriate the sum of \$400.00 for the same.

The sum of \$400.00 is recommended.

FORTY-THIRD: To see if the town will vote to have its employees participate in Federal Social Security benefits and authorize its Board of Selectmen to enter into an Agreement with the State Agency as designated in Chapter 395 of the Public Laws of 1951 for that purpose, and fix the effective date thereof.

Approval recommended.

FORTY-FOURTH: To see what amount of money the town will appropriate to pay its share of the cost of the Social Security plan as provided for in the preceding article.

The sum of \$1,000.00 is recommended.

FORTY-FIFTH: To see if the town will vote to appropriate \$3,500.00 for the reconstruction of the westerly end of Williams Avenue to a point approximately 700 feet from Whipple Road.

The sum of \$3,500.00 is recommended.

FORTY-SIXTH: To see what sum the town will vote to raise and appropriate for un-improved roads.

Disapproval recommended.

FORTY-SEVENTH: To see if the town will vote to authorize the Selectmen to apply for Federal Aid that may be available to the Town of Kittery.

Approval recommended.

FORTY-EIGHTH: To see if the town will vote to install two street lights on Philbrick Road, one on Pole No. 2-27-6 and one on Pole No. 2-27-7 and raise a sum of money for the same. The foregoing upon petition of Jean Storer and eleven others.

Approval recommended.

FORTY-NINTH: To see if the town will vote to install one street light on Pole No. 2-83-26 on the curve on the Martin Road and raise a sum of money for the same. The foregoing upon the petition of Mrs. Ellen Berry and thirteen others.

Approval recommended.

FIFTIETH: To see if the town will vote to install one street light on Pole No. 2-23-1 on Bowen Road and raise a sum of money for the same. The foregoing upon petition of Cyril G. Armsden and seven others.

Approval recommended.

FIFTY-FIRST: We, the undersigned residents of the Town of Kittery, request that a street light be installed on the electric light pole No. 2-68-14 in front

of the property owned by Margaret and Spencer Smith on Stevenson Road and raise a sum of money for the same. The foregoing upon petition of George J. Bidlen and fifteen others.

Approval recommended.

FIFTY-SECOND: We, the undersigned, petition the Town of Kittery to have a street light installed on Lewis Avenue on second light pole in from Love Lane. Pole No. 2-99-1 and raise a sum of money for same. The foregoing upon petition of Harvey Wilson and twelve others.

Approval recommended.

FIFTY-THIRD: To see if the town will vote to install one street light (11000 lumen) at the intersection of Walker Street and U. S. No. 1 and raise a sum of money for same.

Approval recommended.

FIFTY-FOURTH: To see if the town will vote to cooperate with the Department of Sea and Shore Fisheries in the re-establishment of the clam beds at Brave Boat Harbor and raise a sum of money for this purpose.

Approval recommended and the sum of \$300.00 be raised.

FIFTY-FIFTH: To see if the town will vote to authorize the Selectmen to use its highway equipment on Knight Avenue, within the town, whenever the Selectmen deem it advisable in the best interest of the town, for fire and police protection, as provided in Chapter 96, Section 32 of the Revised Statutes of 1954. The foregoing upon the petition of Leo M. Young and 36 others.

Approval recommended in concurrence with Town Planning Board.

FIFTY-SIXTH: To see if the town will vote to purchase the so-called Hayes Block property owned by Samuel Kolikof and located in Kittery Village, provided same costs no more than \$7000.00 and the Meyer property adjoining owned by Frank and Rudolph Bitomski, provided same costs no more than \$12,000.00 remove the buildings and make a public parking area with parking meters. And to see if the

town will vote to borrow the sum of twenty-five thousand dollars to pay for said property if purchased and for the expense of removing the buildings and grading and surfacing.

Disapproval recommended.

FIFTY-SEVENTH: To see what sum the town will vote to raise and appropriate for the improvement of Martin Road. The foregoing upon petition of Lloyd E. Moore and 90 others.

Disapproval recommended.

FIFTY-EIGHTH: To see if the town will vote to appropriate the sum of one thousand dollars to be used to buy books to be placed in the Rice Public Library for use of the citizens of the town. The foregoing upon the petition of Margaret Sullivan and 22 others.

The sum of \$300.00 is recommended.

FIFTY-NINTH: To see if the town will vote to pay Everard J. Moulton the sum of five hundred dollars for land and trees taken in widening and improving Haley Road and for damage done by water caused to flow over his land. The foregoing upon petition of Frank Kauffman and 16 others.

Disapproval recommended.

SIXTIETH: To see if the town will vote to install a blinker light on U. S. State Highway No. 1 at Sterling Road, and raise a sum of money for the installation and maintenance of same. The foregoing upon petition of W. B. Waters and 25 others.

Disapproval recommended.

SIXTY-FIRST: To see if the town will vote to name the new North Kittery Elementary School the Dr. Edward E. Shapleigh School. The foregoing upon recommendation of the North Kittery Elementary School Building Committee.

Approval recommended.

SIXTY-SECOND: To see if the town will vote to authorize the Board of Selectmen to appoint a Park Commission of 5 members, two for three years, two for two years and one for 1 year, to supervise the development and maintenance of all town parks and administer the appropriated town moneys for parks. This committee to work with the Planning Board and

request town appropriations in accordance with decisions of the above mentioned boards.

This article recommended by the Kittery Planning Board.

SIXTY-THIRD: To see if the town will vote to adopt the following ordinance: Any person, not a resident of Kittery, who abandons or discards waste products or refuse in any area established by the Selectmen of Kittery as a Town Dump shall be fined not more than \$10.00 upon conviction for each offense.

SIXTY-FOURTH: To see if the town will vote to install a hydrant on the west side of Badgers Island near the residence of Milo Perkins.

SIXTY-FIFTH: To see if the town will vote to install a hydrant on the Interstate Highway near the Valle Motel.

SIXTY-SIXTH: To see what sum the town will vote to raise and appropriate for the purpose of providing engineering services.

The sum of \$500.00 is recommended.

SIXTY-SEVENTH: To see if the town will vote to authorize the Selectmen to appoint a committee of 5 members to make a study of assessment practices of the town. Said committee to report to the Selectmen prior to 1 July 1959 giving their recommendations for improving the existing practices.

SIXTY-EIGHTH: To pass any other vote or votes that may legally come before said meeting.

The Selectmen give notice that they will be in session for the purpose of correcting the list of voters at the Selectmen's Office February 25th and 26th from 7:00 to 8:00 P. M. The polls will be open at 8:00 A. M. and will close at 12:30 P. M. The meeting for consideration of the articles will be called at 2:00 P. M., March 7, 1959 at the Traip Academy Auditorium.

Given under our hands this 24th day of February, A. D. 1959.

REPORT OF
THE SELECTMEN

TO THE INHABITANTS OF THE TOWN OF KITTERY:

Your Selectmen are pleased to give to the people of the town the following report and summary of some of the more important happenings occurring during the past year.

Although costs of services and materials have continually increased during the year the town has closed its books for the year 1959 with a surplus of \$7,588.25. Although there were overdrafts in some accounts these were more than offset by unexpended balances in other accounts. This surplus will be credited against the money to be raised in 1960. Primary among these overdrafts was that of \$1,558.76 in the Police Department. Contrary to what might be assumed, this overdraft was not caused by the raise in salary given to Chief of Police. The cause of this overdraft was fourfold. The first of these was unanticipated repairs to the police cruiser. Second, telephone charges exceeded budget amount. Third was the extended fatal illness of Wesley Davis, the assistant Chief of Police. This made it necessary to hire a replacement for an extended period of time costing approximately \$420.00. The fourth contributing factor was the large increase in the cost of care of dogs. This item alone exceeded the budgeted amount by \$900.00. and has become a serious problem to the town. Every effort is being made to keep this cost down. During the past year 298 stray dogs were picked up and disposed of as well as 76 dead dogs and numerous other calls made regarding dogs.

Next it seems appropriate to say a few words in regard to taxes as this is always a topic of discussion at this time of year. During the last assessment season further progress was made toward the correction of existent inequalities. A new method was adopted toward the assessment of trailers which are now assessed on a square foot basis the same as houses. A committee of townspeople was appointed shortly after town meeting to make a study of tax assessment practices in the town and a report was subsequently made to the Selectmen. The primary recommendations of this report are as follows:

1. The Chairman of the Board of Selectmen shall maintain headquarters in the Town Hall to allot and supervise the work.

2. The four other assessors shall form teams of two men each.

3. The two men on each team shall work together on each assessment assigned to them, so as to obtain prompt, joint opinion in each case to turn in to headquarters for checking and listing.

The committee further stressed the value of tax maps and recommended their procurement as soon as possible. It is further recommended that until tax maps can be secured the Portsmouth method of assessing be adopted.

Subsequent to the receipt of this report a conference was held with representatives of the State Tax Assessors office and the Maine Association of Assessing Officers. It was the recommendation of the State Tax Assessor that the assessing practices remain unchanged until such time as a professional reassessment can be made. He further advised that until such time as tax maps can be prepared a professional reassessment is a waste of money. Therefore the logical first step is the preparation of tax maps. The first thing necessary in the preparation of the maps is the making of aerial photographs of the entire town. This has been accomplished by the Town Planning Committee with the assistance of the State and Federal Governments through the matching funds program. The next and following steps cannot be accomplished with matching funds and must be entirely financed by the town if they are to be accomplished. Specifications have been drawn up for the maps and associated data but these were not prepared in sufficient time to obtain bids prior to this town meeting. Therefore, funds are not being requested at this time.

Considerable progress has been made this year toward the eventual acquisition of property at the Sea Point Beach area. Owners of the various parcels of property have been ascertained and are presently being contacted.

Work on restoration of the clam flats at Brave Boat Harbor has progressed very satisfactorily. It has been determined that it will not be necessary to reseed the flats as sufficient seed is present. It will only be necessary to exterminate the green crabs and then properly control them. The Town of York has also been urged to participate in the program thereby speeding up the program.

Early in the summer the Town Farm was vacated and it was not considered advisable to attempt to further rent the building as considerable expenditure would be necessary to make the place habitable. Although it has been discussed on several occasions no decision has been made as yet on a recommended disposition for this property.

Since acceptance of the Admiralty Village Sewage system in 1949 there has been a consistent overexpended balance of the account while the plant is depreciating from year to year.

Due to positive need for some new equipment and always a chance of some unforeseen breakdown it was considered dangerous to continue operation without a raise in rates and so it was decided to do so on Jan. 1st, 1959, the rate change however did not take place until May 1, 1959 because federal participation could not be started until that time.

A raise of fifty cents per month bringing total yearly charges to eighteen dollars per unit per year plus the help of the new state law effective in September 1958 which states that if a sewage charge is not paid an assessment may be made against the real estate for full collection, has placed the system in a much more satisfactory financial condition.

During 1959 a new chlorinizer was installed which is completely automatic and much more economical than the old manually controlled one that it replaced, this cost \$1106.00 and the installation of a new flo watch meter which records daily flow of contents through the system cost an additional \$792.00. These two pieces of equipment cost \$1898.00 and should last a long time. A new oil burner has been installed at the service and maintenance building in the existing boiler with storage tank for oil and also all necessary automatic controls, piping etc. at a cost of \$336.50.

The average yearly overdrawn balance from 1949 to 1959 incl. was approximately \$4250.00 the only major expenditure being in 1957 when a breakdown occurred and about \$1250.00 had to be spent.

When the new rate was applied it was assumed it would require about five years to bring the account into balance but if things go well the system should be out of the red and perhaps have a reasonable surplus to operate on in case of unforeseen breakdown which could cost one and possibly two thousand dollars.

With these recent major expenditures of \$2234.50 all paid for, the system starts the year 1960 with a deficit of \$2771.21 which we believe is a much improved financial condition and also reflects the need for the higher rate now being charged.

The board feels that the system is now in fairly good condition however a breakdown can occur at any time in a system such as this.

There is a feeling that the main plant should be properly fenced in for the protection of children, which would cost considerable, and can only be undertaken when funds are available.

The welfare appropriation of \$10,000 this year has ended with an unexpended balance of \$406.23 however the Aid to Dependent Children appropriation of \$700.00 was overdrawn by \$419.24. This overdraft was caused by an increase of Mother's Aid cases from 4 to 6. We are presently starting out 1960 with 7 Mother's Aid cases. The surplus commodities program has been continued throughout the year and although it has been of no financial aid it has given persons a little more help for the food they need. The following goods were received this year for distribution to qualified recipients. Rice, 200 lbs., dry egg powder, 48 lbs., corn meal, 100 lbs., flour 200 lbs., butter, 66 lbs. and dry milk, 150 lbs.

In midsummer one of the members of the Board, Carroll Sterling, resigned from office. In answer to many inquiries which have been made as to why a replacement was not appointed, this is not permitted under State Law. The only manner in which a vacancy may be filled is by special election. As the heavy workload of the year, that of assessing, was already behind us, your selectmen did not feel that it was necessary to put the town to the additional expense of a special election to fill this vacancy. Therefore, at this election three vacancies will exist to be filled instead of two. One of these will be for two years to fill Mr. Sterling's unexpired term and the other two vacancies for three years. Also during the winter, our Chief of Police, Charles Cutten resigned to accept other employment. This position has been advertised and several applications received. It was decided by the board that no appointment would be made until after the annual election as the possibility exists that the majority of the board would be new members, there being 3 vacancies to fill. In

the interim, the assistant chief of police, Albert Martin has been doing satisfactory work in operating this department.

As was voted at a prior town meeting, a deed to the sidewalk adjoining the Fraternal Building has been obtained by the town. There is an article in this year's warrant for reconstruction of this sidewalk which is in very poor and a hazardous condition. Estimates have been obtained for both the repair of the existing sidewalk and for its complete reconstruction. It is the opinion of the board that the entire sidewalk from Walker Street to the west end of the Fraternal Building should be reconstructed.

Another article to be found in this year's warrant is that of conversion of the town's radio system. It is to be pointed out that this conversion is a requirement of the Federal Communications Commission and must be made prior to 1 August 1960 if we are to continue to operate on the air. An estimate of the cost of this conversion has been obtained which is \$9000.00. Civil Defense matching funds can be utilized for a portion of this conversion and it is estimated that the eventual cost to the town will be approximately \$5000.00 with the states share \$4000.00. However the entire cost must be asked at this time as it sometimes takes several months for the matching funds to come through and the conversion must be complete by 1 August.

In conclusion the Board of Selectmen desire to express their thanks to the many committees and boards of the town who have faithfully served through the year without remuneration and without whose valuable assistance it would not have been possible to operate the town. We further congratulate them for a job well done.

Certificate of Audit

February 11, 1960

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1959, as required by Chapter 91, Section 142, of the Revised Statutes of 1954.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all precedures which were considered necessary in the circumstances. Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operations for the municipal year ended December 31, 1959.

Respectfully submitted,

L. EVERETT OUTHOUSE

COMMENTS

CASH BALANCE

The cash balance, as noted in the Balance Sheet, was reconciled, and a written confirmation of the balance was made with the bank.

UNCOLLECTED TAXES AND LIENS

Unpaid taxes and tax liens at December 31, 1959 were verified by written confirmation, to the extent deemed necessary, at the time of audit.

TOWN DEBT

Outstanding notes and bonds payable, were verified by written confirmation with the various payees.

GENERAL

The procedure for keeping the municipal records of the Clerk-Tax Collector and Treasurer was examined, and found to be adequate, and in compliance with the General Laws of the State of Maine.

The Selectmen's records are kept by a double entry method of bookkeeping, and a trial balance is taken regularly. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26 of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise Tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. All Trust Fund Investments and Savings Accounts were physically verified.

Various laws relating to the administration of the fiscal affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

Note: A complete copy of the Auditor's Report is on file in the Selectmen's Office.

Report of the Budget and Finance Committee

The budgets this year showed a general tightening in all departments, indicating an awareness of mounting costs and a desire to keep expenses at a minimum. Never-the-less, several worthwhile projects have been disapproved or curtailed of necessity.

Continuing the practice we inaugurated last year, a list of comparative figures of funds appropriated, proposed, and recommended, is printed with this report.

	Approp. 1959	Asked 1960	Recommended 1960
Administrative	17,500.00	19,450.00	19,450.00
Officers Salaries	11,900.00	12,500.00	12,800.00

Respectfully submitted,

SADIE L. BROOKS

Treasurer

Kittery, Maine

Jan. 10, 1960

To the Selectmen and Citizens of Kittery, Maine.

The Eleventh and Final Report of the R. W. Traip Academy Revolving Fund, for the period January 1 through December 31, 1959, is submitted for publication in the Annual Town Report.

The Revolving Fund was instituted at the Annual Town Meeting in March 1949 and it was believed at that time the Fund would be self supporting. However, the increase in cost of athletic equipment and for officials at games has proven this to be untrue. Your attention is invited to the Financial Statement which shows the expenditures exceeding the receipts by the sum of \$1128.32.

In order to continue the Athletic Program at the Academy it will be necessary for the Town to subsidize part of the cost. Therefore the Joint Board for Traip Academy voted to discontinue the Revolving Fund; to transfer the balance on hand to the Academy Athletic Fund and to include, in the Academy Budget for 1960, the sum of \$700.00 for the Program.

The accounts of the Treasurer have been audited by Mr. Theodore F. Weaver representing the Superintending School Committee and Mr. Franklin G. Wilson representing the Trustees of R. W. Traip Academy and approved by them as being correct.

**R. W. TRAIPI ACADEMY REVOLVING FUND

PLANNING BOARD REPORT

To the Citizens of Kittery:

During the past year, your Planning Board has acted to implement the Comprehensive Plan for Municipal Development which was first prepared during 1958 and 1959. Major areas in which work has continued to move ahead include (1) zoning revision (2) capital expenditures programming (3) the preparation of subdivision regulations and street standards, (4) the planning of recreation areas and open space development, (5) base mapping, and (6) the enunciation of general planning policies. Much of this work has been supported by Federal and State matching funds. These have been provided through the Maine Department of Economic Development as a part of its program for local assistance.

Aerial Photography

A very essential part of the Board's continuing program has been to secure adequate and up-to-date aerial photography for the Town. This work has now been completed and as a result of photographic flights made in December, 1959, the Board has obtained a complete set of (1) photographic contact prints at a scale of 400'/" with stereoscopic overlap, (2) photographic enlargements of the entire Town at a scale of 200'/" , and (3) photographic enlargements of Kittery Foreside at a scale of 100'/" . An exposure index of all aerial photography is also available in the Planning Board Office for those who wish to use these prints.

The Board has further explored the possibility of preparing an accurate planimetric base map for the entire Town by photogrammetric methods from the completed aerial photography.

Zoning Revision

The revised zoning ordinance was prepared printed and distributed to every citizen. Two public hearings were held and much discussion took place as to its content and the advisability of bringing the 1952 Town Ordinances (which include zoning) up to-date to comply with the laws of the State of Maine. Revisions were made and submitted at a Special Town Meeting at which time action was indefinitely postponed. The ordinance was then sent to the legal department of the Maine Municipal Association for its legality. It has again been reprinted and distributed

and will be voted upon by Australian (some times called secret) ballot. Round table discussions have been held throughout the town to acquaint the voters in its interpretation and to answer questions from the citizens point of view.

Public Improvements Program

At the present time, the Planning Board is engaged in the preparation of a capital improvements program in close collaboration with the Board of Selectmen, the Budget and Finance Committee, and all the boards and committees of the Town which have the authority to make capital expenditures.

The essential purpose of the public improvements program is to relate the proposed expenditures of funds for all required capital outlays to Kittery's total revenue prospects, and, therefore, to its ability in the long run to pay for such outlays while at the same time maintaining an effective level of public services, a stable tax rate, a minimum amount of long-term debt, and a sound municipal credit rating.

A "public improvement" refers to (1) the acquisition of land, (2) the construction of utilities, roads, or buildings, or (3) the purchase of major equipment. In order to be classified as a public improvement or a capital outlay, a project must represent a tangible betterment, a lasting improvement, and/or a non-recurring expenditure which results in some major physical asset for the Town.

When completed, the public improvements program will provide a sound financial plan for the physical development of Kittery. The program is designed specifically to provide a recommended capital budget for the coming fiscal year, 1961, as well as a projection of capital needs and resources for an additional five-year period, 1962-1966. It is anticipated, that in each succeeding year, the program will be reviewed, a new capital budget recommended for the then forthcoming fiscal year, and the total program projected ahead for another five-year period.

The public improvements program is not intended to replace the annual budget work of the Finance Committee, but to supplement that work by providing long-range perspective for annual budget decisions. The usefulness of the public improvements program as a guide to intelligent budget decisions can be seen in the fact that the 1959 Town Meeting was asked to vote upon more than \$50,000 in proposed capital outlays. The public improvements program

will not commit the Town or its officials to the expenditures outlined. It is designed simply to give factual information so that Budget and Finance Committee recommendations may be formulated, and Town meeting action taken, from positions which are fully informed.

Subdivision Regulations and Street Standards

The Planning Board is also engaged in the preparation of standards which will govern both the construction and acceptance of streets in Kittery, and the conversion of raw land into five or more building lots. Such standards will establish minimum requirements for (1) street rights-of-way, alignment, drainage and construction, (2) land subdivision design and platting, and (3) land improvement including the provision by the developer of streets, grading, and necessary utilities prior to approval of the plat for record, and prior to acceptance of any rights-of-way by the Town.

Kennebunk Planning Board:

This Board came for a visit to talk over mutual problems, inspect the maps on display in the Selectmen's Office and to determine modes of procedure in planning for small towns.

Town Roads for Acceptance:

Three proposed roads were submitted to the Selectmen for future acceptance and at the latter's request your Board studied them. All failed to meet some technical requirements and are now being brought up to standard for re-submission.

Fort Foster:

The research and planning for this project were done with the cooperation of the Selectmen. Much time was spent on the project and Articles 71 and 72 in the Town Warrant is the result.

Seapoint Beach:

Work on this project was completed, the property lines run by a member of the Board and the Moulton Engineering Co. without charge and the town counsel has given his services without remuneration. Article 57 is therefore submitted to the town for decision.

Parking Lot:

Article 56 in the town warrant of 1959 was referred to the Board for study. In order to receive Federal Funds

for this undertaking "the municipal officers shall adopt a resolution that a slum or blighted area does exist, that the redevelopment of such an area is necessary in the interest of public health, safety, morals or welfare to the residents; municipal officers shall ask at a special or regular town meeting authority to undertake and carry out urban renewal projects; create an urban renewal authority, to borrow money, execute contracts, etc."

An agent from the New York Office of the Federal Housing and Home Finance agency inspected the entire block, omitting of course the Fraternal Building. This seemed to the majority of the members of the board to be too large a parking area and therefore the two properties, approximately 125 x 125 ft. became too small for Federal Aid.

REPORT OF KITTERY POLICE DEPARTMENT

TO THE INHABITANTS OF THE TOWN OF KITTERY:

I have the honor to submit a report of the activities of the Kittery Police Department for the year ending December 31, 1959.

During the year of 1959 the department made 301 arrests. Of these 35 were so-called criminal arrests and 266 were for motor vehicle violations. As in the past stop sign and speeding and also operating while under the influence were the most numerous with a total of 108 persons arrested for these violations. The other top violations were 43 for red light violations, 31 for operating without a license, 14 for imprudent driving, 11 for unregistered motor vehicle, 11 for passing on hills and curves, and a number of other motor vehicle violations which made the total of 266.

Other activities of the Police Department included:

948 complaints received and investigated, 209 calls for assistance of all types, 568 escorts of all types, 104 messages delivered, 19 lodgers, 160 doors and windows found open by officers on patrol duty, 301 parking tickets issued, 134 auto accidents investigated, 13 breaking and entering, 24 larceny—theft under \$50.00, 5 larceny—theft over \$50.00 and 6 auto thefts.

On our training program we had Officers Donald D. Smith and Richard C. Milliken attend the Maine State Police Training School in Augusta for Municipal Officers. This was a three week course. The Classes consisted of general police work. A training course is also being given by this department to the Civil Defense Auxiliary Police.

One new officer has been added to the department to replace the passing of our Asst. Chief of Police Wesley D. Davis which brings the total of six regular officers and three civilian employees.

In conclusion may I take this opportunity both for myself and the members of the Police Department to thank the Chiefs of the Kittery and Kittery Point Fire Departments and their men for their help in the past year and also our Road Commissioner and his men for their help in the past year.

Respectfully submitted,

ALBERT V. MARTIN

Acting Chief of Police

Kittery, Maine

Sea Point Beach Committee

REPORT OF THE HEALTH OFFICER

Board of Selectmen

Kittery, Maine

I hereby submit my report as health officer for the Town of Kittery for 1959.

The following contagious diseases were reported.

Chickenpox	279
Measles	315
German measles	30
Mumps	84
Scarlet fever	2
Impetigo	2
Oak Ivy	2

714

A great many school slips for colds and the like were made out for the convenience of the parents even though it is not a part of the health officer's duty.

A much better report could be made if the doctors and parents would report all cases of contagion.

All unsanitary cases reported were investigated and remedied according to law.

The freshman class at Traip Academy were examined as usual by Dr. Taylor and myself.

Respectfully submitted,

C. W. KINGHORN, M. D.

Health Officer

**REPORT OF
THE KITTERY PUBLIC HEALTH ASSOCIATION
FOR 1959**

Total visits for the year	2864
For bedside care and treatment	1715
Preschool health visits	380
Schoolage health visits	176
Adult health visits	104
Visits in behalf of patients	215
Cases admitted to service	206
Cases discharged from service	192
Full pay visits	889
Part pay visits	587
Free visits	239
No charge visits	1049
Well child clinics held	10
Children attending	351
Average attendance	35
Triple toxoid given	161
Salk polio vaccine given	215
Small pox vaccinations	94
Physical examinations	90
Fees received from patients—	
Full pay	\$1411.50
Part pay	549.20
Well child clinics	194.00
Donations	15.00
Total	\$2169.70

This amount turned over to Mr. Alfred Sterling, Treas.

The officers of the board of directors for 1959 were:

President—Mrs. Raymond Littlefield
 Vice President—Mrs. Chas. Knowles
 Secretary—Mrs. Alexander Farley
 Treasurer—Mr. Alfred Sterling

Services to the town and its residents are as follows:

1. Bedside nursing care and treatment, of any type, ordered by the family physician.
2. Instructions to members of the patient's family as to the care of ill member between nurse's visits, also demonstration of infant and child care to young mothers.

3. Well child clinics.

4. Cooperation with the State Public Health Service in checking cases of tuberculosis and their contacts, venereal diseases to prevent spread of disease and to see that those having the disease receive proper care and treatment.

5. Welfare work for our needy families.

Well child clinics were held in the Nurse's office, at the Town Hall, on the third Wednesday of each month, except July and August. This clinic is for children from infancy to schoolage and are well attended with an average of thirty five in 1959. Dr. Thomas Conroy M. D. is the attending physician. In September the State Health Department discontinued free distribution of Polio vaccine. Because of the high cost of the vaccine it is now necessary to charge one dollar per shot for polio vaccine and one dollar and fifty cents for the combination of triple toxoid for diphtheria, whooping cough, tetanus and the polio vaccine. This combination is given in a series of three shots, one month apart, then a fourth or booster shot in seven months to a year following, also another booster before starting school. Vaccination for smallpox are given for a fee of fifty cents. Free physical examinations will be given to each child on first visit and each six months thereafter if desired by the parent. We ask the parents not to bring children who are acutely ill with colds or running fevers, this is a well child clinic and we must protect the well child and prevent the spread of contagious diseases. I would like to express my appreciation to the following volunteer workers—Mrs. Halle Nau, Mrs. Myrtle Rankin R. N., Mrs. Virginia Prince R. N., Mrs. Louise Smith R. N., Mrs. Viola Phillips R. N., and Mrs. Theresa Tobey.

In May, both nurses were volunteer workers at the School Department sponsored clinic, held at the Frisbee School, at which time five hundred children received inoculations of triple toxoid and polio vaccine.

We have cooperated with the Selectmen in investigating cases of reported need in local families. Some of these calls were for food and clothing, others for medical assistance. Whenever possible help was given through local organizations and individuals. If the help needed was not available, a report was made to the Selectmen. We feel we have been able to save the taxpayers many dollars with this welfare work during the year.

Many articles of clothing, blankets and other household articles have been cleansed and remodeled by the Fix-

it Club under the direction of Mrs. Charles Prince Sr. These have been donated for our needy families. Their good work over the years is worthy of the appreciation of the Townspeople.

Boxes of used clothing have been left at our office by individuals and organizations. These clothes have been sorted and given out. Baby clothes and warm children's clothing, in good condition, are needed and may be left at the Town Hall.

During the Holiday Season we acted as clearing house for organizations and citizens wishing to contribute food, money or gifts for our underprivileged children and families.

We wish to express our appreciation and gratitude to the following who have helped in many different ways during the holiday season—The American Legion Auxiliary, The Evening Guild and Sunday School of the Methodist Church, The Demolay Mothers, Piscataqua Chapter No. 90 O. E. S., Past Matrons of the same, Future Teachers Ass'n. of Traip Academy, Frisbee P. T. A., Scout Troops of No. Kittery, Kittery Point, Wentworth Dennett area and Admiralty Village, Cub pack 303, and Brownie Troop of Old Post Rd., Naval Shipyard employees, Veterans of Foreign Wars, Salvation Army, Portsmouth Lodge of Elks, The Police Dept., York Assembly of Rainbow for Girls and several citizens not wishing to have names published.

A total of twenty one families with fifty six children received food baskets, clothing and gifts at Thanksgiving and Christmas. To the best of my knowledge no family was overlooked.

Services of the nurses are available to anyone residing in Kittery or Kittery Point. Treatment is carried out under the direction of the family physician. A fee of \$1.50 per visit is charged if the family is financially able to pay. Part pay or free service is given when necessary but no call is refused and the same service is given regardless of ability to pay. Calls are received at the Nurse's office Tel. ID 9-0776 each weekday from 8 to 9 A. M. or by calling Cole's Drug Store Tel. ID 9-0607.

On behalf of the Board of Directors, Mrs. Frances Orr R. N. and myself I wish to express our appreciation to all that have helped to advance the work of the Public Health Association.

Respectfully submitted,

Esther H. Linscott, R. N.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Citizens of Kittery:

Quality education is built, in most part, upon good instruction.

The work of teachers in Kittery schools is focused mostly upon teaching those subjects and developing those skills which are thought of and talked of as being fundamental to good education. A reasonable pupil-teacher ratio and the help of supervision tend to make the right conditions for teachers to do this job. The evidence of achievement tests leads us to believe that the job is being well done in both elementary and secondary schools. The results, in test scores and reports on college standings of Kittery students give a foundation for confidence in our teaching staffs, all the way from junior primary through the senior year at the Academy.

In doing their work in 1959-60, our junior high school pupils, particularly, are being helped by the greater availability of the library facilities in Frisbee School, the increased numbers and variety of reference and reading materials, the increased time allowance for work in the library, and especially by the services of a teacher who helps students learn to make the most use of the library and helps them with their particular book problems and with their studies.

One innovation of interest this year, is the introduction of television in the teaching of science in one fourth grade classroom at Mitchell School. This is a pilot program, being tried for the first time in one of our regular classrooms, to help us judge the usefulness of television as a teaching instrument. The P.T.A. of Mitchell School provided the television set. The program is being closely studied and evaluated as it progresses through the year and it will receive a further evaluation of its effectiveness at the end of the school year when decisions will be made about further use.

Two important forward steps toward better secondary education have been made at Robert W. Traip Academy this year. The Academy now has a full time librarian and it has a full time guidance position. Other forward steps have been made, but these two are very significant for two particular reasons. The librarian helps students to learn to help themselves in working independently; the guidance man helps students to find themselves in terms

of discovering their own qualities, aptitudes and abilities and to find the things that they can and want to study about and learn to do.

The principal, in his report for the Academy, printed in this book, summarizes the work in our secondary school and outlines the status of the school in relation to state accreditation.

Accreditation, in brief, means recognition of the fact that a school measures up to the minimum standards set for a good secondary school anywhere in Maine. A school may exceed the minimum standards in many ways, as Traip Academy does, but it is not officially recognized as an accredited school unless or until it measures up in every way. The standards set include physical as well as academic requirements. Three of the requirements to be met at the Academy are physical and not scholastic requirements. All are listed in the report of the principal.

A great deal could be written about the costs of education and in explaining the school budget but the main factors involved in increased costs are the same factors that have been increasing school costs for several years. Numbers of pupils in both elementary and secondary schools have been steadily increasing, and they continue to grow, and these additional pupils require additional teachers.

Besides the cost of employing more teachers in our schools, salary costs for college trained beginning teachers have been constantly rising and as beginning salaries have gone higher, the salaries of experienced teachers have increased, too. In the final analysis, instructional costs, which amount to the greater part of school expenditures, have been and continue to go up for two reasons; first, an increasing enrollment calling for more teachers, and, secondly, higher salaries for all teachers.

The School Committee is recommending a higher salary scale for teachers and the scale being recommended is based on the higher figures which must be paid to get beginning teachers from the colleges. The salary schedule in operation during the past three years proved inadequate to attract a sufficient number of candidates in 1959 and beginning teachers, still in short supply, are asking and expecting better starting salaries in 1960.

Instructional costs constitute the greater part of all school costs and any other increases in the anticipated expenditures for schools are mainly the result of the need for more room, more fuel, etc., and increased work to take

care of the larger educational job resulting from more pupils in both elementary and secondary schools.

Of course, as school buildings increase in number, the total value of school property increases and some additional insurance and maintenance expenses make themselves felt.

The total estimated sound value of school properties, according to a survey made for insurable purposes in September, 1959, is \$1,379,000.00. Building maintenance costs for 1959, not including any capital outlay for new equipment or renovation of Austin School, amounted to \$17,421.85. This is 1.26% of the estimated sound value.

At the time that this is being written, study is being made of the advisability of installation of a new, automatic oil-fired heating unit in the main building and gymnasium of Frisbee School. Presently, steam heat is supplied by boilers over two large coal-burning and stoker-fed furnaces and while fuel expense is relatively low, these furnaces require a fireman and this cost is considerably greater than the cost of the fuel. If survey results lead to the conclusion that the over-all cost for fuel, maintenance and operation would be significantly reduced by the installation of an adequate automatic oil-fired unit, a recommendation to effect this will be made at a later date.

The increase in the size of the school system has led to a change in the work of the superintendency. The superintendent of schools in Kittery was also superintendent of schools in York for a great many years. As both towns grew in school population and numbers of buildings and school employees, each town felt the need of the full time services of a superintendent of schools. In December of 1959, the school union was dissolved and each town now has its own superintendent.

Larger numbers of students have led to the need for more classrooms. Our current needs in the secondary school are being met by the construction of a new building on land adjoining Traip Academy property. Our elementary grades now use all of the rooms in Austin School and there are no rooms or buildings available for elementary school expansion. If enrollments continue to increase, and it is believed that they will, more elementary classrooms will be most urgently needed by the fall of 1961, at the latest.

What is happening in Kittery is taking place generally, in Maine and all over the United States, as school enrollments have increased and continue to increase.

As school systems have expanded in size, with more buildings and more employees, other things have been taking place which have meaning for parents, their children and people everywhere. Our leaders and men in high office are alerting us all to serious, complex and vital problems confronting our national existence right now. They are telling us that these are days of danger to the life of our nation and to life as we know it in the places where we live. Different proposals are made and different opinions expressed about what should be done but it should be observed that on one thing there is general agreement. The best great hope for our continued national well being and for the continuation and development of the way of life we love is the better and further education of our children. It is agreed by all that only through education of our youth can America keep the freedoms which we value and retain the capability of defense against those things, material and spiritual, which are inimical to our free institutions.

Walter Lippman wrote in a recent column, entitled "National Duty Versus Private Indulgence": "But we have fallen behind and are not holding our own in terms of national power, in over-all military capacity, in the competition to pioneer in outer space, in the comparative rate of economic growth, and in education, which is the life-giving principle of national power." As a citizen and a parent, as well as a superintendent of schools, I should like to underline the thought that education is the life-giving principle of national power.

It should not be forgotten that our responsibilities for insuring the future of our children begin in our homes and the communities where we live and that the future for our children is decided mostly by what we as parents do in those places where we live and work.

It is right in concluding this report that appreciation be expressed to all who help our schools, and that seems to be everyone. Interest and friendliness and willingness to help children and their teachers seem to be the rule and this spirit helps mightily in making good schools.

Respectfully submitted,

CHARLES PUFFER

Superintendent of Schools.

REPORT OF THE PRINCIPAL**ROBERT W. TRAIPI ACADEMY**

From: Stanford I. Trask, Principal, Robert W. Traip Academy

To: Joint Committee for Robert W. Traip Academy

The following constitutes my third annual report. This report will cover five areas: Student Body, Staff, School Plant, The Academic Program, Summary of Evaluation Committee Report.

The student body of Robert W. Traip Academy continues to grow and present evidence indicates it will continue to grow, but the growth should not be as rapid as it has been the past five or six years. The enrollment as of February 1, 1960 is as follows: senior boys 41, senior girls 39, junior boys 59, junior girls 70, sophomore boys 70, sophomore girls 58, freshman boys 78, freshmen girls 60, post graduate boys 1, post graduate girls 1 for a total enrollment of 477. On October 6, 1959 we had our largest enrollment for the school year. Since school started in September we have had 24 students leave the Academy and 14 students enter. Last August 15th we had 460 students enrolled for the present school year and on September 9th we started school with 492 students. This change in student population makes predicting school enrollments very difficult. We do know that our country grows each year and it will continue to do so and, therefore, it is logical to assume that Kittery will contribute to this national growth and our school enrollments will continue to increase.

The over-all attitude of our student body is very good. We have a very high percentage of students who are attending school with the express purpose to earn an education, we also have a group of students who will learn, we have some students who we find very difficult to teach because of their lack of natural academic ability and we also have a few students who will not learn. Students' attitudes toward school are often governed by factors outside the school such as cars, dress, freedom, and the lack of a wholesome attitude about life in general in the home. One of our national problems is apathy—we as a country, state, or town find it very difficult to be united for any cause.

The percentage of Robert W. Traip Academy graduates who are continuing their education is slowly increasing. About one-third of the boys of the Class of 1959 are now in college. About one-quarter of the girls are attending college. Nearly half of the Class of 1959 are in colleges, special schools, or definite training programs. This seems to be an increase over previous years, but, unfortunately, there are still some very able students, particularly girls, who are not furthering their education.

The members of the Class of 1959 who had taken the College Preparatory Course had little difficulty obtaining admission to college. All of them were accepted, and most of them were accepted by the college that they indicated as their first choice. A highlight of the Class of 1959 was the acceptance of four of its members into the Student Trainee Program at the Portsmouth Naval Shipyard. No Traip graduate in recent years has qualified for this apprentice program.

In 1959, Robert W. Traip Academy students participated in the following national testing programs: The College Entrance Examination Board, The Preliminary Scholastic Program. The first two of these tests are more concerned with the student's natural scholastic ability and, therefore, they do not particularly reflect upon the school. The National Merit Scholarship Qualifying Test, however, measures the students' English, math, science, reading, social studies reading, and word usage. Traip students scored better than last year in each of these areas. One senior is a finalist in the scholarship competition, and 15 other seniors have been commended for honor or high honor performance on the test.

There are four students who are participating in Nine O'Clock Scholar which is a televised course in mathematics. These students are doing very well in this pioneer program but this type of instruction will never replace the teacher classroom experiences for the majority of the students.

The student body at Robert W. Traip Academy continues to be a group of young ladies and gentlemen of whom we, as school personnel, and you as citizens of Kittery, can be justly proud.

The staff continues to perform their duties in a manner that is a credit to their profession. There are two areas

that have impressed me very very much; their constant desire for professional growth and the desire to give every student all the help he wishes. The staff without exception has responded to the many requests and tasks that we are continually confronted with to improve the school. Department heads have been appointed in business, English, mathematics, science and social studies. These subjects have four or more teaching in the same area and they operate as a single unit in solving problems common to all of them. They work on the subject matter taught to eliminate unnecessary duplication, to bring the subject matter up to date, to review textbooks and to develop better evaluation techniques and study habits. New schools and teaching aids can go only so far in improving the quality of education. The teacher as a single unit and the staff as a whole are responsible for master teaching and maximum student learning. Our society's most valued possession and our country's greatest natural resources are the youth of our country. We can not afford not to continually improve our schools by adding the best instructors for our students. The future of our country and destiny of man depends today on developing the mind of man — we can no longer depend on the man who can lift three hundred pounds to pull out our chestnuts any more than we can depend on the untrained but daring person to do the exploring today.

The buildings of Robert W. Traip Academy are basically sound but like any buildings require maintenance and repairs. Normal upkeep plus constant revisions of standards for health and safety's sake make it necessary to expend funds on the plants. Anticipated repairs for the year 1960 include hall floors, stairs and lighting in the main building. A painting schedule has been set up and will be started this year.

The program of studies for Robert W. Traip Academy will remain basically the same for the school year 1960-61. It is designed to meet the needs of all our terminal students as well as students desiring post-secondary education. All secondary schools are confronted with the problem of offering a course of study for students who have the ability to take the college preparatory course but because of financial support or indecision about their future select the business course only to find in the next year of two that they have the money or they have decided to advance their education. In the past and present we make what changes are possible

in their program to give them the subjects they need. For the future we have set up a schedule that should protect these students until they have come to a definite decision about their future. This change will not entail more teachers, class rooms or books, it will just be a matter of planning for this group well in advance.

The new social studies program is in its first year for all classes and the results are gratifying. There are studies and revision in each subject area. Due to the two years of business mathematics for business students the half year of mathematics offered in advanced business for seniors has been replaced by business law. General science is being taught extremely well at the elementary level and ninth grade general science will be replaced by earth science and physical science. The college mathematics courses are receiving introduction to modern mathematics and the advanced college mathematics have been brought up to date and better meets the needs of students wishing to attend college. The English teachers have worked extensively on the writing program at Robert W. Traip Academy.

There is still a lot of work needed on the program of studies and content of each subject that is taught. This work is endless, however, remedial classes for the slow learners in reading and arithmetic are high on the list of things to be done to truly meet the needs of all students.

The question of empty schools for three months each year appears to be unrealistic in a period of history when education continues to be one of the nation's major concerns. Summer school for both students and adults are on a rapid increase. Adult education evening classes have benefited large numbers of individuals in communities throughout the state and nation. A method should be devised to open up these two areas for Kittery citizens but not at the expense of the taxpayer.

Robert W. Traip Academy was evaluated November 17, 18, 1959 by a committee of educators chairmaned by Dr. Joseph Devitt of the Maine State Department of Education.

The purpose of the visiting committee was to visit classes, study the educational program, inspect the physical facilities and determine whether or not in the committee's opinion the school should be recommended for state ac-

creditation. Listed below are the requirements necessary for Robert W. Traip Academy to be accredited.

The visiting committee voted to recommend that Robert W. Traip Academy be accredited in 1960 for a five-year period providing the following conditions are met:

1. That the school library be expanded to provide seating space for at least 10% of the student body as well as adequate space for the book collection.

2. That the school library contain the minimum number of usable books recommended by the American Library Association for a high school of this size, and that there be a subscription to at least one nationally recognized daily newspaper.

3. That properly shielded artificial light supplement natural light in all classrooms, laboratories, and the library, so that reading and working surfaces have a minimum light intensity of 20 foot-candles. (The Committee wishes to point out that the new State building code requires 25 foot-candles; some nationally recognized authorities are recommending a minimum of 30.)

4. That all handrails on stairways be repaired where necessary and that the badly worn and irregular treads on the stairway in the old building be repaired.

5. That all pupils be required to participate in a physical education program that meets the minimum requirements established under State law.

6. That all pupils complete the equivalent of a one-semester, one-half Carnegie credit course in health education some time before graduation. This may be in the form of a one-semester course or may be extended through a longer period of time if this is more convenient.

Three of the requirements are physical and have little if any effect on the quality of education being offered but they do have an effect on the health and safety of the students as a whole that are indicative of quality education. The citizens of Kittery can be justly proud of their schools.

In compliance with requirements for state accreditation, our library this year has a certified full-time librarian. The library is open all day for the students' use, and new volumes needed by them are being added as finances permit.

Some of these volumes have been gratefully accepted from our townspeople.

Students not only have the use of the books in the library but also receive individual instruction in phases of library science. Student librarians practice library techniques that teach them specialized skills, what to expect in the business world, and how to work with other people.

With today's emphasis on a more exacting education for our young people, the library is beginning to assume its proper place in the educational pattern.

I would like to express my appreciation to the Town of Kittery, the Board of Trustees and the Joint Board for their fine cooperation and extend my sincere thanks to Mr. Puffer for his excellent cooperation and professional leadership. It has been a real pleasure to serve the students and citizens of Kittery.

**REPORT OF
THE KITTELY SCHOOL BUILDING COMMITTEE
FOR THE TRAIPI ACADEMY ADDITION**

The School Building Committee which was given the responsibility of planning and having a new secondary school facility erected at Traip Academy, met for the first time immediately after appointment.

The members of the Committee are: Frank R. Kauffman, Chairman, L. Charles Chase, Harold L. Durgin, George W. Fellows and Edward E. Shapleigh, Jr.

Twelve architects were interviewed and Irving W. Hersey Associates of Durham, New Hampshire were chosen to draw up plans and specifications for Federal Project Number Maine 60-C-7-A10.

Preliminary plans have been approved by the State of Maine and a construction permit has been issued. Final plans and specifications are in the process of preparation.

Respectfully submitted,

FRANK R. KAUFFMAN

Chairman

Warrant for Annual Town Meeting
AND RECOMMENDATIONS OF THE BUDGET
AND FINANCE COMMITTEE

State of Maine

York ss.

To Albert V. Martin, a Constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the Inhabitants of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 5th day of March, 1960 A. D. at seven forty-five o'clock in the forenoon to act on the following articles, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, Selectmen, Assessors, Overseers of the Poor, Treasurer, School Committee, Budget Committee and all other necessary town officers for the ensuing year.

THIRD: Shall an Ordinance entitled "Zoning Ordinance" be adopted.

The polls for voting on Articles 2 and 3 will be open at 8 o'clock in the forenoon and will close at 12:30 o'clock in the afternoon.

FOURTH: To see if the town will vote to recess this meeting to the Traip Academy Auditorium at two o'clock in the afternoon, March 5, 1960 to consider the rest of the articles in the warrant.

FIFTH: To see what sum the town will vote to raise and appropriate for Administrative Expenses.

The sum of \$19,450.00 is recommended.

SIXTH: To see what sum the town will vote to raise and appropriate for Officers Salaries.

The sum of \$12,800.00 is recommended.

SEVENTH: To see what sum the town will vote to raise and appropriate for Public Works.

The sum of ~~\$54,000.00~~ is recommended.

EIGHTH: To see what sum the town will vote to raise and appropriate for a new Dump Truck.

The sum of \$6,000.00 is recommended.

NINTH: To see what sum the town will vote to raise and appropriate to shingle the Municipal Garage.

The sum of \$1,400.00 is recommended.

TENTH: To see what sum of money the town will vote to raise and appropriate for Traffic Signs.

The sum of \$250.00 is recommended.

ELEVENTH: To see what sum the town will vote to raise and appropriate for State Aid Road Construction.

The sum of \$3,198.00 is recommended.

TWELFTH: To see what sum the town will vote to raise and appropriate for the maintenance of the Police Department including the Central Office.

The sum of \$42,164.00 is recommended.

THIRTEENTH: To see if the town will vote to purchase a new Patrol Car for the Police Department and to see what sum of money the town will vote to raise for the purchase, maintenance and equipment for the same. It is suggested that the sum of \$3,500.00 be raised for the article.

Recommend turning in present Patrol Car, purchase a new one and raise the sum of \$1,000.00

FOURTEENTH: To see what sum the town will vote to raise and appropriate for Street and Traffic Lights.

The sum of \$10,500.00 is recommended.

FIFTEENTH: To see what sum the town will vote to raise and appropriate for Aid to Dependent Children.

The sum of \$1,500.00 is recommended.

SIXTEENTH: To see what sum the town will vote to raise and appropriate for Support of Poor.

The sum of \$10,500.00 is recommended.

SEVENTEENTH: To see what sum the town will vote to raise and appropriate for the employment of a Public Health Officer.

The sum of \$800.00 is recommended.

EIGHTEENTH: To see what sum the town will vote to raise and appropriate for the Maintenance of the Fire Departments.

The sum of \$13,199.70 is recommended.

NINETEENTH: To see what sum the town will vote to raise and appropriate for Hydrant Rental.

The sum of \$10,780.00 is recommended.

TWENTIETH: To see what sum the town will vote to raise and appropriate for Common Schools.

The sum of \$196,057.84 is recommended.

TWENTY-FIRST: To see what sum the town will vote to raise and appropriate to implement an increased salary schedule for teachers in elementary and secondary schools.

Recommended for elementary schools	\$9,500.00
Recommended for secondary schools	\$4,500.00
Total	\$14,000.00

Approval Recommended.

TWENTY-SECOND: To see if the town will vote to authorize the Superintending School Committee to contract with and pay a sum not to exceed the amount raised or authorized under either or both of the succeeding articles for a free high school, to the Trustees of the Robert W. Traip Academy, for the tuition of its pupils in accordance with the provisions of Section 105, Chapter 41 of the Revised Statutes of 1954, or any amendments thereto.

Approval recommended.

TWENTY-THIRD: To see what sum the town will vote to raise and provide for a free high school.

The sum of \$124,466.21 is recommended.

TWENTY-FOURTH: To see if the town will vote to authorize the Superintending School Committee to add to the free high School account, not more than thirty per cent of any income or subsidy received from state or federal sources for the operation of the general school program.

Approval recommended.

TWENTY-FIFTH: To see what sum the town will vote to raise and appropriate for the Maintenance of School Property.

The sum of \$20,000.00 is recommended.

TWENTY-SIXTH: To see what sum the town will vote to raise and appropriate for payment on its debt.

The sum of \$27,800.00 is recommended.

TWENTY-SEVENTH: To see what sum the town will vote to raise and appropriate to pay interest on its debt.

The sum of \$5,508.12 is recommended.

TWENTY-EIGHTH: To see if the town will vote to authorize the Selectmen and Treasurer to procure temporary loan or loans in anticipation of taxes for the purpose of paying the obligations of the town, said loan or loans to be paid during the current municipal year out of money raised during the current municipal year by taxes.

Approval recommended.

TWENTY-NINTH: To see what sum the town will vote to raise and appropriate to pay interest on temporary loans.

The sum of \$7,000.00 is recommended.

THIRTIETH: To see what sum the town will vote to raise and appropriate for the purpose of spraying for Gypsy Moths and for spraying to Destroy Bushes along the town ways as requested by the Department of Agriculture.

The sum of \$1,000.00 is recommended.

THIRTY-FIRST: To see what sum the town will vote to raise and appropriate for Development Work at Fort McClary Park.

The sum of \$400.00 is recommended.

THIRTY-SECOND: To see what sum the town will vote to raise and appropriate for care of Veterans Graves.

The sum of \$300.00 is recommended.

THIRTY-THIRD: To see what sum the town will vote to raise and appropriate for care of Parks and Greens.

The sum of \$300.00 is recommended.

THIRTY-FOURTH: To see what sum the town will vote to raise and appropriate for its share in the Employees Retirement Fund for the ensuing year.

The sum of \$4,860.00 is recommended.

THIRTY-FIFTH: To see what sum the town will vote to raise and appropriate for the employment of a Public Health Nurse.

The sum of \$4,500.00 is recommended.

THIRTY-SIXTH: To see what sum the town will vote to raise and appropriate for the advertising of the Natural Resources, Advantages and Attractions of the State of Maine, to be paid to the State Publicity Bureau, in accordance with Chapter 91, Section 108 of the Revised Statutes.

The sum of \$200.00 is recommended.

THIRTY-SEVENTH: To see what sum the town will vote to raise and appropriate for Civil Defense.

The sum of \$1,750.00 is recommended.

THIRTY-EIGHTH: To see what sum the town will vote to raise and appropriate for the observance of Memorial, Veterans and other Patriotic Days under the jurisdiction of the Veterans Council.

The sum of \$450.00 is recommended.

THIRTY-NINTH: To see what sum the town will vote to raise and appropriate for the control of the Dutch Elm Disease.

The sum of \$500.00 is recommended.

FORTIETH: To see what sum the town will vote to raise and appropriate for the maintenance and improvement of the town wharves.

The sum of \$700.00 is recommended.

FORTY-FIRST: To see what sum the town will vote to raise and appropriate for the maintenance and improvement of Memorial Field.

The sum of \$2,000.00 is recommended.

FORTY-SECOND: To see if the town will vote to authorize the Selectmen to carry on the town's business during the period of closing the books December 31, 1960 to Town Meeting Day.

Approval recommended.

FORTY-THIRD: To see if the town will vote to raise and appropriate the sum of \$1,500.00 and empower the Selectmen to enter in contract with the proper Federal and State Agencies for planning purposes as recommended by the Town Planning Board.

The sum of \$1,500.00 is recommended.

FORTY-FOURTH: To see if the town will vote to raise and appropriate the sum of \$50.00 for decoration and maintenance of the Community Christmas Tree during the holidays.

The sum of \$50.00 is recommended.

FORTY-FIFTH: To see if the town will vote to accept the list of Cemetery Trust Funds.

Approval recommended.

FORTY-SIXTH: To see if the town will vote to authorize the Selectmen and Treasurer to sign Tax Liens and Deeds for the town.

Approval recommended.

FORTY-SEVENTH: To see if the town will vote to authorize the Selectmen to appoint a committee of seven members to act as a School Building Planning Committee, and raise the sum of \$100.00 for expenses.

Approval recommended.

FORTY-EIGHTH: To see what sum the town will vote to raise and appropriate for the care and improvement of Sea Point Beach.

The sum of \$600.00 is recommended.

FORTY-NINTH: To see what sum the town will vote to raise and appropriate for its share for Social Security.

The sum of \$2,400.00 is recommended.

FIFTIETH: To see if the town will vote to authorize the Selectmen to apply for Federal Aid that may be available to the Town of Kittery.

Approval recommended.

FIFTY-FIRST: To see if the town will vote to cooperate with the Department of Sea and Shore Fisheries in the re-establishment of the clam beds at Brave Boat Harbor and raise a sum of money for this purpose.

Approval recommended and the sum of \$300.00 be raised.

FIFTY-SECOND: To see if the town will vote to authorize the Selectmen to use its highway equipment on Gull Avenue or Cottles Lane, within the town, whenever the Selectmen deem it advisable in the best interest of the town, for fire and police protection, as provided in Chapter 96, Section 32 of the Revised Statutes of 1954. The foregoing upon the petition of Anna Olson and 10 others.

FIFTY-THIRD: To see what sum the town will vote to raise and appropriate for the purpose of providing engineering services.

The sum of \$500.00 is recommended.

FIFTY-FOURTH: To see what sum the town will vote to raise and appropriate for Repairs to the Town Office Building.

The sum of \$1,500.00 is recommended.

FIFTY-FIFTH: To see if the town will vote to convert its radio system in conformity with Federal Communications Commission requirements and appropriate the sum of \$9,000.00 for the same.

The sum of \$9,000.00 is recommended.

FIFTY-SIXTH: To see if the town will vote to accept Harris Avenue at Gray Lodge as laid out on plan of Gray Lodge Development.

FIFTY-SEVENTH: To see if the town will direct the Selectmen to take the following described land for a public park in accordance with the provisions of Revised Statutes of Maine (1954), Chapter 96, Sections five, six and seven, as amended:

A certain lot or parcel of land and salt marsh situate in the Town of Kittery, County of York and State of Maine, bounded and described as follows: Beginning at the southeasterly corner of land now or formerly of Paul Hobbs at a pipe hub set in the ground, on the shore of the Atlantic Ocean and thence running North 15° 34' East a total distance of one thousand nine hundred ninety-five (1995) feet, to a pipe hub on land of Dr. George Boynton et als; thence turning and running North 71° 35' East, a total distance of nine hundred fifty (950) feet, to a pipe hub on the westerly sideline of the Road which leads to Sea Point Beach; thence by same course to the low water mark of the Atlantic Ocean on Sea Point Beach; thence by said low water mark of said Atlantic Ocean on said Sea Point Beach, southwesterly, southerly and southeasterly to land of The Newcomen Publications in North America; thence by the low water mark of said Atlantic Ocean on said land of The Newcomen Publications in North America easterly, southerly, westerly and northerly to the low water mark of the Atlantic Ocean on Crescent Beach; thence by said low water mark of said Atlantic Ocean on said Crescent Beach northerly, westerly and southerly to a point in line of land now or formerly of Paul Hobbs; thence North 15° 34' East, by said land now or formerly of said Paul Hobbs, to a pipe hub and the point of beginning.

The foregoing upon the petition of Frank C. Estes and 49 others.

FIFTY-EIGHTH: To see if the town will vote to appropriate \$900.00 for the construction of a sidewalk on the right hand side of Williams Avenue. Said sidewalk to start at Whipple Road and run to driveway at the Traip Academy entrance.

Disapproved. This should have Planning Board approval first.

FIFTY-NINTH: To see if the town will vote to appropriate the sum of \$300.00 to extend the fill of land between Moore Street and Phelps Street. The foregoing upon the petition of Mrs. Gerry Garnett and 42 others.

Disapproved.

SIXTIETH: To see if the town will vote to raise and appropriate the sum of \$4,500.00 for the sidewalk construction at Wallingford Square.

The sum of \$3,500.00 is recommended.

SIXTY-FIRST: To see what sum the town will vote to raise and appropriate for Development work at Rogers Park.

The sum of \$1,000.00 is recommended.

SIXTY-SECOND: To see if the town will vote to install one street light on the east side of Cross Street on Kittery Electric Light Pole No. 2-28-9-C and raise a sum of money for same. The foregoing upon the petition of Phil Carrigan and 23 others.

Approval recommended.

SIXTY-THIRD: We, the undersigned residents of the Town of Kittery, request that two street lights be installed on Palmer Avenue, one on pole No. 2 and one on pole No. 4 and raise a sum of money for same. The foregoing upon the petition of W. M. Peterson and 16 others.

Disapproved. Recommend one light on Pole No. 3.

SIXTY-FOURTH: We, the undersigned citizens of the Town of Kittery, petition the Town of Kittery to install one street light on Pole 6 on the Stevenson Road and raise a sum of money for the same. The foregoing upon the petition of Chester L. Clough and 9 others.

Disapproved. Recommend moving first light back half way toward Martin Road.

SIXTY-FIFTH: We, the undersigned, petition the Town of Kittery to install a street light on pole No. 2-31-38A on Rogers Lane and raise a sum of money for the same. The foregoing upon the petition of William H. Elliott, Jr. and 15 others.

Approval recommended.

SIXTY-SIXTH: To see if the town will vote to install one street light on Pole No. K. E. L. 2-83-28-25-262 on the Martin Road and raise a sum of money for the same. The foregoing upon the petition of Mrs. Erma Glass and 16 others.

Approval recommended.

SIXTY-SEVENTH: To see if the town will vote to adopt the following ordinance:

DOG ORDINANCE

A. License required. No dog shall be permitted to be or remain in the town without being licensed as hereinafter provided.

B. License fees. All dogs kept in the town shall be registered as to sex, breed, name and address of the owner and name of dog. At the time of such registration such owner shall obtain a license and tag for such dog and shall pay statutory fee for each dog. It shall be the duty of said owner to cause such license tag to be securely attached around the dogs neck and kept there at all times during the license period.

C. Dangerous dogs. No vicious, dangerous, ferocious dog or dog sick with or liable to communicate hydrophobia or other contagious or infectious disease shall be permitted to run at large in the town.

D. Disturbing peace. No person owning any dog shall suffer or permit such dog to disturb the peace and quiet of the neighborhood by barking, making other loud or unusual noises, or by running through or across cultivated gardens or fields.

E. Nuisances. Any dog found in the town either without a license or running at large under conditions set forth above is hereby declared to be a nuisance and shall be impounded as hereinafter provided.

F. Duties of poundkeeper. The Police Department is hereby charged with the duty of impounding all dogs running at large in violation of the provisions of this article. The Police Officers are hereby authorized to make all necessary arrests in carrying out the provisions of this article and shall receive fees as the court may award.

G. Fees for impounding and keeping. The fees and charges allowed and fixed by the ordinances of said town for taking up, pounding, and keep and disposing of impounded animals shall be paid hereunder for like services at the time and in the manner fixed by said ordinance.

H. Dogs impounded — how redeemed. The owner or owners of any dogs impounded hereunder may redeem the same by paying all the costs, charges and penalties assessed, if any, that have accrued up to the time of making the redemption, and when the same are paid the dog shall be released to the owner thereof.

I. License dogs impounded. It shall be the duty of the officers to cause notice to be served by mail upon the registered owner of any licensed dog impounded under provisions of this article, such notice to be mailed when said dog is so impounded.

J. Dog bites. Whenever any dog bites a person, the owner of the said dog shall immediately notify the chief of police who shall order the dog held on the owner's premises or shall have it impounded for a period of two weeks. The dog shall be examined immediately after it has bitten anyone and again at the end of the two-week period. If at the end of two weeks

a veterinarian is convinced that the dog is then free from rabies the dog shall be released from quarantine or from the pound as the case may be. If the dog dies in the meanwhile its head shall be sent to the state department of health for examination for rabies.

K. Penalty. Any person violating any provision of this article shall be fined not exceeding twenty-five dollars (\$25.00) for each offense.

SIXTY-EIGHTH: To see if the town will vote to adopt the following ordinance:

Section 1—Parking

A. Parking is prohibited at all hours in the following locations: "To add a new item to be numbered No. 10, to read, on the north side of Walker Street. From the west side of the property of Dr. Charles W. Kinghorn to the property belonging to the U. S. Navy. On the south side of Walker Street. From the west side of the Sugrue Block to the property of the U. S. Navy".

SIXTY-NINTH: To see if the town will vote to adopt the following ordinance:

Section 1—Parking

A. Parking is prohibited at all hours in the following locations:

"To add a new item to be numbered No. 11, to read. On the north side of Whipple Road beginning at its point of intersection with Rogers Road easterly to its point of intersection with the Shapleigh Road".

SEVENTIETH: To see if the town will vote to adopt the following ordinance:

Section 1—Parking

A. Parking is prohibited at all hours in the following locations:

"To add a new item to be numbered No. 12, to read, on the east side of Route 103. From the north side of the property of Edward Thomson south to where Route 103 intersects with Paul Street.

SEVENTY-FIRST: To see if the town will vote to accept from the U. S. Government that part of Fort Foster consisting of approximately 46 acres designated as a Historical Site and to authorize the Selectmen to accept a deed for the same.

Approval recommended by the Planning Board.

SEVENTY-SECOND: To see if the town will vote to purchase from the U. S. Government that part of Fort Foster designated for recreational use and consisting of approximately 45 acres and raise the sum of \$16,000.00 for same.

Disapproved by the Budget and Finance Committee.

SEVENTY-THIRD: To pass any other vote or votes that may legally come before said meeting.

The Selectmen give notice that they will be in session for the purpose of correcting the list of voters at the Selectmen's office on February 29th and March 1st from 7:00 to 8:00 P. M. The meeting for consideration of the articles will be called at 2:00 P. M., March 5, 1960 at the Traip Academy Auditorium.

Given under our hands this 18th day of February
A. D. 1960.

REPORT OF THE SELECTMEN

TO THE INHABITANTS OF THE TOWN OF KITTEERY:

Your Selectmen are again pleased to report that we have ended the year with an unexpended balance of accounts of approximately \$15,900.00.

During the past year a new radio system has been installed in the Fire Departments and the Police and Public Works radio system is presently under conversion to fully meet the requirements of the Federal Communications Commission (FCC). In addition a new generator has been installed in the basement of the Town Hall for supplying power to these radio systems in case of emergency. This generator was obtained through Civil Defense at no cost to the town other than transportation and installation charges. When the requirement for conversion of our radio system was first known it was believed that the cost would be shared by Civil Defense. This was pursued to the end but our application was rejected by Civil Defense National Headquarters and the entire cost had to be borne by the town.

The Admiralty Village sewer plant ends the year with a balance of \$961.52, this being the first time that the plant has ended the year with a balance since the town took over in 1949. When an increase in rates was established two years ago it was expected that it might take five years to show a balance, but there fortunately has been no major breakdown and this has reflected somewhat on the expense of operation. As was pointed out in the 1960 report there should be a security fence around the plant to guard against any child getting into and about the plant which could be serious. If this present improved financial trend continues a new fence might be considered during the next year. It is too early to be certain but the prospect of any further rise in rates would not seem necessary in the near future at least.

During the year the Government declared Ram Island to be surplus property and offered it to the town as a recreational area for \$75.00. This is a small wooded island in Spruce Creek near Admiralty Village of about 3 acres. Due to the small amount of money involved the Federal Government would not wait for a town meeting and re-

quested that we take immediate action. Your Selectmen acting in what they considered to be the best interests of the town proceeded with the purchase of this property and request your ratification at this town meeting. Not only is this island a very desirable site for picnicking and boaters but your Selectmen feared future legal action against the town in that an emergency outfall of the Admiralty Village sewage system is short distance upstream from the island.

A short time ago the deed for one half of Fort Foster was turned over to the town. This half of the Fort was given to the town free of charge as a historical site. Again this year at the request of several residents of the town an article has been introduced for the purchase of the other half of the fort at a cost of \$16000.00.

The Police Department under Chief Martin and Assistant Chief Tucker has been a well functioning unit during the past year and has come through with a sizeable unexpended balance to its credit. We believe that the dog problem that we had a year ago has been substantially reduced due to the new ordinance enacted last year and the able handling of the problem since it has been turned over to the Police Department.

During the year the sidewalk was rebuilt in Wallingford Square and work was started on the sidewalk along Williams Avenue to Traip Academy. The latter sidewalk did not progress as fast as was hoped but the trees have been removed, some fill placed and some curbing purchased with the remainder of the money appropriated. This curbing will be installed this year.

A substantial portion of the Bartlett Road has been completed and sections of the Litchfield and Norton Roads have been rebuilt. This work was accomplished under the supervision of the State Highway Department.

The restoration of the clam flats at Brave Boat Harbor has not progressed as rapidly as anticipated this year. The Town of York has joined with Kittery in this project and it is hoped that substantial headway can be made this year. This project is being carried out under the supervision and guidance of the State Department of Sea and Shore Fisheries.

Again this year a pre-town meeting will be held by the League of Women Voters just prior to town meeting. It is hoped that the townspeople will avail themselves of

the opportunity to enter into a general discussion of the many articles of the warrant.

The Selectmen desire to express their appreciation to the several committees and boards of the town who have served faithfully throughout the year without remuneration and without whose assistance it would not have been possible to operate the town.

Certificate of Audit

February 13, 1961

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1960, as required by Chapter 91, Section 142, of the Revised Statutes of 1954.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all procedures which were considered necessary in the circumstances. Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operations for the municipal year ended December 31, 1960.

Respectfully submitted,
L. EVERETT OUTHOUSE

COMMENTS

CASH BALANCE

The cash balance, as noted in the Balance Sheet, was reconciled, and a written confirmation of the balance was made with the bank.

UNCOLLECTED TAXES AND LIENS

Unpaid taxes and tax liens at December 31, 1960, were verified by written confirmation, to the extent deemed necessary, at the time of audit.

TOWN DEBT

Outstanding notes and bonds payable, were verified by written confirmation with the various payees.

GENERAL

The procedure for keeping the municipal records of the Clerk-Tax Collector and Treasurer was examined, and found to be adequate, and in compliance with the General Laws of the State of Maine.

The Selectmen's records are kept by a double entry method of bookkeeping, and a trial balance is taken regularly. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise Tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

Various laws relating to the administration of the fiscal affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

Note: A complete copy of the Auditor's Report is on file in the Selectmen's Office.

Report of the Budget and Finance Committee 1961

The itemized budgets presented by department heads and town committees indicate a continued and increasingly successful effort to slow the upward trend of town expenditures. Improved classification of costs in several instances aided in a fairer appraisal of their financial needs. The willing cooperation of all town officials is very much appreciated.

The efforts of the Town Planning Board to establish a program of continual progress to combat the depreciation of property and equipment, through their Capital Improvements Program, has met with our approval. Their research has already been of great assistance.

The Committee this year has established a policy of requiring Planning Board approval for all major improvement projects. Such study and evaluation should result in a clear plan of action and an accurate estimate of costs. Several of this years road projects have not been recommended pending such further study. It is hoped to thus eliminate expensive piece-meal measures and make some steady headway at correcting the hazardous road conditions that develop from year to year.

Members of the Committee have undertaken studies this past year to provide background information to aid in solving budgetary problems. Comparative cost figures have indicated Kittery is spending a higher percentage of the budget for education than other towns of about the same size. The dollar expenditure however, is not excessive, especially in view of the fact that this is a high wage area. The conclusion to be drawn is that other departments have been seriously neglected, especially Public Works and Capital Improvements. Greater investment in these items is to be expected in the future.

Favorable legislation at the State and National level has continued to keep school costs within reach. Figures credited under "Resources" are estimated and subject to legislative change. About one half of our educational expenditures are in this category.

PLANNING BOARD REPORT

To the Citizens of Kittery:

The year 1960 has been one of intensive work and many meetings for your Planning Board. The long and careful hours of groundwork laid by the previous and present boards on the Comprehensive Plan for Kittery's development is bringing to the forefront areas of the program for implementation. These areas are being presented to you in the form of articles at the Annual Town Meeting for acceptance or rejection, as explained in this report. This will not mean our work is done, Planning must be a continuing function in order to remain an effective tool. The Comprehensive Plan must be reviewed and revised periodically to suit town needs and desires, and projected as new needs become apparent.

Zoning Ordinance

This ordinance, drafted as an integral part of the Comprehensive Plan, was adopted by voters at a special town meeting, Aug. 29, 1960. This was probably the most vital single area of the plan to be implemented as the usefulness of the plan is only as great as the community's ability to execute it. We have worked closely with the Building Inspector and the Board of Appeals to help them set up and carry out the administrative procedures required by this ordinance.

Subdivision Ordinance

This ordinance is being submitted for your approval at the Annual Town Meeting. Subdivision means the division of a tract or parcel of land into five, or more, lots. Its basic objective will be to insure that the pattern of development is as safe, healthy, economical and attractive as possible so the whole community will benefit and that the laying out of streets, the platting of lots, the provisions for utilities and other site improvements will represent a permanent asset to the Town.

Streets and Ways Standards Ordinance

This ordinance is also being submitted to you at the Annual Town Meeting. This will give both the town administrators and the petitioners adequate guide lines for the laying out and construction of streets before they can be accepted. The ordinance is consistent with the general procedures now followed by the selectmen before they re-

commend acceptance of a street and it will insure better understanding of the requirements by those concerned.

Public Improvement Program

This program was developed for Kittery as part of the Comprehensive Plan and each project represents a tangible betterment, a lasting improvement or a non-recurring expenditure which results in some major physical asset for the Town. It was designed to provide a sound financial plan for the physical development of Kittery and seeks to relate capital outlays requested by the various departments, as well as those recommended by the Comprehensive Plan to the Town's total revenue prospects. It is not intended to replace the work of the Budget and Finance Committee but to supplement their work by providing a long range view for annual budget decisions. This program must be reviewed annually to project the program one year further ahead, to incorporate changes in projects and schedule needs or it will become obsolete and of little value.

Projects recommended to you by this Board at the Annual Town Meeting as part of this program are designated as a "Capital Improvement" item, and are: (1) acquisition of the second parcel of land at Ft. Foster; (2) an improved access road to Traip Academy; (3) a second police cruiser; (4) part of the Tax Map program; and (5) improvements to existing Park property.

New Contract

The selectmen are now negotiating through the Maine Department of Economic Development a new contract with Planning and Renewal Associates as professional consultants to the Planning Board. Every dollar of town money is matched by the state and the total is matched by Federal Government. The proposed scope of services is (a) A School Building Development Program, and (b) A Town Center Development Program.

The School Building Development Program will review existing data, such as the 1951 Griffenhagen report and the annual reports of the Superintendent of Schools; will project future enrollments, evaluate present buildings and sites; evaluate school housing needs, present and future, and determine site location requirements, land availability and acquisition costs. When this professional study is complete the Town will have in its hands a planned program

that may be implemented with a sureness of direction. In the past. Schoolbuilding Planning has been based on immediate needs only—it has become apparent that a long range plan is needed and under the Planning Board it can be carried on with more effectiveness and continuity. Adequate school sites are becoming scarcer as the Town develops. Sites of sufficient acreage should be acquired over the next few years to assure their availability when needed. In order to do this or make any other preparations we must be able to move in a planned direction.

The Town Center Development Program was chosen for study because of the great need in Kittery for new municipal facilities, such as town offices, police headquarters, meeting rooms for municipal and civic committees, public works offices and garage. The study will determine building, space, and site area needs; location requirements; evaluate possible site locations, land acquisition costs and building needs with cost estimates. This will formulate a plan for construction of the new facilities, disposition of the old facilities and the financing of the development. The first implementation of this study is already in the Capital Improvements Program as part of the Comprehensive Plan. An option on the required land is scheduled for 1965 and the land acquisition for 1966. The development itself would be projected beyond those years

Kittery Planning Board

REPORT OF THE KITTERY POLICE DEPARTMENT**TO THE INHABITANTS OF THE TOWN OF KITTERY:**

I have the honor to submit a report of the activities of the Kittery Police Department for the year ending December 31, 1960.

During the year of 1960 the department made 262 arrests. Of these 44 were socalled criminal arrests and 218 were for motor vehicle violations. As in the past, stop sign, passing red lights, speeding, operating without license and operating while under the influence were the most numerous with the total of 133 arrests.

Other activities of the Police Department included:

Complaints received and investigated 1172, calls for assistance all types 510, escorts all types 302, persons locked up 233, messages delivered 165, lodgers 18, persons reported missing 46, parking tickets issued 497, auto accidents investigated 258, breaking and entering 17, larceny-theft under \$50.00—10, Larceny-theft over \$50.00—2, auto thefts 4.

On our training program we had Officers Roger Kenney, Robert Hundley and John Chaney attend the Maine State Police Training School in Augusta, Maine for Municipal Officers. This was a three week course. The classes consisted of general police work. While the three regular officers were attending the school the Civil Defense Auxiliary Police filled in at no expense to the town.

In conclusion may I take this opportunity both for myself and the members of the Police Department to thank the Chiefs of the Kittery and Kittery Point Fire Departments and their men for the help in the past year and also to the other departments for the help they have been to this department in the past year.

Respectfully submitted,
ALBERT V. MARTIN
Chief of Police
Kittery, Maine

Kittery, Maine

February 15, 1961

To The Honorable Board of Selectmen:

Gentlemen:

The Park Commission of the Town of Kittery would like to present the following report of its activities for the calendar year 1960:

FORT McCLARY PARK saw considerable improvement this past year. Tables and benches were sanded and repainted, new swings were added to the playground equipment, new diving mats and guard ropes were installed at the swim site. The big project was the draining and cleaning of the pond. Due to insufficient funds, we were unable to complete this project. During the year 1961, we hope to be able to install a drain pipe with the necessary gate or dam so as to simplify the draining of the pond in future years, and, also, to remove an outcropping ledge in the pond.

ROGERS PARK was surveyed in 1959. We have constructed a large sign for the park but, due to land development and street construction in this area, delayed its erection as well as the starting of work within the park pending action by the townspeople on the acceptance of one of these streets which led directly to the park area. No appropriation is requested this year.

SEA POINT BEACH came under our care this past year. Considerable time and money were spent in the cleaning of the beach and the repairing of the roadway which was washed out by high tides. Damage caused by vandalism to the Comfort Station was replaced, new toilets installed, and water lines repaired. Steps have been taken which we believe will eliminate some of this damage in future years.

THE CHRISTMAS TREE in Memorial Park was again decorated for the past Yule season. New strings of lights had to be purchased to carry on this work.

PARKS AND GREENS within the Town were kept mowed and trimmed the past year and the cost we found

was greater than the appropriation, so we are asking for an increase of \$150.00 to continue this work.

We wish to take this opportunity to thank all of those who have assisted us in our work this past year.

Respectfully submitted,
Gordon Cutten
Rosamond Thaxter
Marie L. Thyng
Charles E. Reardon, Jr.
Raymond E. Morrow
Park Commission

REPORT OF THE HEALTH OFFICER

Board of Selectmen
Kittery, Maine

I hereby submit my report as health officer of the Town of Kittery for 1960

The following contagious diseases were reported.

Chicken Pox	63
Measles	10
German measles	18
Mumps	46
Scarlet fever	15
Meningitis	2
T. B.	2

Although it is not the duty of the health officer to make out school slips for any other conditions except contagious a great number of slips were made out for the convenience of parents.

A much more accurate report could be made if the householder and the doctors would obey the law and report their cases.

Traip Academy freshmen were examined as usual by Dr. Taylor and myself.

All unsanitary conditions were remedied.

Respectfully submitted,
C. W. KINGHORN, M. D.
Health Officer, Town of Kittery

Total attendance	209
Preschool children	22
Schoolage children	90
Adults	97
Fees received from patients	
Full pay	\$1639.50
Part pay	365.25
Well child clinics	294.75
Donation	10.00
Total	\$2,309.50

The officers of the board of directors for 1960 were:

President	Mrs. Raymond Littlefield
Vice President	Mrs. Charles Knowles
Secretary	Mrs. Alexander Farley
Treasurer	Mr. Alfred Sterling

Our Vice President, Mrs. Knowles, passed away in June 1960.

Services to the town and its residents are as follows:

1. Bedside nursing care and treatment, of any type, ordered by the family physician.

2. Instructions to members of the patients family as to the care of the ill member between nurse's visits, also demonstration of infant and child care to young mothers.

3. Well child clinics.

4. Working with the State Public Health Service in checking cases of tuberculosis and their contacts, Venereal diseases to prevent spread of disease and to see that those having the disease receive proper care and treatment.

5. Welfare work for our needy families.

Well child clinics were held in the Nurse's office, at the Town Hall, on the third Wednesday of each month, except July, August and December. The December clinic was cancelled because of inclement weather. The well child clinics are for children from infancy to schoolage. Dr. Thomas Conroy M. D. is the attending physician. We wish it was still possible to give free polio vaccine, but as the state discontinued the practice of giving free vaccine, we do not have the extra funds available to make it possible. We hope the parents of our children will feel it is important enough to protect their children to pay for the cost of the vaccine. We make no charge for our services or for that of the physician, only for the cost of the medication. We charge one dollar, per shot for polio vaccine, fifty cents for triple toxoid and fifty cents for smallpox vaccination. We ask the parents to please not bring children who are acutely ill with colds or running a fever, this is a well child clinic and we must protect the well child and prevent the spread of contagious diseases. My sincere thanks goes to the following volunteer workers: Mrs. Myrtle Rankin R. N., Mrs. Halle Nau, Mrs. Dorothy Fitzpatrick, Mrs. Viola Phillips R. N., and Mrs. Virginia Prince R. N.

Both nurses were volunteer workers at a Town sponsored clinic held at Frisbee School, on June third, at which time about 900 children received shots for polio, diphtheria and tetanus and vaccinations for smallpox.

Welfare work has greatly increased during the past year. The cooperation of the organizations and citizens of the Town has been most gratifying. Many boxes of used clothing, blankets, other household articles and layettes have been donated. These have been given to our needy families where most needed. As in past years the Fix-it

Club of the Methodist Church have donated much clean and repaired clothing for distribution.

During the holiday season we acted as clearing house for those organizations and citizens wishing to contribute money, food or small toys for our needy families. A total of twenty five families with seventy two children received food baskets, gifts, toys and money. Each child received a pair of hand knit mittens. We sincerely hope no needy family was overlooked.

I wish to thank the following for their donations during the holiday season to help our needy families: The Legion Auxiliary, Salvation Army, Portsmouth Lodge of Elks, Veterans of Foreign Wars, Naval Shipyard Employees, Reserve Police Ass'n., Riverside Womans Club, The Future Teachers and Future Homemakers of Traip, Demolay Mothers Club, York Assembly of Rainbow for Girls, Piscataqua Chap. No. 90 O. E. S., Past Matrons of Piscataqua Chap., Sunday Schools of the Methodist, Christian and Baptist churches, Womans Guild of Methodist Church, Portsmouth Hospital Alumni Ass'n., the Sixth Grade at Frisbee School, Several Girl and Boy Scout Troops, The Police Dept., and many individuals not wishing to have names published.

Services of the nurses are available to anyone residing in Kittery or Kittery Point. Treatment is carried out under the direction of the family physician. A fee of \$1.50 per visit is charged for those financially able to pay. Part pay or free service is given when necessary but the same service is given regardless of ability to pay. The nurses are on duty Monday through Friday from 8 A.M. to 5 P.M. Only emergency calls are taken on weekends. Calls are received at the Nurse's office 8 to 9 A.M., Tel. ID 9-0776 or by calling Cole's Drug Store Tel. ID 9-0607.

On behalf of the Board of Directors, Mrs. Francis Orr, R. N. and myself I wish to express our appreciation to all that have helped to advance the work of The Public Health Association.

Respectfully submitted,
ESTHER H. LINSOTT, R. N.

**REPORT OF
THE SCHOOL BUILDING PLANNING COMMITTEE**

January, 1961

Mr. Leon E. French, Chairman
Board of Selectmen
Kittery, Maine

Dear Mr. French:

The School Building Planning Committee appointed by the Board of Selectmen for the year 1960-1961 herewith submits its report on the results and actions of said committee.

I. Organization

The first meeting of this committee was called on June 14, 1960, by the Chairman of the Board of Selectmen, Mr. Leon E. French, for the purpose of outlining the purposes and functions of said committee. Present also at this meeting were the Selectmen, School Board, and Superintendent of Schools.

II. Purposes

To determine the school housing needs and possible site locations and to make recommendations complete with preliminary plans and cost estimates to the Selectmen.

III. Study

This committee, upon studying information supplied by the School Board and Superintendent of Schools, decided that an eight classroom elementary school unit with necessary supporting areas will be the next school building required by the Town of Kittery.

Sites considered, with a minimum of ten acres, were the following: the town farm property and the Cutts property (both on Haley Road), the Anderson property (adjacent to the Mitchell School), the Arthur Cook property (West Park), the Walker property (on Eliot Road), and the Joseph Langdon property (off Dennett Road). The site selected by this committee was the town farm property, presently owned by the Town of Kittery and considered most adequate for a school building.

Basic plans and cost estimates for an expandable eight classroom school which would meet all State of Maine requirements and specifications were submitted by the firm of Irving W. Hersey Associates, Architects & Engineers, Durham, N. H., and are as follows.

Based on an eight classroom unit containing all required administration areas, a normal sized all purpose room, hot lunch facilities, toilet rooms, storage rooms, mechanized plant, etc., the overall program cost projected through the year of 1962 would be approximately \$250,000.

This cost is tentatively broken down as follows:

Building Construction Cost	\$210,000.00
Engineering	12,000.00
Equipment	20,000.00
Grading, Paving, & Contingencies	8,000.00
Total	\$250,000.00

IV. Recommendations

1. That an eight room expandable elementary school building be the next school constructed.
2. That the school be located on the town farm property, already owned by the town.
3. That this committee be discharged and that future school building planning be referred to the Town Planning Board in order to insure a continuity of the school building planning functions.

V. Conclusion

With the submission of this report, the committee feels that the Town of Kittery now has available all necessary preliminary planning to implement immediately an elementary school building should Federal funds become available or should the need for additional school housing become acute.

This committee express their gratitude to all who have co-operated and contributed their time and knowledge to aid the committee in this study and who have thus made this report possible.

SCHOOL CALENDAR—1960-1961

September	6	Tuesday	Teachers' Meetings
September	7	Wednesday	All Schools Open for Classes
October	6	Thursday	State Teachers' Convention
October	7	Friday	Portland, Maine
October	12	Wednesday	Columbus Day—Schools Closed
November	11	Friday	Veteran's Day—Schools Closed
November	24	*Thursday	Thanksgiving
November	25	Friday	Recess
December	22	Thursday	
		noon	Fall Term Closes

CHRISTMAS VACATION

January	3	Tuesday	Winter Term Opens
February	22	Wednesday	Washington's Birthday — Closed
February	23	Thursday	Schools Closed
February	24	Friday	Schools Closed
April	14	Friday	Winter Term Closes

SPRING VACATION

April	24	Monday	Spring Term Opens
May	1	Monday	County Convention—York
May	29	Monday	Schools Closed
May	30	Tuesday	Memorial Day — Schools Closed
June	16	Friday	All Schools Close

SUMMER VACATION

*Schools will close at noon the preceding day.

The no-session signal, one long blast of the fire sirens, will be sounded at 6:30 A. M. for all schools. Station WHEB, WTSN, WGAN, and WWNH will make no-school announcements as soon as possible.

The no-session signal, one long blast on the fire sirens, for the afternoon session of Junior-Primary pupils will be sounded at 11:00 A. M.

Announcements will go out over radio stations, WHEB, WTSN, WGAN, and WWNH in case of emergency requiring the closing of schools during the day.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Citizens of Kittery:

Recent annual reports from this office have covered many phases of the work going on in our schools. Reference to them will provide information on aspects of the school program which cannot be adequately covered or even generally touched upon in every annual report. Taken together, the reports over the past five years give a fairly comprehensive outline of school organization, school business and school programs. This particular report will deal mostly with school topics of some current interest, about which it is felt that people wish to be brought abreast of developments.

Kittery schools continue to emphasize work in fundamental skills. Reading is taught as such in all elementary grades, including seventh and eighth grades. Mathematics and writing are likewise taught as key subjects and much supervision is directed to helping teachers and pupils in these fields.

Instruction in grades seven and eight has been departmentalized for several years but pupils have not been grouped in classroom divisions by achievement until recently. Pupils in these grades were first grouped in accordance with their overall achievement rates in the spring of 1960. This practice is being continued and its general effect and effects on individual pupil progress are being studied. Similar grouping is common procedure in many good schools and is recommended by leaders in educational thinking. Such experience as we have had since inception in Kittery leads to the belief that most pupils, slow learners as well as fast learners, develop more and better, educationally, as a result of achievement grouping.

It is sometimes asked if a pupil is held in the same group throughout the school year. Pupils are changed from group to group as rate of progress advances or recedes. Most pupils are not often moved from one group to another but many pupils are moved as their work picks up or slows down.

Grouping is not something that is done to reward or to punish pupils. It is simply a procedure for bringing together in one group those pupils who are working at approximately the same rate of speed. All pupils tend to do better work and progress faster when they are grouped with those who learn at the same approximate rate.

Our teachers studied and worked on the idea for a long time before classroom grouping was first tried in grades seven and eight and they now meet frequently to study and evaluate grouping as an ongoing process and to recommend transfer of pupils from one group to another where transfer appears to be better for pupils.

Of course, elementary teachers have for many years grouped pupils within their classrooms for more effective teaching and learning and ability or achievement grouping by classroom divisions is not new in secondary schools.

People sometimes ask about the policy of transportation of pupils to schools at public expense. Law requires Conveyance of elementary school pupils when in the judgment of the Superintending School Committee it is necessary. There is no law in Maine requiring transportation of pupils to high school and Kittery has never offered transportation to the Academy. Sometimes, transportation has been offered by conveyors who made special trips to pick up and discharge high school students and were paid by the students, but the Town or the School Department has never paid for any transportation of high school students.

It is interesting to observe that there is a bill before the Maine Legislature to provide for transportation of high school students.

It has sometimes been remarked that pupils living near the elementary schools are permitted to ride on school buses. This is permitted only where children are physically handicapped or where there is room on a bus. It is not the policy of the School Department to intentionally arrange transportation for the purpose of picking up pupils living near the schools.

Elementary school enrollment figures continue to climb. There were forty-five more elementary school pupils in Kittery schools on January 1, 1961 than there were on January 1, 1960. At the present time, there is no evidence that elementary school enrollment will decrease. This year's increase of forty-five elementary school pupils is a continuation of a trend of several years. To illustrate: Enrollment on January 1, 1958 was up forty-eight pupils over the previous year. On January 1, 1959, elementary school enrollment was up again by sixty-five more pupils, and on January 1, 1960, it was up another forty pupils. This trend indicates that new elementary school classrooms will be needed soon. **THERE ARE NO VACANT CLASSROOMS IN ANY SCHOOLS IN KITTERY.**

Of course, high school enrollment increases as the larger classes complete their elementary school education and the need for more secondary school classrooms becomes greater. We shall be ready to use the new secondary school classroom building as soon as it is ready. This additional building facility, now being contracted for at our high school, is expected to provide adequately for our current secondary program and the anticipated enrollment through the next few years.

Traip Academy serves as the high school for students in Kittery and as such is an integral part of the Kittery school system. The work in the elementary schools and in the Academy is coordinated under the supervision of the Superintendent of Schools to make one educational program from junior primary through the twelfth grade. The records of our elementary school pupils are made available to the guidance personnel at the Academy to help in choosing high school student programs and the records made by freshmen are studied by elementary school personnel to determine evidence or trends of strength or weakness in our elementary school program.

Traip Academy is now accredited as a secondary school by the State of Maine, indicating that our high school measures up to all minimum requirements for a good secondary school. It does, in fact, exceed minimum requirements in many instances by a wide margin. Your school people feel that the townspeople were wise in voting the necessary funds to complete accreditation requirements. Already, there is evidence that people all over Maine are tending to regard accredited schools as better schools.

It pleases the members of the Joint Committee for Traip Academy and the administrative and teaching personnel when Kittery people visit the school to observe classes, look at the buildings and grounds and talk with faculty and students about the educational program. Parents who wish to discuss the work of their children or plans for further education are always welcome and may expect the interested help of the instructional staff, the guidance office and the administration.

Your school people are proud of the members of the student body at Traip, seeing them as clean, well-behaved young people with a maturity of outlook and manner that reflect well on homes in our community. The respect and regard that students show for the welfare of their school and the desire and effort on the part of students to repre-

sent their school with distinction have been noted. The friendliness, fairness and good sportsmanship of Traip students are frequently commented upon. All of these things betoken not only a general atmosphere but reflect qualities of character, intelligence and social conscience in individual students in the school.

The above is a brief outline of a few school topics that hold some present interest in Kittery. All of our school people are happy to discuss these and other school topics with anyone who may wish to visit us.

Respectfully submitted,

CHARLES PUFFER

Superintendent of Schools

REPORT OF THE PRINCIPAL**ROBERT W. TRAIPI ACADEMY**

From: Stanford I. Trask, Principal, Robert W. Traip Academy

To: Joint Committee for Robert W. Traip Academy

The following constitutes my fourth annual report. This report will follow the same form as my previous reports and cover five areas: Student Body, Staff, School Plant, The Academic Program, and Accreditation.

Every decision reached by the Joint Board, Principal and every member of the staff of Robert W. Traip Academy must be for the welfare of the outstanding student body of Kittery's secondary institution. There are two classes that set the standards for an entire high school—the freshmen and the seniors. The adult population of Kittery can take great pride in the way these classes have met their responsibilities and in the manner in which the sophomores and juniors have equally met their obligations. I am sure that our town and country will be in a better condition when these young people turn the responsibility of directing the destiny of man over to the next generation. I make this prediction on the assumption that we who are presently guiding destiny are wise enough to deliver a way of civilization to them.

The student body was at an all-time high again this year with a first-week enrollment of 529. Listed below is a summary of the student body from September 7, 1960, to January 20, 1961.

	BOYS	GIRLS	TOTAL
Total enrollment 1/20/61			
Post Graduate	0	0	0
Seniors	56	60	116
Juniors	65	55	120
Sophomores	79	50	129
Freshmen	63	70	133
TOTAL	263	235	498
Number registered between 9/7/60 and 1/20/61			
Post Graduate	1	0	1
Seniors	57	65	122
Juniors	68	60	128

Sophomores	86	52	138
Freshmen	70	76	146

TOTAL	282	253	535
-------	-----	-----	-----

Number transferred to another school

Post Graduate	0	0	0
Seniors	1	1	2
Juniors	2	2	4
Sophomores	0	2	2
Freshmen	3	4	7

TOTAL	6	9	15
-------	---	---	----

Number dropped out of school

Post Graduate	1	0	1
Seniors	0	4	4
Juniors	1	3	4
Sophomores	7	0	7
Freshmen	4	2	6

TOTAL	13	9	22
-------	----	---	----

The most disturbing aspect of this summarization is the the number of drop outs. The school refuses to accept the blame for the termination of their formal education but the school is willing to admit that it, along with the parents, students, and society must assume part of the responsibility. Every school system in our country has its per cent of uneducable students, but these students make up a very small part of the drop outs. The real problem facing our nation today is not teachers' salaries, more classrooms or the gifted child. It is educating a student to the point where he can make full use of his God-given talents.

Students today are expected to study more than at any other time in the history of our country. As few as fifteen years ago the determining factor as to whether a student received any post secondary education was money. Today there are two factors of equal importance — admittance to post secondary schools and money. I am sure that in another fifteen years there will be just one important factor again, and this will then be admittance. Regardless of our personal reactions to standardized testing, testing is here to stay because it is the fastest and cheapest method. Although it eliminates many conscientious and hardworking students, it can identify those who can re-

ceive college educations. Listed below are the results of one nationally given standardized test.

NATIONAL MERIT SCHOLARSHIP QUALIFYING TEST 1960

In March, 1960, 580,000 high school juniors throughout the country took the National Merit Scholarship Qualifying Test. Thirty-seven of these students were juniors at Robert W. Traip Academy.

The NMSQT is designed primarily to select the best qualified students as recipients of over \$5,000,000 in scholarships. Although no Traip students became finalists, four students, Robert Esswein, Thomas Chase, Jeffrey Callahan, and Warren Davis, received letters of commendation.

A second purpose of the NMSQT is to provide reliable information to schools for use in the guidance of their students with college ambitions. Students are compared with juniors throughout the country in the following areas of achievement: English usage, mathematics usage, social studies reading, science reading, and word usage.

Compared with typical juniors throughout the country, Traip students scored at the following percentiles in the following areas:

	1958	1959	1960
English usage	65	76	72
Mathematics usage	64	90	94
Social studies reading	56	75	88
Science reading	69	79	78
Word usage	76	82	87
Total achievement	65	83	89

During the past three years classes have shown a rather marked growth in most areas. Specifically, the math usage is showing very significant growth along with the reading and word usage tests.

English usage scores compare favorably with the national average for college entrants which is the 76 %ile. The mathematics usage scores at the 94 %ile is just one point below the average for entrants in engineering and the sciences. These scores may be converted by formulas to S. A. T. scores. This yields scores of V-460 and M-505 which would indicate that our average student taking the NMSQT is of college caliber. It is interesting to note that the computation of the V-score does not include English

usage, giving evidence that Test 1 of the NMSQT does not bear any significant relationship to the S. A. T. Verbal.

In breaking down the achievement of the thirty-seven students who took the NMSQT, we find that they scored as follows:

	1959	1960
90 - 99 %ile	9	15
80 - 89 %ile	6	5
70 - 79 %ile	7	10
60 - 69 %ile	6	4
50 - 59 %ile	0	1
40 - 49 %ile	0	1
30 - 39 %ile	1	1

This particular group of Traip students seem exceptionally well-qualified for college-level work. The scores are at or above the college entrance average for nearly all types of colleges.

Any weakness is in the verbal areas. Basically, it is one of reflection from the abnormally high mathematics areas. It is, however, below the national S. A. T. mean.

The above results are entered only to show my firm convictions that your school system—including elementary and secondary—is producing and lack of space only prohibits me from citing additional examples.

By far the most important element in a good school is the teaching staff. The present faculty of Robert W. Traip Academy is the strongest staff I have worked with in my four years in Kittery. I attribute this strength to the fact that we lost only three teachers last year, and all three had less than five years of experience. The retention of experienced teachers, the addition of experienced teachers and advanced study by veteran instructors contribute to strengthening any school system. Listed below are a few interesting statistics on the Robert W. Traip Academy teaching force for the school year 1960-61:

1. The staff consists of 33.6 teachers. The .6 represents the part time instruction of art and music.
2. All 33.6 teachers have earned a bachelor's degree or more.
3. Nine or 26.8% of the staff have earned master's degrees.
4. Thirty or 88% of the staff have done some advance study.

5. Twenty or 60% of the staff have eight or more years of teaching experience.
6. There are only two first-year teachers.
7. The average length of teaching in Kittery by the staff is $4\frac{1}{2}$ years.
8. The average length of all teaching by the staff is $9\frac{1}{2}$ years.
9. The staff members have studied under summer institutes.
10. The staff consists of 14 women and 21 men.

The retention of quality teachers and the recruitment of experienced instructors are of immediate and paramount importance. It is a simple matter to fill a staff with first-year teachers, but the quality of education received by the youth of Kittery would suffer. The responsibility of obtaining experienced and capable teachers is an extremely difficult task, but the lack of effort on the part of the administrators will never be the reason for not accomplishing this goal.

It is apparent at this time that the new building for Robert W. Traip Academy will not be completed for the opening of the 1961-62 school year. If present enrollment figures continue to hold up, the enrollment next year will be about 550 students, a fact which will necessitate additional classrooms and an additional teacher. The problem of scheduling will be more complex than it was this year. Additional restrictions on subject selection may be necessary but they will not be in a student's major-course requirements.

During the calendar year 1960, many alterations and repairs were made. Large major-building repairs, such as were financed in 1959 and 1960, should not be necessary for several years. Listed are some of the major projects completed during the calendar year 1960:

1. Hall floors in the Main Building were resurfaced.
2. New stairtreads were placed in the Main Building.
3. New lighting was installed in the Main Building.
4. Painting
 - a. Library rooms in the Main Building
 - b. Typing room in the Main Building

- c. One class room in the Cook Building
 - d. The tunnel between the Main Building and Swett Building
5. The fire alarms were changed in accordance with fire regulations.
 6. Four new side baskets were installed in the gym.
 7. A dividing curtain was installed in the Swett Building.
 8. A divider was installed between the two industrial arts rooms.

Projects under consideration for the present calendar year are far less expensive, and they would be considered more or less routine maintenance.

1. A seven-year painting schedule has been developed. This year six rooms in the Main Building and two in the Cook Building will be redecorated.
2. The lights in the principal's office and the outer office will be increased to 20 foot candles.
3. The trim on the Main Building will be painted.
4. Miscellaneous jobs such as putting electrical outlets in some of the Main Building rooms, washing the walls in the gym and installing handrails in the pits of the Main Building will be done during the summer.

The buildings on the Robert W. Traip site are basically sound, and they will remain so as long as routine repairs are not delayed.

The academic program at Robert W. Traip continues to compare favorably with the practices advocated by the Maine State Department of Education and there will be no major changes in the program for the next school year. This fall we started a new course we call the College Preparatory - Business Course. This is not a new idea, and we have been setting up schedules for a few individual students in this manner the last two years. With a definite program we can do a better job of scheduling and can reach more students who fall into the category of "undecided". Girls, in particular, who have not made up their minds at the eighth-grade level can postpone their final decision until the end of the sophomore year.

One of the most difficult curriculum problems confronting secondary schools today is what and how we shall teach English. If we sent all our students to one college, the institution could write our English Syllabus for us and

we would have this problem solved. All our students do not go to college; and of those who receive post-secondary education very few attend the same school. In discussing this matter with former graduates now attending universities and colleges we find a great variation in the demands of these individual schools. A study group consisting of state department personnel, superintendents, principals, and English teachers have written an English Syllabus for three tracks which closely resembles the practices of the Academy. Where we were exceeding their recommendation, we have continued to follow our own pattern; and in the areas where we did not measure up to their recommendations, we have attempted to meet their standards.

Realizing for sometime that music has not attained its proper station in our program, we were led to insert a thirty-minute-a-day music period. It was my feeling that students interested in music would benefit by this time; and those who are not musically inclined could use this time as a valuable study period. The music period has enabled us to add a six-week review of college preparatory mathematics, a six week speed-reading course for seniors, a six-week assembly production study by industrial arts students, production of three one-act plays by the freshman, sophomore, and junior classes and a laboratory work period for any student working on a science project. Plans are under way to have a review class in shop mathematics for students taking apprentice tests this spring. The period will always be first for musical advancement, but I am sure we will always be able to make this time valuable on a voluntary basis to non-musical students.

Robert W. Traip Academy was listed with the other 39 schools which were on the initial list of accredited schools. Dr. Joseph Devitt of the Maine State Department of Education and the committee of educators made many recommendations to improve our school. Most of these suggestions have been met, if not completely, at least to some degree. Listed below are thirteen of their recommendations that we have not acted on; there are varied reasons for our lack of action.

Recommendations Not Fulfilled

1. Students should be given instruction in the use of the school library on a regular planned basis. This should involve bringing the pupils to the library for this purpose in groups.
2. The committee feels a responsibility to point out that it realizes that play and recreational areas of sufficient size are not readily accessible to the school.
3. The committee wishes to point out that generally the classrooms in the old buildings are so over-crowded as to prevent effective use of the chalkboard and bulletin boards.
4. When the present window shades are replaced lighter ones should be purchased.
5. Additional bulletin board space for general school use should be provided in the corridors of both buildings.
6. The committee recommends that a study be made of the potential value of a hot lunch program for the students in Traip Academy.

Program

9. Definite provision for special help for all pupils who are not sufficiently adept in the basic skills of reading, writing, and spelling be provided.
10. Typing 2 be eliminated in the college-preparatory elective program.
11. A language laboratory be provided to develop more efficiently the speaking ability of pupils in foreign languages.
12. A French Club be organized to stimulate greater interest in the study of French and to provide additional learning opportunities.

13. Mechanical drawing be provided for college preparatory students.

I would like to express my appreciation to the Board of Trustees, Joint Board, and citizens of Kittery for continued cooperation and to extend my sincere thanks to Mr. Puffer for his excellent cooperation and professional leadership.

**REPORT OF
THE KITTERY SCHOOL BUILDING COMMITTEE
FOR THE NEW SECONDARY SCHOOL BUILDING
AT TRAIPI ACADEMY**

Plans and specifications for the new secondary school building project, known as Federal Project Maine 60-C-7-A10, were completed and approved by the various state and federal agencies and submitted for bid. Bids opened in September, 1960, were all high and, after thorough study, they were all rejected because of insufficient funds.

The Building Committee and the architect for the project have revised plans and specifications, secured the necessary government approvals and at the time of this writing, have readvertised for construction bids. Bids are scheduled for opening on February 21 and the bid figures presented at that time will be published and any action taken will be public knowledge by the time that this report is printed.

The Building Committee feels at this time that funds authorized are adequate for the project and fully expects that firm bids from reliable contractors will come within available amounts.

This project will be moved forward to completion as fast as can be done without undue sacrifice of material or quality of construction.

Respectfully submitted,

Frank R. Kauffman, Chairman

L. Charles Chase

Harold L. Durgin

George W. Fellows

Edward E. Shapleigh, Jr.

School Building Committee

4. The fourth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the field of study and may lead to further research in this area.

5. The fifth part of the document provides a conclusion and summarizes the main points of the study. It reiterates the importance of accurate record-keeping and the need for ongoing research in this field.

Warrant for Annual Town Meeting
AND RECOMMENDATIONS OF THE BUDGET
AND FINANCE COMMITTEE

State of Maine

York ss

To Albert V. Martin, a Constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the Inhabitants of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 11th day of March, 1961 A. D. at eight o'clock in the forenoon to act on the following articles, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, Selectmen, Assessors, Overseers of the Poor, Treasurer, School Committee, Budget Committee and all other necessary town officers for the ensuing year.

The polls for voting on Article 2 will be open at 8 o'clock in the forenoon and will close at 12:30 o'clock in the afternoon.

THIRD: To see if the town will vote to recess this meeting to the Traip Academy Auditorium at two o'clock in the afternoon, March 11, 1961 to consider the rest of the articles in the warrant.

FOURTH: To see what sum the town will vote to raise and appropriate for Administrative Expenses.

The sum of \$19,550.00 is recommended.

Not FIFTH: To see what sum the town will vote to raise and appropriate for Officers Salaries.

The sum of \$13,000.00 is recommended.

got it
SIXTH: To see if the town will vote to authorize the establishment of a Capital Improvement Account, as permitted by Chapter 90A Section 17, Revised Statutes of the State of Maine 1954 as amended, by the transfer of any unexpended funds raised on articles of this warrant designated as Capital Improvement Items. Said account to be expended only on authorized Capital Improvement Items.

The Planning Board recommends approval of this article to further the Public Improvement Program designated to provide a sound financial plan for the physical development of Kittery.

got
SEVENTH: To see what sum the town will vote to raise and appropriate for Public Works.

The sum of \$54,000.00 is recommended.

got
EIGHTH: To see what sum the town will vote to raise and appropriate for State Aid Road Construction.

The sum of \$3,198.00 is recommended.

no
NINTH: To see what sum the town will vote to raise and appropriate to purchase a new Dump Truck. ~~8000.00~~ *3,464.00*

The sum of \$300.00 is recommended.

yes FORTY-NINTH: To see if the town will vote to accept the report of the Selectmen with regards to the widening of a portion of Williams Avenue and to accept the road widened and to raise the sum of \$9,000.00 to pay damages for land taken and construction costs. This article is designated as a Capital Improvement Item.

Approval recommended and the sum of \$9,000.00 be raised.

yes FIFTIETH: To see what sum the town will vote to raise and appropriate to resurface U. S. No. 1 on Badgers Island.

The sum of \$3,125.00 is recommended.

no FIFTY-FIRST: We, the undersigend tax payers of the Town of Kittery, request that the roadway known as Walker Avenue, in the Town of Kittery, be rebuilt and macadamized, and raise a sum of money for same. The foregoing upon the petition of Newell L. Chase and 16 others.

Disapproved pending Planning Committee study to determine the extent of the project and a competent estimate of cost.

no FIFTY-SECOND: We, the undersigned, citizens of the Town of Kittery, petition the Town of Kittery to raise and appropriate \$5,000.00 for straightening, widening and resurfacing Martin Road. The foregoing upon the petition of Albert G. Storer and 53 others.

Disapproved pending Planning Committee study to determine the extent of the project and a competent estimate of cost.

yes FIFTY-THIRD: We, the undersigned respectfully request the Town of Kittery repair Traip Avenue, at an estimated cost of \$2,500.00, starting on north entrance on Wentworth Street. The foregoing upon the petition of Bertha R. Jones and 19 others.

Disapproved, pending Planning Committee study to determine the extent of the project and a competent estimate of cost.

yes FIFTY-FOURTH: To see what sum the town will vote to raise and appropriate for the advertising of the Natural Resources, Advantages and Attractions of the State of Maine, to be paid to the State Publicity Bureau, in accordance with Chapter 91, Section 108 of the Revised Statutes.

The sum of \$200.00 is recommended.

FIFTY-FIFTH: To see if the town will vote to authorize the Selectmen to carry on the town's business during the period of closing the books December 31, 1961 to Town Meeting Day.

FIFTY-SIXTH: To see if the town will authorize the Selectmen in behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they may deem advisable, and to execute quit claim deeds for such property.

FIFTY-SEVENTH: To see if the town will vote to authorize and direct the Selectmen and Treasurer to execute and deliver to Paul K. Gregory of Kittery, a quit-claim deed conveying any and all interest which the Town of Kittery acquired under Tax Deeds against the Heirs of James Philbrick, which deeds are recorded in the York County Registry of Deeds in Book 896 at

pages 37, 173 and 174. This authorization shall extend to all property which the Town attempted to convey, without the authority of an article in the Town Warrant for that year, by its deed to George F. Hayes dated October 25, 1938, and recorded in the York County Registry of Deeds in Book 914 at page 258, Mr. Gregory being the purchaser from said Hayes.

FIFTY-EIGHTH: To see if the town will vote to accept the new Cemetery Trust Funds.

FIFTY-NINTH: To see if the town will vote to authorize the Selectmen to apply for Federal Aid that may be available to the Town of Kittery.

got it **SIXTIETH:** To see if the town will vote to establish a committee to study Town Governmental Operations and make reports from time to time. This Committee shall consist of seven members to be appointed by the Board of Selectmen for one year terms. The foregoing upon the petition of Francis F. Neal and 59 others.

got it **SIXTY-FIRST:** To see if the town will vote to purchase from the U. S. Government that part of Fort Foster designated for recreational use and consisting of approximately 45 acres and raise the sum of \$16,000.00 for same.

Disapproved by the Budget and Finance Committee.

got it **SIXTY-SECOND:** To see if the town will vote to authorize the Selectmen to contract to purchase tax maps for a sum not to exceed \$18,000.00.

It is recommended that \$6,000.00 be raised and the Selectmen and Treasurer be authorized to borrow a sum not to exceed \$12,000.00 to be repaid \$6,000.00 in 1962 and the balance in 1963. This article designated as Capital Improvement Item.

SIXTY-THIRD: To see if the town will vote to ratify the action of the Selectmen in accepting a deed for Ram Island from the United States Government.

Approval recommended.

SIXTY-FOURTH: To see if the town will vote to accept a deed from Joseph Koslowski for land along the Picott Road and Cutts Road.

SIXTY-FIFTH: To see if the town will vote to make the office Commissioner of Public Works appointive instead of elective, effective with the 1962 Annual Town Meeting.

SIXTY-SIXTH: To see if the town will vote to raise and appropriate the sum of \$125.00 for a Blinker light on Pepperrell Road between Kittery Point Post Office and Frisbee's Store.

Disapproved by the Budget and Finance Committee.

SIXTY-SEVENTH: To see what sum the town will vote to raise and appropriate for development of an area in the Town of Kittery suitable for the establishment of a swimming instruction program. Article to be designated as a Capital Improvement Item.

The sum of \$1,000.00 is recommended.

SIXTY-EIGHTH: We, the undersigned taxpayers, request that a hydrant be installed on the south side of Leach Road approximately 750 feet from the intersection of Leach Road and Dennett Road and that a sum of money be raised for same. The foregoing upon the petition of John Z. McArdle and nine others.

It is recommended that a hydrant be installed at the intersection of the Leach Road and Dennett Road.

SIXTY-NINTH: To see if the town will vote to install a hydrant at the intersection of Dion Lane and the Shapleigh Road.

Approval recommended.

SEVENTIETH: We, the undersigned citizens of the Town of Kittery, request the town to install a street light on the Manson Road at the junction of Dana Avenue on pole No. 18½ and raise a sum of money for the same. The foregoing upon the petition of Sherrill K. Moulton and fourteen others.

Approval recommended.

SEVENTY-FIRST: We, the undersigned citizens of Kittery request that five street lights be installed on Brave Boat Harbor Road commencing from the residence of Clayton Sinclair and ending at the residence of Raymond Philbrook at the York Line. The foregoing upon the petition of Janet L. White and 10 others.

Recommend that three street lights be installed.

SEVENTY-SECOND: To see if the town will vote to adopt the following Streets and Ways Standards Ordinance as presented by the Kittery Planning Board.

(Copies posted with warrant.)

SEVENTY-THIRD: To see if the town will vote to adopt the following Subdivision Ordinance as presented by the Kittery Planning Board.

(Copies posted with warrant.)

SEVENTY-FOURTH: To see what sum the town will vote to raise and appropriate to demolish the Town Farm Building.

The sum of \$500.00 is recommended.

SEVENTY-FIFTH: To see if the town will vote to authorize the Selectmen to sell standing timber on the Town Farm Property.

SEVENTY-SIXTH: To pass any other vote or votes that may legally come before said meeting.

The Selectmen give notice that they will be in session for the purpose of correcting the list of voters at the Selectmen's Office on March 2nd and 3rd from 7:00 to 8:00 P. M. and March 10th from 6:00 to 9:00 P. M.

Given under our hands this 23rd day of February A. D. 1961.

REPORT OF
THE SELECTMEN

TO THE INHABITANTS OF THE TOWN OF KITTERY:

It is the privilege of your Selectmen to submit their report for the preceding year and to briefly outline the progress which they feel the town has made during that period.

At the last Annual Town Meeting the town voted to accept a deed at no cost for one half of Fort Foster and to purchase the other half. As the town had appropriated no money for the improvement of this property there was little that could be done with the park other than to maintain and make usable the existing facilities.

It is felt that the acquisition created a valuable adjunct to the town's recreation area and that with the proper improvements and maintainance it will become a real asset to the town.

Your Selectmen acting in their capacity as Overseers of the Poor report a small overdraft in the appropriation for the Welfare Department. It must be noted that the appropriation for this department has remained fairly constant over a number of years. During this time the population of the town has had a considerable increase.

Despite the appearance of a relative prosperity in the area there has been marked unemployment and also an increase in the indigent. As a result of this condition a small increase in the appropriation is being asked for the ensuing year.

The Town Farm which has served no real purpose for many years had become a liability rather than an asset to the town. The town had voted the sum of five hundred dollars to demolish this building and we are pleased to report that the building has been razed at no cost to the town and the appropriation has reverted to the general fund.

The Brave Boat Harbor clam project has progressed slower than anticipated. The lack of sufficient funds coupled with the large area to be serviced has been responsible for this condition.

The coming year the Department of Sea and Shore Fisheries proposes to spend approximately \$1,200. for this project if the town will vote to raise the sum of \$300. to supplement this state expenditure.

It has been the practice of your Selectmen to meet monthly with all department heads. This practice keeps the administrative officers constantly in touch with all of the town's business and enables them to have an accurate picture of all departmental functions.

Individual reports from other town departments have been included in this town report under separate headings and your Selectmen would refer you to those reports for full coverage of these departments.

In conclusion we wish to thank all departments and committees for their splendid cooperation and devotion to the welfare of the town during this past year.

Certificate of Audit

February 5, 1962

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1961, as required by Chapter 91, Section 142, of the Revised Statutes of 1954.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all procedures which were considered necessary in the circumstances. Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operations for the municipal year ended December 31, 1961.

Respectfully submitted,

L. EVERETT OUTHOUSE

COMMENTS

CASH BALANCE

The cash balance, as noted in the Balance Sheet, was reconciled, and a written confirmation of the balance was made with the bank.

UNCOLLECTED TAXES AND LIENS

Unpaid taxes and tax liens at December 31, 1961, were verified by written confirmation, to the extent deemed necessary, at the time of audit.

TOWN DEBT

Outstanding notes and bonds payable, were verified by written confirmation with the various payees.

GENERAL

The procedure for keeping the municipal records of the Clerk-Tax Collector and Treasurer was examined, and found to be adequate, and in compliance with the General Laws of the State of Maine.

The Selectmen's records are kept by a double entry method of bookkeeping, and a Trial balance is taken regularly. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise Tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

Various laws relating to the administration of the fiscal affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

Note: A complete copy of the Auditor's Report is on file in the Selectmen's Office.

KITTERY PLANNING BOARD**1961 ANNUAL REPORT TO THE TOWN**

This has been a busy year for the board due to its own commitments and the work with interlocking committees. Two members of the board, Daniel Driscoll and Roy Collins, resigned and Harley B. Remick and Philip E. Fritz were appointed by the selectmen.

During the past year, the chairman or a board member has met with the following committees to offer assistance, request information or to exchange views: the selectmen, the joint school committee, the Kittery Port Authority, the Park Commission, the Budget and Finance Committee and the monthly meeting of all Town department heads. The board was also consulted by the Memorial Field committee, the Interstate Bridge Authority, the Kittery Recreation Association, the US Post Office Department, the New England Tel. and Tel. Company, the Pepperrell Association, and the City Planner of Portsmouth, N. H. The Eliot Planning Board requested and received assistance in organizing its board, and the Planning Board of Brunswick was provided information to assist setting up its Capital Improvement program.

The Sub-Division Ordinance became effective after being approved at the March, 1961 town meeting. Two sub-divisions, or parts thereof, met the requirements of the ordinance and were approved: Mr. Robert Varney's for his development known as Ox Point off U. S. Route 1, and Mr. Joseph Dion's for a portion of his development off Rogers Road. In addition to these, other persons made inquiries as to procedures.

One board member has followed through on road building requirements, traffic patterns and road improvements and in this work the Public Works Commissioner has cooperated fully. At the selectmen's request, an engineering survey is underway on the portion of Route 103, Whipple Road, from the railroad tracks to Gate 2 at the Navy Yard. The results of this study will include typical cross-section plans, specifications, and cost estimates to rebuild this part of Whipple Road to meet the standards set for a Class A Maine road and an article is included in the warrant for this project. Town traffic patterns are also under study for recommendation to the Town.

The Capital Improvement program, now well underway, is subject to annual revision and projection to keep

it up-to-date and of real value to the town. Changes and new developments will require rescheduling as needs become apparent.

The James W. Sewall Company of Old Town, as low bidder, was employed to prepare property maps of the town. This work is being completed at this time and the maps will be of great assistance to your assessors in 1962.

A street and road map has been redrawn by the Moulton Engineering Company. Copies of this map will be available at a very small charge in the future.

The purchase of the second section of Fort Foster has been completed and the Fort was open to the public for recreation purposes this past summer. It is evident from the interest shown in the Fort that the Town needs this open space for a recreation area and appropriations must be made for its maintenance and improvement.

The new entrance to Traip Academy, voted in 1961, has taken much time and effort because the price offered the landowner was unacceptable and the selectmen's negotiations at a figure lower than the original offer were approved by the court. The Public Works Department, therefore, could not begin work until well into the fall.

A Kittery Fort Authority was established by an act of the Maine Legislature. Frederick S. Brown was elected its first chairman and the Planning Board was delegated as its Administrative Authority. A full report by the Authority outlining its aims and duties will be made elsewhere in this book.

Proponents of a second lift bridge alongside the present Interstate Bridge have met with the board and outlined their plans. Since then the Board has been in touch with the Maine Highway Dept. regarding both a low level bridge and a proposed high level bridge. At the present time the states of New Hampshire and Maine are financing a study by consulting engineers to resolve this problem.

The third phase programming of the Comprehensive Plan for the Town, consisting of a Town Center Study and a Schoolbuilding Development study covering school needs for the next ten years, is at last underway. Kittery leads Maine towns of equal or lesser size in comprehensive

planning, and the federal government was slow in the appropriation of its share ($66\frac{2}{3}\%$) of the planning costs. Kittery's share (25%) and the State's share ($81\frac{1}{3}\%$) have been available and the Board stood firm in its belief that Kittery should not suffer in its efforts to complete the expansion of its Comprehensive Plan and that we should not be edged out by slower moving towns.

The James W. Sewall Company of Old Town has been engaged as planning consultants and should complete the Phase III work in the next few months.

The board members feel that the cooperation of the selectmen and other groups mentioned above has benefited the Town of Kittery and that mention should be made of these 25 men and women who have given uncounted and unpaid hours for the betterment of Kittery.

Respectfully submitted,

William R. Downey, Chairman
Frederick S. Perry, Secretary
Alonzo P. Averill
Harley B. Remick
Edward E. Shapleigh, Jr.
Janet M. Comey
Philip E. Fritz

**REPORT OF
THE KITTERY POLICE DEPARTMENT**

To The Board of Selectmen:

I have the honor to submit a report of the activities of the Kittery Police Department for the year ending December 31, 1961.

During the year of 1961 the department made 255 arrests. Of these 37 were so-called criminal arrests and 218 were for motor vehicle violations. The most numerous violations for 1961 were, passing stop signs, speeding, operating without driver's license and operating while under the influence with a total of 113 persons taken to court for these violations. The other top violations for 1961 were passing red lights 18, defective muffler 12 and a number of other motor vehicle violations.

Other activities of the Police Department included: 3,089 complaints received and investigated, 156 calls for assistance, 656 escorts of all types, 158 doors and windows found open by officers on patrol, 218 motor vehicle accidents investigated by the department, 18 breaking-entering, 14 larceny theft under \$50.00, 11 larceny over \$50.00, 2 auto thefts and 2 robbery cases investigated by the department.

On our training program we had Officer Norman Hume and the Chief of Police Albert V. Martin attend schools. Officers Hume attended the Highway Safety School at the Maine State Police Training School in Augusta and the Chief attended the FBI School on Police Administration in Boston, Mass. These schools were at no expense to the town.

In conclusion may I take this opportunity both for myself and the members of the Police Department to thank the Chiefs of the Kittery and Kittery Point Fire Departments and their men for the help in the past year and also to the other departments for the help they have been to this department in the past year.

Respectfully submitted,

ALBERT V. MARTIN
Chief of Police
Kittery, Maine

Kittery, Maine

December 1, 1961.

To the Board of Selectmen:

The Park Commission of the Town of Kittery submits the following report of its activities for the 1961 calendar year.

FORT McCLARY PARK saw several improvements and additions during this past year. The drainage dam and gate, installed to simplify the drainage of the pond, were completed and the drain pipe from the dam will soon be laid in the ditch provided for that purpose. The equipment at the Park is in very good condition again this year thanks to the excellent supervision of Frank Mellen. A new slide was purchased to replace one which had become unsafe for the children to use. It is estimated that approximately 14,000 persons visited Fort McClary Park this summer. This number will probably increase next year as the State of Maine is restoring the historical section and it should prove an additional tourist attraction.

ROGERS PARK development was started during 1961. Two signs announcing the Rogers Park area were erected during the early summer and work began on clearing of the brush. However, poison ivy encountered in the area presented a problem. There has been some spraying done and this spraying will have to be repeated another year. Due to the unexpected expenditure for spraying the initial construction of parking facilities and a roadway had to be postponed to 1962. The Park Commission plans to place tables and benches in the Park this coming year in order that the townspeople may enjoy this new recreational area.

SEA POINT BEACH had the usual storm damage from the winter high tides and required bulldozing in the spring to repair the roadway so that it would be passable. Roland Guay was employed to maintain the comfort station during the summer months. Harry Bouffard was contracted for rubbish removal at the beach area.

PARKS AND GREENS throughout the Town were mowed and trimmed by Roland Guay. Also, tended were the graves of veterans lying outside of cemetery areas, as required by State Law.

THE CHRISTMAS TREE will be erected in John Paul Jones Park again this year. New ornaments will be purchased to replace some having seen much service. It is

the hope of the Park Commission that during the coming year a tree will be planted which will be of adequate size within two years to decorate annually and thus eliminate the necessity of acquiring a tree each year.

Many persons have assisted the Park Commission in its work this past year and we would like to express our thanks to them all.

Respectfully submitted,
 Gordon Cutten, Chairman
 Mrs. Walter A. Borkowski

 Charles Reardon

REPORT OF THE HEALTH OFFICER

Board of Selectmen

Kittery, Maine

I hereby submit my report as health officer for the town of Kittery for the year 1961.

The following contagious diseases were reported.

Chicken pox	12
Measles	14
German measles	11
Mumps	196
Scarlet fever	6
Impetigo	16
Ivy Poisoning	1
Meningitis septic	1
Mononucleosis	1

258

The usual amount of school slips made out according to law and many more for the convenience of parents.

There were the usual number of cases not reported by the doctors and parents as required by law.

The freshmen class at Traip Academy were examined by Dr. Taylor and myself.

There were many sanitary complaints investigated and remedied.

A very successful diabetic week was carried out with the help of all the doctors in town.

Respectfully submitted,
 C. W. KINGHORN, M. D.
 Health Officer, Town of Kittery

**REPORT OF
THE KITTERY PUBLIC HEALTH ASSOCIATION
FOR 1961**

Total visits for the year	2867
For bedside care and treatment	1931
Preschool health visits	298
Schoolage health visits	184
Adult health visits	148
Visits in behalf of patients	215
Cases admitted to service	205
Cases discharged from service	189
Full pay visits	1211
Part pay visits	354
Free visits	366
No charge visits	936
Well child clinics held	10
Children attending	230
Average attendance	23
Triple toxoid given	185
Polio vaccine given	188
Smallpox vaccinations	63
Physical examinations	71
Fees received from patients—	
Full pay	\$1849.00
Part pay	318.50
Well child clinics	291.00
Donation	10.00
Total	<u>\$2468.50</u>

This amount turned over to Mr. Alfred Sterling, Treas.

The officers of the Board of Directors for 1961 were:

President	Mrs. Raymond Littlefield
Vice President	Mrs. Lester Tobey
Secretary	Mrs. Alexander Farley
Treasurer	Mr. Alfred Sterling

Services to the town and the residents are as follows:

1. Bedside nursing care and treatment, of any type, as ordered by the family physician.

2. Teaching members of patients family how to care for ill member between Nurse's visits, also demonstration of infant and child care to young mothers.

3. Well child clinics.

4. Working with the State Public Health Service. This includes checking cases of tuberculosis and their contacts and Venereal diseases to prevent spread of disease and to see that those affected receive the proper care and treatment.

5. Welfare work for our needy families.

Well child clinics were held in the Nurse's office, at the Town Hall, on the third Wednesday of each month, except August and December. The clinic is for all children in Kittery from infancy to schoolage. Thomas Conroy, M. D., is the attending physician. We make no charge for our services or that of the physician, only for the cost of the medication, the charge is one dollar, per shot, for polio vaccine, fifty cents for triple toxoid and fifty cents for smallpox vaccination. Physical examinations are free. We ask the parents to please not bring children who are acutely ill with colds or running a fever. This is a well child clinic and we must protect the well child and prevent the spread of contagious diseases. My sincere thanks goes to the following workers: Mrs. Myrtle Rankin R. N., Mrs. Dorothy Fitzpatrick, Mrs. Sylvis Goldstein, Mrs. Halle Nau, Mrs. Virginia Prince, R. N., and Mrs. Margaret Smith, R. N.

There being no welfare agency in Town where good used clothing, food and household goods can be donated, we have acted as clearing-house. All reports of need have been investigated. Where need was found, food and clothing, obtained through the kindness of civic minded citizens has been distributed. Reports given to selectmen of any continued need. In November a complete survey of the town was made of known and reported needy families, to determine need and ages and sizes of children. Special mention should be given to the Fix-it Club of the Methodist Church who have repaired clothing during the year and to the Past Matrons of The Eastern Star who have made a special project of the year of knitting mittens, sweaters and hats for our needy children.

During the holiday season we put out an appeal for toys, clothing, food and money for our needy families. The response was most gratifying. A total of twenty seven

families with sixty five children received food baskets, gifts, toys and money. Each child received new mittens and two pair of new socks also some received new sweaters and other clothing. My appreciation goes to the following; Kearsarge Temple Pythian Sisters, Helping Hand Club, Reserve Police Assn., Riverside Womens Club, Womens Society of the Catholic Church, Second Christian Church, Second Methodist Church, Kittery Point Baptist Church, Congregational Church, Piscataqua Chapter of Eastern Star, Past Matrons of the same, Portsmouth Lodge of Elks, Salvation Army, Members of Frisbee, Mitchell and Shapleigh P. T. A., Students of two sixth grades of Frisbee School, Future Homemakers of Traip Academy and several Boy and Girl Scout Troops. We also wish to thank the Police Dept., Public Works Dept., Fire Dept. Members, and all the civic minded that gave money or helped in any way to make this project an outstanding success.

Services of the nurses are available to anyone in Kittery or Kittery Point. Treatment is carried out under the direction of the family physician. For the past ten years we have charged \$1.50 per call, but because of the increase in the cost of transportation, supplies and salaries the Board of Directors voted to increase the fee to \$2.00 per call on January 1st, 1962. The same part pay and free service will be given as needed. The nurses are on duty Monday through Friday from 8 A.M. to 5 P.M. Only emergency calls are taken on weekends. Calls are received at the Nurse's Office 8 to 9 A.M., or by calling Cole's Drug Store Tel. ID 9-0607.

On behalf of the Board of Directors, Mrs. Frances Orr R. N. and myself I wish to express our appreciation to all that have helped in any way to advance the work of the Public Health Association.

Respectfully submitted,

Esther H. Linscott, R. N.

REPORT OF THE COMMISSIONER OF PUBLIC WORKS

I would like to thank the officials and citizens of the Town of Kittery for the patience and cooperation shown to me and my Department during the past year.

We realize that many of our roads still are in poor condition and it will take money, time and labor to bring them up to proper standards. Catch basins and culverts should be repaired or replaced all over town. Street signs need to be renovated and a survey shows additional signing to be necessary for the aid of tourists and visitors to our Town. In an attempt to alleviate an existing traffic hazard, we plan to install a traffic island at the junction of Dennett Road and the Old Post Road.

Last year, work was started on Williams Avenue but, due to delays in surveying, settlement of land damage claims, etc. the job was not finished. After construction started, it was found that more under drain pipes would have to be purchased and installed due to the springs that were discovered in this area. Retaining walls, final grading and tarring, and the construction of a sidewalk are necessary to complete this project.

Due to the efforts of the Park Commission, employees of the Department of Public Works were hired to cut trees and brush and spray poison weeds at Rogers Park. The cost of this work was paid from Rogers Park funds.

A great deal of repair work has been done and new signs posted at Fort Foster. Much of the cost of this project was paid from funds accumulated by selling scrap metal, etc. salvaged from this area and the dump.

Removal of ledge on the Bartlett Road last July was a time-consuming job. The State helped to supply funds for this work as well as that on the Miller, Litchfield and Martin Roads. Work on the Martin Road has not yet been completed because of the early snow.

We rented a Massey-Ferguson Loader at a cost of \$2,760.00 for one year with an option to buy; the rental fee to apply to the purchase price. The State has paid the Town a total of \$5,553.00 for the use of this loader at the rate of \$9.00 per hour. The loader has been in almost constant use since we obtained it on June 27, 1961. Otherwise, we would have had to hire this work done at a much higher rate.

The last payment in the amount of \$1,200.00 has been made on the grader. This grader has earned \$2,182.50 on State Aid work this year. This machine and the loader have been of great help in snow removal.

I would recommend the purchase of a new bulldozer to replace that which the Town owns at present, and feel that it should be of a larger size as the present bulldozer is not adequate to do the work required of it as this machine is used in the maintenance of the dump and the construction of State Aid and Town roads. It is my opinion that the money that could be saved by the Town warrants the purchase of a new bulldozer as the money now expended for the hiring of a bulldozer would go toward the purchase price of this new piece of equipment.

Much of our equipment is very old and, in my opinion, needs to be replaced over a period of time.

Included in our projects this year is the repairing of the sheds in back of the Town Barn and they will be used to house equipment and trucks. Our municipal yard and buildings are open to the public at any time for inspection, and it would please us if you could spare the time to visit our plant.

Again, I wish to thank the public for selecting me as their Commissioner. I have enjoyed the work, and trust that I may continue to serve you.

Respectfully submitted,

WILLIAM E. STEVENS

Commissioner of Public Works

REPORT OF THE KITTERY RECREATION ASSOCIATION

To The Citizens of Kittery:

The Kittery Recreation Association has completed, as far as possible, a swimming pool 24 feet wide by 40 feet long. This Spring when the gravel has settled around the pool, an apron 5 feet wide and 6 inches thick of reinforced concrete will be poured around the pool. A chain link fence had to be erected around the pool as a safety precaution.

Perhaps you will recall, that the plan early last year was to improve an unused area at Fort McClary on the inland side known as Barters Creek, for a swimming program. The State had classified the waters of the Piscataqua late in the Fall of 1960 and we were unable to have our swimming program there. The waters and the tributaries of the Piscataqua were classified "D". This Class "D" is water primarily devoted to transportation of sewage and industrial wastes, barring creation of nuisance conditions. The three exceptions to this classification are Fort Foster, Sea Point Beach, and Brave Boat Harbor — they are classed "B1" — can be used for recreational purposes.

The swimming program was started at Fort Foster and continued there in spite of the cold water until the last week of the swimming program, when the swimming pool at Memorial Field was completed. This pool, because of its size, will be devoted to instruction and organized groups. 299 children enrolled in the program; 163 children completed the program. Of that number 107 received Red Cross Certificates. However, many more than the 107 gained a knowledge of water safety and a basis for future swimming instruction.

For the summer of 1962, the Kittery Recreation Association has planned three 3-week programs at the pool. The classes will be limited to 10 children (due to the size of the pool) and there will be 8 classes daily. This program will be able to handle 240 children for the summer. The minimum age for the program will be 8 years of age due to the depth of water at the shallow end which is 33 inches deep. There will be exceptions to this age, however, for children who completed part of the program in 1961. One day of each session will be set aside for registering and testing of children not previously entered in the program. The last day of each session will be set aside for a "Family Day"

when parents can come inside the pool enclosure to observe what their children have accomplished in the 3 weeks of instruction. The last week of the summer will be used for "make-up".

REPORT OF THE KITTERY PORT AUTHORITY

TO THE CITIZENS OF KITTERY:

The newly organized Kittery Port Authority, functioning under the authority of H. P. 682-L. D. 960 of the 100th legislature of the State of Maine, has been holding weekly meetings, with the exception of the second week of each month, since September 1961.

Because this is a new organization, and there are no precedents, traditions, customs, and usages for its guidance, the legislative act provides for the attachment of the Port Authority to the Town of Kittery Planning Board for administrative purposes, and also for the chairman of the Town Planning Board and the Chairman of the Budget and Finance Committee as members of the Port Authority. This relationship has worked to the definite advantage of the Port Authority. These two members have provided the background and experience needed by this new organization.

Basically, the purposes and objectives of the Port Authority are similar to those of the Town Planning Board, with the exception that the Port Authority is restricted to the planning, development, and advancement of the commercial, recreational, and public utilization of the port, harbor, and waterfront facilities of the town. Up to the

time of this report, the Port Authority has developed its own operating procedures and considered its prerogatives, responsibilities, and limitations. Letters have been sent to any and all agencies, federal, state, local and private, announcing the existence of this Authority and announcing its purposes.

Specifically, Mr. Dettloff has been given the task, and has performed many of the tasks related to advancing the so-called Pepperrell Cove Extension dredging project. The Authority believes that this project will be in the best interests of the town of Kittery and will recommend the town appropriate the necessary funds for its accomplishment, but will work toward keeping the town monetary requirements at an absolute minimum. Another Port Authority project is the development of regulations relative to the operation and control of boats and facilities in the waters under the jurisdiction of the Town of Kittery, as well as the use of town landings and wharves. Another item of consideration is regulations concerning the dumping of refuse in these waters. Contact with the state authorities connected with the proposed new bridge between Portsmouth and Kittery will be maintained. The Authority has, and will continue to give, consideration to the development of recreational uses of town waterfront property and parks. In connection with the development of any regulations, the Authority strongly desires that any and all of these regulations will be such that the best interests of the majority of the people will be served, and before promulgation, all interested persons will be given an opportunity to submit comments and recommendations. The members of the Port Authority have worked diligently, looking toward providing the best service possible for the Town of Kittery and its people, and intends to continue in this vein.

TOWN GOVERNMENT STUDY COMMITTEE REPORT**Conclusions to Date:**

A. As a result of its study to date, the Town Study Committee voted to present five recommendations at this time. Two additional phases must be completely investigated before a final report can be submitted and the following recommendations may be revised or added to. The remaining two phases requiring further study are (1) the coordination of the committees and offices of Kittery's government and (2) the applicability of town manager to Kittery's town meeting form of government.

1. We recommend that Kittery retain its present basic form of government—town meeting.
2. We recommend that the selectmen be granted additional powers through legislative action to make decisions in matters of a minor nature which now have to go before the town meeting, for example: the installation of a street light or hydrant, acceptance of a deed or road, etc. It is becoming more obvious every year that towns over 5000 population should not operate under the same statutes as towns under 5000 population.

The successful passage of such legislation would necessitate a small contingency fund to dispose of these minor matters.

3. Future needs and growth may indicate the desirability of some radical changes. For example, if the town meeting should become unwieldy or Robert W. Traip Academy's gym can no longer seat all the registered voters wishing to attend the annual town meeting, the representative form of government may then have to be adopted. The committee, as yet, has not been convinced that any such change is called for at present, or at least until certain less drastic measures have been tried.

We recommend that a professional tax reappraisal of the taxable property in the town be made without delay and that the burden of the selectmen's duties be lightened by employing a clerk to the Board of Assessors who in actuality would be the assessor of

the town, responsible for his actions to the Board of Assessors. This clerk would also serve as building inspector and if practicable, professional engineer. The adoption of this recommendation would not require a legislative act.

As the town of Kittery continues to grow the committee can foresee the time when even more additional professional help may be necessary.

4. We recommend that the selectmen and other town officials continue their policy of applying more businesslike procedures to the managing of the town.
5. It is noted that delay in issuing the Town Report and Warrant deprives the voters of adequate time to fully comprehend the items in the warrant.

The committee recommends that responsible officers and committees organize and coordinate their work to permit the issue of this publication no later than thirty days prior to the annual town meeting.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Citizens of Kittery:

As has been emphasized in previous reports, public education in Kittery is concerned with the school experiences of children in all grades from the junior primary through the senior year at Robert W. Traip Academy.

Previous reports have been limited, for the most part, to discussion of certain areas of school operation and explanation of school organization and programs. This report will be concerned mainly with a listing of things which can be done to improve our educational program and with a brief explanation of budget recommendations for 1962.

Reading is the prime field in which we are presently working for improvement and seeking better ways of helping pupils learn to read. In this area, it appears that an expanded program in teaching sounds may lead to development of more reading skills and plans are being made to strengthen the teaching of reading through such a program. A greater emphasis on phonics and phonetic analysis of words is expected to improve spelling as well as reading.

The reading program involves more than teaching primary children to read. Improvement in reading is a most important element in the work of pupils through all grades of both elementary and secondary school.

A committee of teachers is presently engaged in studying and evaluating arithmetic textbooks with a view to selection of better teaching materials. The results of tests show that, generally speaking, our elementary pupils are weaker in the processes of arithmetical computation than in problem solving and it is possible that a change in textbooks may be in order. An extension course from the University of New Hampshire in **Teaching Arithmetic** will be offered in Kittery during the latter half of this school year.

The question of whether sufficient geography is being taught is being studied. It is possible that our social studies courses, in which history and geography are studied together, are not giving sufficient attention or time to the location of places.

We believe that more teacher time should be made available to very slow learners, those pupils who have exceptional difficulty in all subjects. Present plans will

make it possible for some of these pupils to enter a special class where the teacher's time will be given wholly to them.

There is need for more help in the teaching of art. We now have one art supervisor who works three days of each week in elementary schools and two days in our secondary school. There are now fifty-nine elementary classrooms in Kittery schools, too many for one art teacher-supervisor to adequately visit and supervise. Another person to work in this field is needed and funds to pay for the part-time services of another art teacher have been recommended in the budget.

In vocal music, a second teacher was added this year. One of these teachers works in junior primary through the sixth grade. The other teacher works with pupils in grades seven and eight and with our secondary school students. This arrangement permits the music director to use all of his time in teaching instrumental music in elementary grades and to students at Traip Academy. We believe that this arrangement will build the better bands and instrumental performing groups that our schools should have.

Some television instruction in science and reading phonics is now being received by pupils in fourteen classrooms in Mitchell and Wentworth Dennett Schools. These programs come from WENH, on Channel 11, and teachers find them of great help. There is but one television set in each of the two schools but the programs are scheduled at different times. The total cost of these programs this year is \$127.25, which does not include the cost of the receiving sets.

Television courses are increasing in number and television instruction is improving. We need to make more use of educational television courses and to make them available in all of our schools. Aside from the cost of the receiving sets, expense is relatively little. The school budget for 1962 includes sums for more programs and for sets to make them available in all schools. No other means available can teach so much to so many for so little money.

We need to do more to improve library facilities on both elementary and secondary levels. More books, more reference materials, more room to store them and to use them—these with television provide the opportunities for students to learn more about a subject than is written in one textbook and taught by one teacher in one classroom.

Our schools need to do more to promote physical fitness. Surveys show that, nationally, we fall well below generally accepted standards for physical fitness. It seems reasonable to suppose that Kittery, like most places in the United States, needs to do more to encourage and develop physical fitness in its youth.

Parents can do much to help their children in their physical development. Good school programs need to be strengthened by parental support at all age levels.

We need to do more to improve the teaching of foreign languages. Possibly we need to add another foreign language for secondary school students. We certainly need the language laboratory for which funds are being asked this year. The language laboratory is one of the newer, but proven, devices for better language instruction and may be used in teaching different languages in the same school.

We are realizing fulfillment of needs in the completion of the new building at Traip Academy, in which a biology laboratory and new home economics laboratories will allow expanded programs.

We have a regular program of testing in our schools and the results are used to help teachers know how well they have taught, to help them to gauge the ability of pupils, to help them to place pupils in the proper groups, to help them to know what needs to be re-taught and to help them to know which pupils need more help. We need to do more testing and we need to make use of machine scoring devices in order that test results may be made available quickly and in order that teacher time may be used for teaching and not given to the long processes of hand scoring the many tests. We are planning to use some machine scoring facilities during the coming year.

As was true a year ago, **THERE ARE NO VACANT CLASSROOMS IN KITTERY SCHOOLS**, but enrollment in the elementary grades is less, by fifty-four pupils, than it was a year ago. This drop is mostly in the junior primary grade. Our secondary school enrollment is up five pupils over a year ago and totals five hundred and five students.

At this time, there is no firm prediction to be made for junior primary enrollment in the fall of 1962. Secondary school enrollment is confidently expected to go up to about

five hundred and eighty students this coming fall. There are one hundred and two students in the class to be graduated from the Academy in June of this year and one hundred and eighty-four pupils are expected to complete elementary school work in June. The new building, almost completed at Traip Academy, will provide needed classrooms and laboratory space and make it unnecessary to continue use of one basement room now used for classes in the main building. Two additional teachers will be needed for the increased enrollment in the Academy. Classrooms now in use and now being completed at Traip Academy will accommodate a top number of seven hundred students in the courses now being offered.

An introduction of more courses would tend to hold more students in school and reduce the number of students who drop out annually. Some changes in courses now offered may tend to reduce the rate of drop-outs and some changes are being planned.

Lest it be thought that there may be vacant classrooms in the elementary schools this coming fall, it needs to be kept in mind that we are using our Frisbee School library as a part-time classroom and lunchroom space in Frisbee School continues to be used for classrooms. As has been said many times, and remarked upon by parents, our pupils, especially in upper elementary grades, need a library room that is used for library work only and is available for library use every period of the day. We now have this use only to a limited extent. Hot lunches in Frisbee School are served in the corridors and eaten in classrooms.

There is little storage space in school buildings and practically no space in which custodians can work on repair projects. School books, papers and other pupil supplies, custodial and building supplies, audio-visual and other teaching equipment, maintenance equipment and school furniture require room for storage and security. It is necessary that all of these items be available somewhere. Extra pupil desks and chairs are necessary in order that proper sizes may be on hand for the changing enrollment each fall and to replace worn out and broken pupil furniture.

Kittery schools need more freezer space for storage of foods supplied by the federal government. All schools have some freezer space but not nearly enough to hold the

food stocks available from the government this year. Frozen cranberries, frozen chicken, turkeys, frozen meat, butter, lard and processed cheese have been available in greater quantities than our freezers and refrigerators can handle. More freezer space is needed and has been recommended in the school budget for 1962.

115,314 individual school lunches were served in the Kittery schools in 1961-62 at a cost of twenty-five cents to each pupil.

It has been the general policy of the School Department to keep up and care for school buildings and grounds and to repair and improve rather than allow properties and equipment to seriously deteriorate. Keeping grounds, buildings and equipment in good condition contributes greatly to safety and tends to hold down the number of accidents. Keeping to a good maintenance program is the most economical policy in the long run. The budget recommended for 1962 includes sums felt necessary for proper maintenance.

While it is the intention of the School Department that all possible shall be done for safety of pupils, whether it be on grounds, in buildings, or on buses, it is a fact that some pupils suffer accidents each year, perhaps more often on the playground than elsewhere. The schools have no funds to care for the costs attendant upon such accidents and the expense falls on parents. As a public service and as a convenience to parents, pupil accident insurance is made available to parents by the distribution of application forms which are sent home by children at the beginning of each school year. These forms may be filled out and mailed with the premiums to the insurance company—if the parent wishes to purchase this insurance. It may be interesting to note that on November 30, 1961, only 327 students were insured for 1961-62. Total enrollment in the schools of Kittery at that time was about 2190 elementary and secondary school students. The School Department has no funds to pay for medical expenses or other expenses resulting from accidents to pupils.

The total of appropriations recommended for operation of schools in Kittery in 1962 is less than the appropriation in 1961 and, in view of the needs and recommendations set forth in this report, an explanation is in order.

↓ The balance in school accounts for 1961 is large and the anticipated receipts from state and federal governments are up substantially over the estimates for 1961.

The large balance of operational funds from 1961 comes mostly from a deficiency appropriation made by the Congress in the late summer of 1961, enabling Kittery and other federally impacted school districts to receive one hundred per cent of entitlement for federally connected pupils.

The larger estimate of receipts from the federal government in 1962 results from a larger federal appropriation and the larger estimate of receipts from the state is because of larger appropriations for school purposes at the last regular and special sessions of the Legislature.

The estimated increase in receipts for school purposes in 1962 more than offsets the increased expenditures estimated for teachers' salaries and other purposes.

There has been one significant lowering of school costs. This is in the field of fire insurance where rates have been substantially reduced. In addition to rate reduction for school properties, new and improved policies have been offered to schools by insurance companies and after much study and inquiry by the Superintending School Committee, the newer policies were authorized for Kittery schools.

The school account which calls for a much bigger increase in funds over last year is the teachers' salary or instruction account. This comes about because of the new teachers' salary schedule recommended by the School Committees.

The Schedule recommended follows:

Salary Schedule for Teachers in Kittery Schools

Recommended by the Superintending School Committee and the Joint Committee for Robert W. Traip Academy To Become Effective September 1, 1962, at which time All Teachers will be Placed on Schedule.

	Years of Experience	2 Years Preparation	3 Years Preparation	Bachelor's Degree	Master's Degree
Beginning	1st	3400	3800	4100	4300
Beginning	2nd	3500	3900	4250	4450
Beginning	3rd	3600	4000	4400	4600
Beginning	4th	3700	4100	4550	4750
Beginning	5th	3800	4200	4700	4900
Beginning	6th	3900	4300	4850	5050
Beginning	7th	4000	4400	5000	5200
Beginning	8th	4100	4500	5150	5350
Beginning	9th	4200	4600	5300	5500
Beginning	10th	4300	4700	5450	5650
Beginning	11th	4400	4800	5600	5800
Beginning	12th	4500	4900	5750	5950
Beginning	13th	4600	5000	5900	6100

The above schedule is closely in line with others in this area of Maine and New Hampshire. While it is considerably above the schedule now in effect, it does not put Kittery above many nearby communities or in a better competitive salary position than many neighboring towns. This schedule follows the country-wide trend of recent years when the supply of beginning teachers has been limited, the demand has been extensive and salary, more than any other one factor, has been the determining influence in attracting and holding teachers.

The better schedule will require more funds for the teacher salary account for 1962 and will require more again in 1963 as the full cost of the schedule does not make itself felt in the first year. This is because the schedule will not become effective before September of 1962 and the increase over present salaries will be paid only from September to the end of December in 1962, whereas the new schedule will apply to the full year of 1963.

The foregoing is a summary of some of those phases of school work in which improvement is being sought and a brief explanation of the increased budget resources and the larger expenditures estimated for 1962.

Schools have been visited by parents and others during the year and much of the work in our schools, which has not been written about in this report, may be familiar to many people in Kittery.

Many good things are being done in the schools and it is hoped that improvements can be made in some of the areas mentioned in this report.

Visitors are welcome and it is hoped that they will continue to come and share their thinking with teachers and others who work in the schools. There is agreement that children benefit as home and school work together with understanding.

Respectfully submitted,
Charles Puffer
Superintendent of Schools

REPORT OF THE PRINCIPAL**ROBERT W. TRAIPI ACADEMY**

FROM: Stanford I. Trask, Principal of Robert W. Traip Academy

TO: Joint Committee for Robert W. Traip Academy

The following constitutes my fifth annual report. This report will follow the same form as previous reports and cover the following areas: Student Body, Staff, Academic Program and Plant.

I feel a little self-conscious year after year in praising the student body of Robert W. Traip Academy, but I am sincere when I say that the staff of Kittery's secondary school considers it a privilege to educate your young ladies and gentlemen.

The class of 1961 set a new record for the number of students receiving post-secondary education. Listed below is a breakdown of the class of 1961:

Work	46	41+ %
College (degree granting)	30	26+ %
Post secondary	18	16+ %
Married	6	6+ %
Armed Forces	4	5+ %
Nursing	7	3+ %
Deceased	1	1+ %

112

The Student Safety Council at Robert W. Traip Academy has compiled a very commendable record in four short years, winning state and national recognition for their activities during the 1960-61 school year. We are a member of the National Safety Council which each year submits a report of chapter accomplishments to National Headquarters and awards are made to those schools with outstanding records. We were one of the six schools in Maine that received commendations. The Knights of the Road also selected our school to receive one of the two \$50.00 awards they give each year. These are but two reasons why I am proud of the Robert W. Traip Academy student body.

The student enrollment is at an all-time high again this year with a January 20th enrollment of 505 as compared to 498 last year at this same date. Listed below is a summary of the student body from September 5, 1961 to January 19, 1962:

	Boys	Girls	Total
Total enrollment 1/19/62			
Seniors	55	47	102
Juniors	74	55	129
Sophomores	49	61	110
Freshmen	90	73	163
TOTAL	268	236	504

Number registered between 9/5/61 and 1/19/62			
Seniors	58	50	108
Juniors	77	56	133
Sophomores	53	64	117
Freshmen	96	77	173
TOTAL	284	247	531

Number transferred to another school			
Seniors	1	2	3
Juniors	2	0	2
Sophomores	2	3	5
Freshmen	3	1	4
TOTAL	8	6	14

Number dropped out of school			
Seniors	1	2	3
Juniors	1	1	2
Sophomores	1	0	1
Freshmen	3	2	5
TOTAL	6	5	11

The teaching staff of Robert W. Traip Academy continues to perform its duties in a professional manner and the teachers that joined us in September 1961 have made a real contribution to our student body. The acquisition of such qualified personnel represents long hours of analyzing credentials, interviewing prospective candidates, and making value judgements. The shortage of qualified

teachers in many subject areas, especially mathematics and science, together with the increasing demands of education in our country make the task of replacing the normal and desirable turnover with at least equally competent teachers most difficult. We have been able to obtain one of the best secondary staffs in the state and we will work hard to maintain this quality.

Never in the history of education have there been so many changes in the program of studies as we find today. We are also sure that the future will bring many more changes. These changes do not mean that the schools have been doing a poor job in the past or that we are doing a poor job now. New England, and Maine in particular, has always been reluctant to change for change's sake. Many of the ideas that will be presented to you in the future may appear to be new. Please let me assure the citizens of Kittery that any changes we make in our program have been carefully studied and have been proven to be educationally sound.

During the last school year we introduced a secondary reading course which proved successful. This year we have continued to study the problem of reading. A reading committee has been working and as a result of their study, we are offering during the second semester of this school year two additional reading programs and next fall we will have our complete reading program in operation.

Justifiable curriculum changes such as adding another foreign language is not an added expense if the timing is right. There is a certain percentage of our student body who will select a modern foreign language and if we add Spanish or German when it is time to replace our French text, it will not increase the total cost for languages. Also if we had a teacher who was trained to work with special students we could start a core program for certain groups and would not increase the cost of instruction or instructional materials.

With the addition of the new building to the present facilities, classroom space for secondary students should be adequate for several years. The new building at Traip has eight classrooms with four of these rooms designed and equipped for special use. These special rooms will be

used in the following manner: a mathematics room, a biology laboratory and two rooms for an expanded home economics program. The remaining four rooms are general classrooms. This new building will enable us to move all classes out of the basement of the Main Building with the exception of driver education which only meets one period a week in a classroom.

There are no major repairs necessary at Robert W. Traip Academy in the near future. The summer maintenance and repair program will consist of cleaning, painting, and minor repairs.

I would like to express my appreciation to the Board of Trustees and the Joint Board for their fine cooperation and extend my thanks to Mr. Puffer for his excellent cooperation and professional leadership.

**REPORT OF
THE KITTERY SCHOOL BUILDING COMMITTEE
FOR THE NEW SECONDARY SCHOOL BUILDING
AT TRAIPI ACADEMY**

Subsequent to preparation of the report made in March of 1961, Revised Plans and Specifications for the Building Project, identified as Federal Project Maine 60-C-7-A10, were prepared, approved by government agencies and submitted for bid.

The general contract for construction of the new secondary school building was awarded to The Maxam Co., Inc., low bidder, at \$168,932.00.

The contract called for construction of a school building, of five classrooms, a biology laboratory and two home-making rooms, complete with heating, plumbing, electrical and other building facilities.

It is expected that the project will be completed to the point where the building can be accepted and occupied before the time of the annual Town Meeting in March.

The building was planned and construction supervised by Irving W. Hersey Associates of Durham, New Hampshire. In addition to the supervision by the architect, the Housing and Home Finance Agency of the Federal Government made periodic inspections of the project.

Construction funds were allocated by the Town of Kittery and by the Federal Government as follows:

Town of Kittery—for the building	\$123,790.00
United States Government	58,860.00

The Town also provided \$21,210.00 for equipping the building.

The building is of brick and cinder block construction and has no basement room except for the boiler room. Foundations and wall construction are of extra strength to support a future second story if or when it may be needed. The roof is a flat concrete slab which would serve as the floor of a second story. The heating plant, the electrical service and the water connections are large enough

to accommodate the demands of second floor rooms if they are ever built.

Dedication of the new building will be planned for some time in April of this year if a name is approved at the annual Town meeting in March. An article is being placed in the Warrant suggesting that the new building be named the Mary Safford Wildes Building.

The Town provided funds for equipping the new building and laboratory furnishings and some classroom furniture and necessary building maintenance equipment are being purchased.

Fifteen School Building Committee Meetings were held in 1961.

Respectfully submitted,

Frank R. Kauffman, Chairman

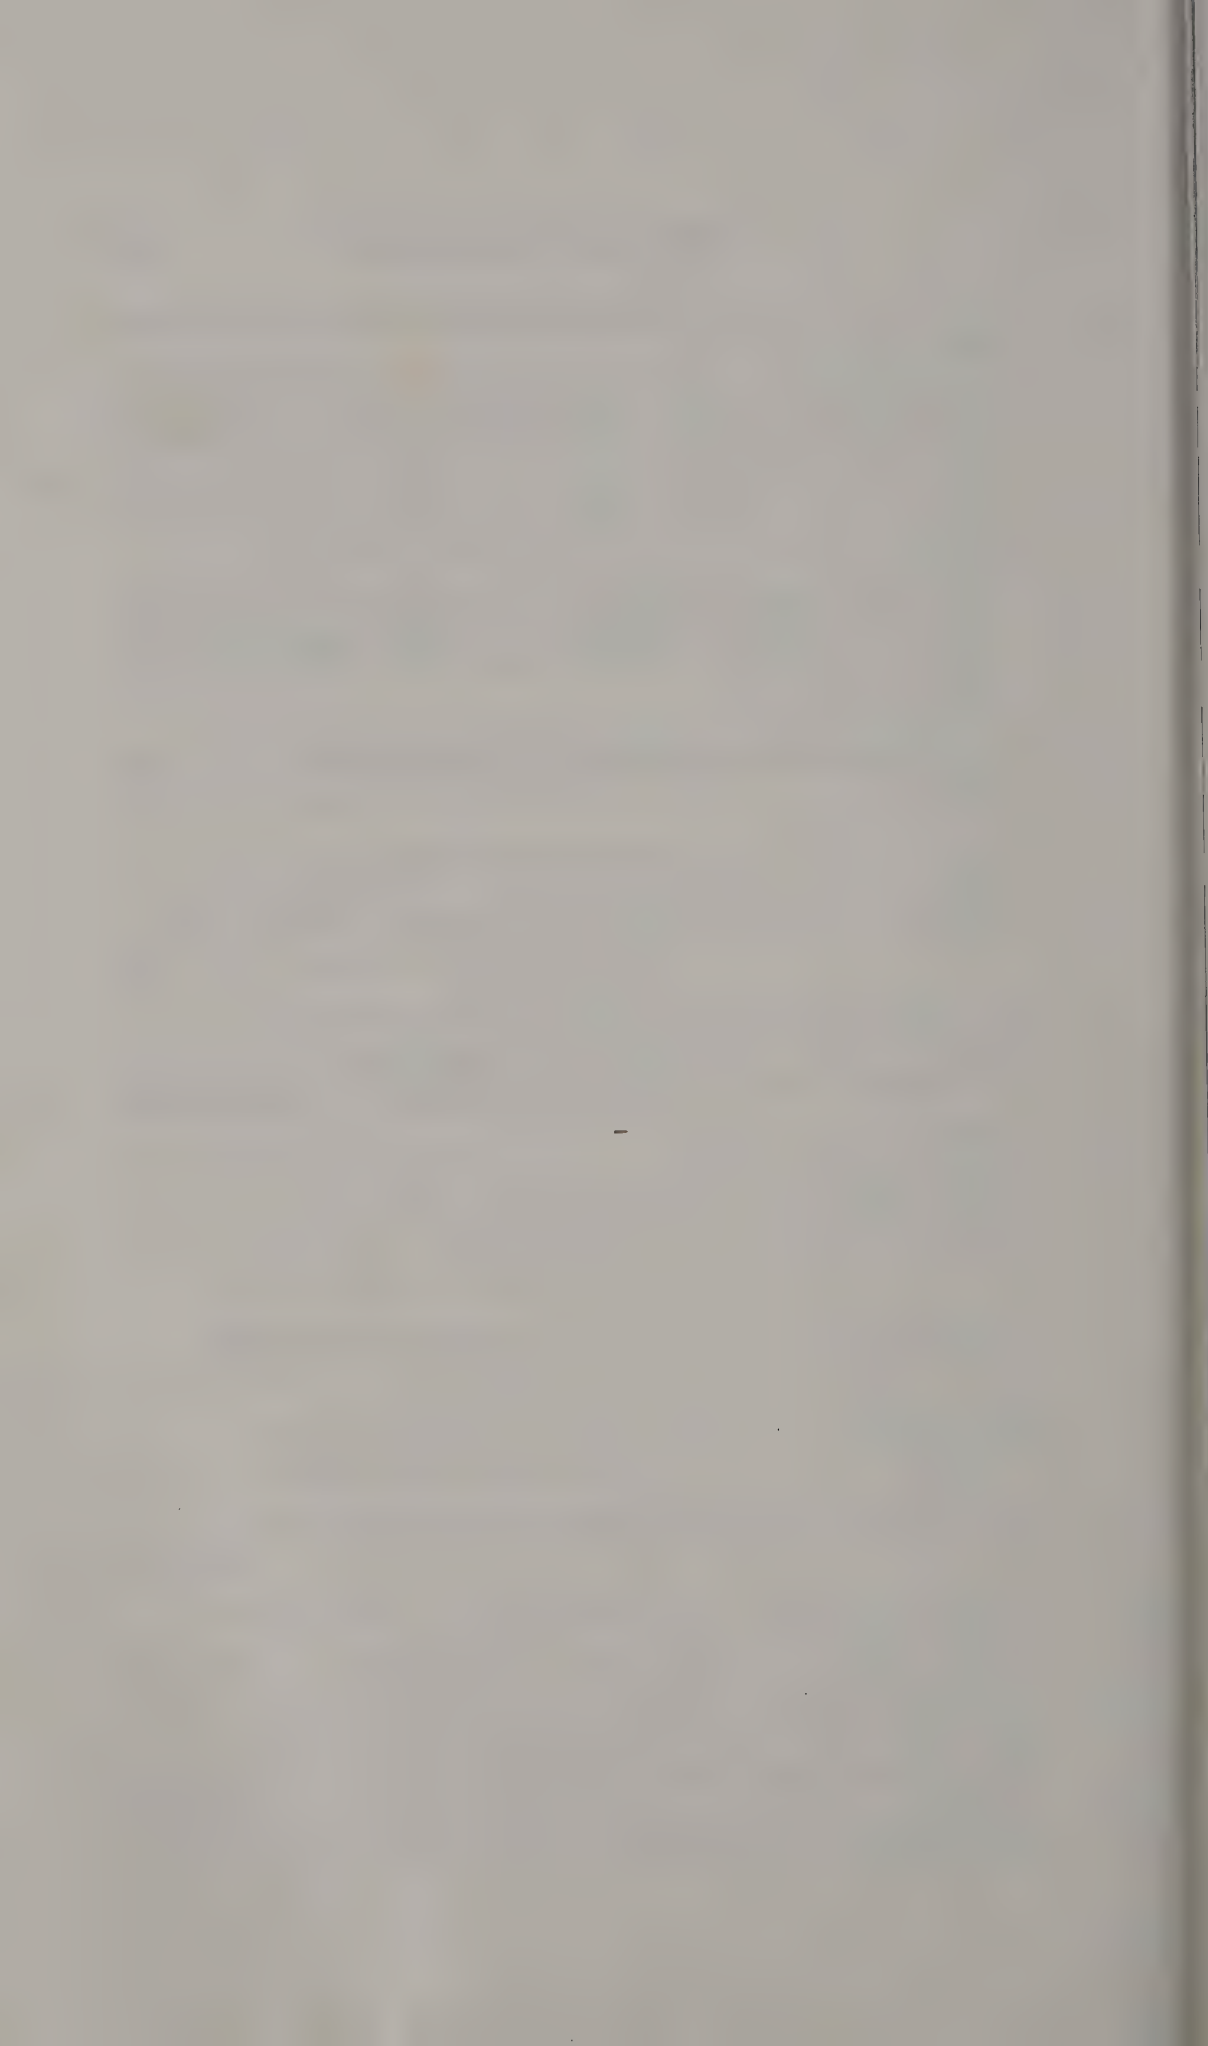

L. Charles Chase

Report of the Budget and Finance Committee 1962

To the citizens of the Town of Kittery:

In introducing our report this year it seems appropriate to review the purpose and functions of the committee. The present form of the committee was established by Article 56 of the warrant for the 1956 Town Meeting which said in part. "The Budget and Finance Committee shall make recommendations upon all articles that require or will require the raising or borrowing of money." Implicit in any instruction to recommend is the requirement for study and deliberation. In order to properly discharge its duties the Budget Committee must acquire a considerable background of information on the town's present and past operations, study the outlook for the future, and observe as a frame of reference the operations of other communities both near and far. Most important of all, the committee must communicate its findings to the people of the town in sufficient detail to permit them to make wise decisions in their town meeting. Several months are needed to accomplish the above activities and to interview representatives of the town's departments and committees concerning their current budget estimates. It is therefore necessary for the Budget Committee to request not only the town's departments but all other groups or individuals to submit their appropriation requests not later than December first.

While studying town reports from previous years the present Budget Committee observed that:

1. Former budget proposals as published in the Town Report lacked a common format.
2. Each department presented its requests to the Budget Committee in a different form which in some cases also changed from year to year.
3. Numerous separate articles had a tendency to obscure the true total cost of various types of services.
4. Reports of annual town expenditures were given in a form different from any of the budget presentations making comparisons of estimated and actual expenses difficult.

It appeared to the committee that it should be possible to develop a budget format suitable both for uniform presentation of budget requests and reporting town expenditures at the end of the year. Accordingly, the committee, using sample budgets obtained from other Maine towns and cities, began preparation early this year of a format which the committee believes suitable for correction of the above problem. The mechanics of the format developed by the committee are appended at the end of this report. Only the Public Works Department has submitted its request in the new format. It is hoped that all other departments will be sufficiently familiar with the system to permit their cooperation next year. If the new method of presentation makes the Public Works Budget appear unduly large, it should be noted that items are included which are voted upon as separate articles. In order to make a comparison with last year's Budget, items marked with an (*) should be subtracted from this year's Budget.

Since early in November, the committee has had many meetings with representatives of the town departments and committees for the purpose of discussing their budget proposals and becoming familiar with their current problems. The willing cooperation of town officials and committees is gratefully acknowledged.

Budgets and other appropriation requests presented this year represent gross expenditures of \$1,286,927.00. After deducting educational subsidies from this amount the town is asked to appropriate \$886,989.00. Last year gross requests totalled 1,159,032.00 and net requests \$825,090.00. Of this amount \$788,030.00 was finally appropriated.

On the basis of the best estimates of all sources of town income now available this year's \$98,958.00 increase in appropriations requested would require a \$10.93 increase in the present tax rate to a new rate of \$74.93. The Budget Committee believes that this 17.1% increase in the tax rate in a single year is excessive and that the appropriation requests must be substantially reduced to contain the increase in tax rate within reasonable bounds.

Of the proposed increases in expenditures for 1962 approximately \$54,700.00 is scheduled for salary increases. This amount is divided approximately as follows: \$46,700.00 for school teachers and other school personnel, \$5,200.00 for Public Works employees, \$2000.00 for the Police Department and \$800.00 for Town Office personnel. The

Budget Committee feels these salary increases are justified and necessary in order to obtain and to keep the quality of teachers necessary to maintain educational standards. In the case of town employees other than teachers salary increases are needed to maintain a living wage level.

The cost of all materials and contracted services continues to rise and there is little we can do to resist these increases without dispensing with necessary services to the townspeople. The best avenue open to keeping expenditures reasonably close to income appears to lie in taking a long hard look at all items falling in the area of capital improvements and in the area of expansion of existing services.

In determining what reductions in appropriations should be recommended the Budget Committee first considered that a tax rate increase of approximately \$3.00 was within reason. We next calculated what sum must be deducted from appropriations in order to limit the increase to this amount. The first items considered for disapproval were those separate and special articles which the committee believed, after reviewing all the evidence available, were least essential. The remaining amount of the total reduction deemed necessary was apportioned among the various departments paying particular attention that no department be cut back sufficiently to create hardship. Despite recommended cuts all departments would have more to spend than they had last year.

This report will not recommend cuts in specific items within departments for the following reasons:

1. To permit flexibility and convenience to administrators in distributing appropriated funds within their departments.
2. Actual cuts in appropriations as made from the floor at town meetings are not specific as to their distribution within a department.
3. The present method of wording articles for the Town Warrant does not and should not place an enforceable restriction on the various departments with respect to the division of their funds among individual items.

Special Articles disapproved include the following:

1. Whipple Road Repair \$11,200.00. Postponement is recommended until sewer studies requested elsewhere in the warrant have been concluded. The committee is

in sympathy with a continuing well planned road improvement program. However we believe deferring this project until we have completed any sewer work that may be required in this area or until we are certain that required work will not result in tearing up parts of a new road will result in long term savings.

2. Language Lab \$4000.00. It is recommended that this item be postponed. The committee does not believe this facility is necessary at this time.
3. Dredging and Wharf. Total request \$15,000.00 for dredging and \$10,000.00 for wharf of which \$3,000.00 for dredging and \$2,000.00 for wharf is requested for appropriation this year. This item is not approved because of the high cost of the project as measured against the need and the economic benefits to the town of Kittery to be derived from it. As a condition of getting federal funds toward the cost of the project the town is required to build a wharf at a cost of \$10,000.00 to be borne entirely by the town. It has also been noted that if the dredging costs more than the original estimate the town would be required to pay its share of the extra cost. The Article under which \$25,000.00 is requested for this project calls for a \$20,000.00 loan which is to be repaid at the rate of \$5,000.00 per year for each of the next four years. The Committee does not believe it wise to borrow for non-essential projects merely to make them appear more palatable. The increase in cost of debt service for this project alone would use up nearly all of the annual increase in tax proceeds derived from new houses when based on the present tax rate. It would appear very prudent at this time to save our capacity to repay debts against the possibility that the town may have to bear the cost of over a million dollars for a sewer system that the state requires us to commence installing within five years.

Lower approved appropriations for education this year reflect primarily the acquisition of educational subsidies in excess of the amounts estimated for the year 1961 and an increase in the estimated percentage of aid entitlement that will be available in 1962. For this reason it is anticipated that balances at the end of 1962 will be very small. Smaller balances and known increases in operational expense for 1963 will require considerably larger town appropriations for education in 1963.

ANNUAL TOWN REPORT

67A

The request for the second heavy truck for the road department was received much too late to permit careful study. The committee is giving approval to this request only in order to give the townspeople an opportunity to vote on it.

APPENDIX TO 1962 REPORT OF BUDGET AND FINANCE COMMITTEE

The new budget format developed by the Budget and Finance Committee consists of the assignment of a four digit account number to each of the town's expenditures. The first digit denotes the department, the second digit denotes the major subdivision of the department and the third and fourth digits denote individual expense classifications which are taken from a chart of accounts shown in this appendix. This system is readily adaptable to accounting machine methods if the time should ever come when Kittery decides it advisable to use the machine method.

Account numbers are tentatively established for departments as follows:

Code 1000	General Government
2000	Public Works
3000	Fire Departments
4000	Police Department
5000	High School
6000	Elementary Schools
7000	Health and Welfare
8000	Parks and Recreation
9000	Miscellaneous Unclassified

The subdivisions for all departments are similar except for General government and are as follows:

- 100 Executive
- 200 Wages
- 300 Maintenance of buildings
- 400 Maintenance of operating equipment
- 500 Operating materials and supplies
- { 600 Reserved for subdivisions peculiar to
- 700 individual departments
- 800 Capital improvements
- 900 Miscellaneous

The subdivisions for General Government are as follows:

- 100 Executive
- 200 Wages (clerical)
- 300 Maintenance of Town Building
- 400 Public Notices and Town Books
- 500 Planning and Research
- 600 Financial, Legal and Indebtedness
- 700 Elections
- 800 Capital Improvements
- 900 Miscellaneous

The method of combining these numbers is illustrated in this year's presentation of the Public Works Budget.

Warrant for Annual Town Meeting

AND RECOMMENDATIONS OF THE BUDGET AND FINANCE COMMITTEE

State of Maine

York ss

To Albert V. Martin, a Constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the Inhabitants of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 10th day of March, 1962 A. D. at eight o'clock in the forenoon to act on the following articles, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, One Selectman, Assessor and Overseer of the Poor, Treasurer, School Committee, Budget Committee and all other necessary town officers for the ensuing year.

The polls for voting on article 2 will be open at eight o'clock in the forenoon and will close at one o'clock in the afternoon. A motion will be made to adjourn this meeting to Traip Academy Auditorium on March 17, 1962 at 9 A. M. to then and there take up the articles number 3 to 85.

THIRD: To see what sum the town will vote to raise and appropriate for Administrative Expenses.

The sum of \$26,607.00 is recommended.

FOURTH: To see what sum the town will vote to raise and appropriate for payment on its debt.

The sum of \$34,600.00 is recommended.

FIFTH: To see what sum the town will vote to raise and appropriate to pay interest on its debt.

The sum of \$9,130.00 is recommended.

SIXTH: To see what sum the town will vote to raise and appropriate to pay interest on temporary loans.

The sum of \$7,000.00 is recommended.

yes SEVENTH: To see what sum the town will vote to raise and appropriate for Officers Salaries.

The sum of ~~\$8,800.00~~ ^{\$7,500.00} is recommended.

yes EIGHTH: To see what sum the town will vote to raise and appropriate for its share in the Employees Retirement Fund for the ensuing year.

The sum of \$5,800.00 is recommended.

yes NINTH: To see what sum the town will vote to raise and appropriate for its share for Social Security.

The sum of \$3,300.00 is recommended.

yes TENTH: To see what sum the town will vote to raise and appropriate for the purpose of providing for Professional Services.

The sum of \$1,500.00 is recommended.

yes ELEVENTH: To see what sum the town will vote to raise and appropriate for expenses of the Board of Appeals.

The sum of \$500.00 is recommended.

yes TWELFTH: To see if the town will vote to raise and appropriate the sum of \$1,500.00 and empower the Selectmen to enter in contract with the proper Federal and State Agencies for planning purposes as recommended by the Town Planning Board.

The sum of \$1,500.00 is recommended.

no THIRTEENTH: To see if the town will vote to hire a clerk for the Board of Assessors and raise the sum of \$6,000.00 therefor.

169 103 It is recommended that the town appropriate the sum of \$3,000.00 to pay for clerical services needed to maintain the tax maps or at the option of the Selectmen to hire an Assessor's Clerk at an annual salary rate not to exceed \$6,000.00 per year.

yes FOURTEENTH: To see what sum the town will vote to raise and appropriate for Street and Traffic Lights.

The sum of \$12,000.00 is recommended.

yes FIFTEENTH: We, the undersigned, request the town to install one 250 W Mercury Light to be suspended on guy wire running from Pole No. 2-8-2 on corner of Foyes Lane and Haley Road and Pole No. 2-8-1A on south side of the Kittery Point Fire House and raise a sum of money for the same. The foregoing upon the petition of James D. Adams and 21 others.

Approved and the sum of \$88.00 is recommended.

yes SIXTEENTH: We, the undersigned citizens of the Town of Kittery, request the town to install two street lights on the Adams Road between poles No. 2-62-22 and No. 2-62-17 and raise a sum of money for the same. The foregoing on the petition of Marion Lucas and 17 others.

Approved and the sum of \$47.00 is recommended.

yes SEVENTEENTH: We, the undersigned, petition the Town of Kittery, Maine to install two street lights on Bayview Lane, (Bayview Lane is approximately 500 feet long and presently has no street lights whatsoever) and raise a sum of money for the same. The foregoing on the petition of Stanley W. Teasdale and 11 others.

Approved and the sum of \$47.00 is recommended.

yes EIGHTEENTH: We, the undersigned citizens of the Town of Kittery, request the town to install one street light on Eliot Road, near the property of Edward A. Maby on Pole No. 2-73-22 and raise a sum of money for the same. The foregoing on the petition of Edward A. Maby and 9 others.

Approved and the sum of \$23.50 is recommended.

yes NINETEENTH: We, the undersigned citizens of the Town of Kittery request the town to install one street light on the Norton Road on Pole No. 2-9-26 and raise a sum of money for the same. The foregoing on the petition of Wilbur N. Rhodes and 12 others.

Approved and the sum of \$23.50 is recommended.

yes TWENTIETH: To see what sum the town will vote to raise and appropriate for Hydrant Rental.

The sum of \$10,890.00 is recommended.

yes TWENTY-FIRST: To see if the town will vote to install one hydrant on the Picott Road approximately 1000 feet south of the present hydrant and raise a sum of money for the same.

Approved and the sum of \$55.00 is recommended.

yes TWENTY-SECOND: To see what sum the town will vote to raise and appropriate for Public Works.

The sum of \$90,000.00 is recommended.

yes TWENTY-THIRD: To see if the town will vote to raise and appropriate the sum of \$4,000.00 for Williams Avenue. This article to be designated as a Capital Improvement Item.

The sum of \$4,000.00 is recommended.

no TWENTY-FOURTH: To see if the town will vote to raise and appropriate the sum of \$11,200.00 to rebuild and resurface a section of Maine 103 (Whipple Road) in the area between the intersection of Rogers Road with Maine 103 and a point approximately 200 feet east of the Portsmouth Naval Shipyard Gate II. This article to be designated as a Capital Improvement Item.

Budget Committee recommends disapproval.

yes TWENTY-FIFTH: To see if the town will vote to raise and appropriate the sum of \$2,500.00 to drain, widen and resurface a section of Walker Avenue. This article to be designated as a Capital Improvement Item.

The sum of \$2,500.00 is recommended.

yes TWENTY-SIXTH: To see if the town will vote to raise and appropriate the sum of \$1,300.00 to drain and resurface a section of Traip Avenue beginning at the north entrance on Wentworth Street. This article to be designated as a Capital Improvement Item.

The sum of \$1,300.00 is recommended.

yes TWENTY-SEVENTH: To see if the town will vote to purchase two new Dump Trucks and raise a sum of money for the same. This article to be designated as a Capital Improvement Item. *no*

The sum of \$12,000.00 is recommended.

yes TWENTY-EIGHTH: To see what sum the town will vote to raise and appropriate for State Aid Road Construction.

The sum of \$3,464.00 is recommended.

yes TWENTY-NINTH: To see if the town will vote to accept a deed from the First Construction Corporation and a deed from the Kittery Masonic Association for land for a sidewalk at the site of the new Kittery Post Office on Government Street and to raise the sum of \$700.00 for construction of a sidewalk.

The sum of \$700.00 is recommended.

yes THIRTIETH: To see what sum the town will vote to raise and appropriate for the Maintenance of the Fire Departments.

The sum of \$14,264.00 is recommended.

yes THIRTY-FIRST: To see if the town will vote to purchase a combination pumper and ladder truck and raise a sum of money for the same. This article to be designated as a Capital Improvement Item.

The sum of \$25,000.00 is recommended. \$8,400.00 to be raised and appropriated in 1962 and to authorize the Selectmen and Treasurer to borrow the sum of \$16,600.00. \$8,400.00 payable in 1963 and \$8,200.00 payable in 1964. *L*

yes THIRTY-SECOND: To see what sum the town will vote to raise and appropriate for the maintenance of the Police Department including the Central Office.

The sum of \$52,500.00 is recommended.

yes THIRTY-THIRD: To see if the town will vote to trade in the 1960 Police Cruiser and purchase a new Police Cruiser for the Police Department and to see what sum of money the town will vote to raise for the purchase of the same. It is suggested that the sum of \$1,500.00 be raised for this article. This article is designated as a Capital Improvement Item.

The sum of \$1,500.00 is recommended.

yes THIRTY-FOURTH: To see if the town will vote to authorize the Superintending School Committee to contract with and pay a sum not to exceed the amount raised or authorized under either or both of the succeeding articles for a free high school, to the Trustees of the Robert W. Traip Academy, for the tuition of its pupils in accordance with the provisions of Section 105, Chapter 41 of the Revised Statutes of 1954, or any amendments thereto.

Approval recommended.

yes THIRTY-FIFTH: To see what sum the town will vote to raise and provide for a Free High School.

The sum of \$136,000.00 is recommended.

yes THIRTY-SIXTH: To see if the town will vote to authorize the Superintending School Committee to add to the Free High School account, not more than thirty per cent of any income or subsidy received from state or federal sources for the operation of the general school program.

no THIRTY-SEVENTH: To see if the town will vote to raise and appropriate the sum of \$4,000.00 for the purchase of language laboratory equipment and installation at Traip Academy. This article to be designated as a Capital Improvement Item.

Budget Committee recommends disapproval.

yes THIRTY-EIGHTH: To see what sum the town will vote to raise and appropriate for Common Schools.

195,237.00
The sum of \$180,237.00 is recommended.

yes THIRTY-NINTH: To see what sum the town will vote to raise and appropriate for Maintenance of School Property. ~~27,800.00~~

The sum of \$32,000.00 is recommended.

yes FORTIETH: To see what sum the town will vote to raise and appropriate for the Kittery Public Health Committee.

The sum of \$6,000.00 is recommended as follows:
Nurses Salaries, \$4,500.00; Purchase of Car, \$1,500.00.

yes FORTY-FIRST: To see what sum the town will vote to raise and appropriate for the employment of a Public Health Officer.

The sum of \$800.00 is recommended.

yes FORTY-SECOND: To see what sum the town will vote to raise and appropriate for Support of Poor.

The sum of \$11,000.00 is recommended.

yes FORTY-THIRD: To see what sum the town will vote to raise and appropriate for Aid to Dependent Children.

The sum of \$1,750.00 is recommended.

yes FORTY-FOURTH: To see what sum the town will vote to raise and appropriate to provide free immunization for children as required by State Law.

The sum of \$500.00 is recommended.

yes FORTY-FIFTH: To see what sum the town will vote to raise and appropriate for Development work at Fort McClary Park.

The sum of \$300.00 is recommended.

yes FORTY-SIXTH: To see what sum the town will vote to raise and appropriate for the care and improvement of Sea Point Beach.

The sum of \$800.00 is recommended.

yes FORTY-SEVENTH: To see what sum the town will vote to raise and appropriate for Development work at Rogers Park. This article designated as Capital Improvement Item.

The sum of \$900.00 is recommended.

yes FORTY-EIGHTH: To see what sum the town will vote to raise and appropriate for care of Parks and Greens.

The sum of \$450.00 is recommended.

The sum of \$75.00 is recommended.

yes FIFTIETH: To see what sum the town will vote to raise and appropriate for Fort Foster Park.

The sum of \$5,000.00 is recommended. \$3,600.00 of this amount is a Capital Improvement Item.

yes FIFTY-FIRST: To see if the town will vote to authorize the Selectmen to charge an admission fee to Fort Foster Park, the amount of said admission to be determined by the Selectmen. The amount collected for admission shall be used for the care and maintenance of Fort Foster Park.

yes FIFTY-SECOND: To see what sum the town will vote to raise and appropriate for the maintenance and improvement of Memorial Athletic Field.

The sum of \$1,000.00 is recommended.

yes FIFTY-THIRD: To see what sum the town will vote to raise and appropriate for the Swimming Instruction Program. This article designated as Capital Improvement Item.

The sum of \$1,000.00 is recommended.

yes FIFTY-FOURTH: To see what sum the town will vote to raise and appropriate for the Port Authority.

The sum of \$981.00 is recommended.

yes FIFTY-FIFTH: To see what sum the town will vote to raise and appropriate for the maintenance of the town wharves.

The sum of \$1,652.00 is recommended.

no FIFTY-SIXTH: To see if the town will vote to authorize the Selectmen to raise and appropriate a sum not to exceed ~~\$15,000.00~~ for the town's first apportionment of the 8% of the cost of the so-called Chauncey Creek dredging project. It is suggested that the sum of \$3,000.00 be raised and the Selectmen and Treasurer be authorized to borrow a sum not to exceed ~~\$12,000.00~~ to be repaid \$3,000.00 in 1963, \$3,000.00 in 1964; \$3,000.00 in 1965; and the balance in 1966. This article to be designated as a Capital Improvement Item. *no*

Budget Committee recommends disapproval.

no FIFTY-SEVENTH: To see if the town will vote to authorize the Selectmen to raise and appropriate a sum not to exceed \$10,000.00 for the construction of a public landing and wharf adjacent to the so-called Chauncey Creek dredging area, and to accept, take by eminent domain, or purchase the land necessary for its construction. It is suggested that the sum of \$2,000.00 be raised and the Selectmen and Treasurer be authorized to borrow a sum not to exceed \$8,000.00 to be repaid: \$2,000.00 in 1963; \$2,000.00 in 1964; \$2,000.00 in 1965; and the balance in 1966.

This article to be designated as a Capital Improvement Item. *no*

Budget Committee recommends disapproval.

yes FIFTY-EIGHTH: To see what sum the town will vote to raise and appropriate for the advertising of the Natural Resources, Advantages and Attractions of the State of Maine, to be paid to the State Publicity Bureau, in accordance with Chapter 91, Section 108 of the Revised Statutes.

The sum of \$200.00 is recommended.

yes FIFTY-NINTH: To see what sum the town will vote to raise and appropriate for Civil Defense.

The sum of \$1,300.00 is recommended.

yes SIXTIETH: To see what sum the town will vote to raise and appropriate for the purpose of spraying for Gypsy Moths and for spraying to destroy bushes along the town ways.

The sum of \$1,000.00 is recommended.

yes SIXTY-FIRST: To see what sum the town will vote to raise and appropriate for the control of the Dutch Elm Disease.

The sum of \$500.00 is recommended.

yes SIXTY-SECOND: To see if the town will vote to appropriate the sum of \$400.00 to cooperate with the Maine Forest Service and Federal Government in control of white pine blister rust, in accordance with Revised Statutes of 1954, Chapter 36, Section 69.

The sum of \$400.00 is recommended.

yes SIXTY-THIRD: To see if the town will vote to cooperate with the Department of Sea and Shore Fisheries in the re-establishment of the clam beds at Brave Boat Harbor and raise a sum of money for this purpose.

The sum of \$300.00 is recommended.

yes SIXTY-FOURTH: To see what sum the town will vote to raise and appropriate for the care of Veterans Graves.

The sum of \$300.00 is recommended.

yes SIXTY-FIFTH: To see what sum the town will vote to raise and appropriate for the observance of Patriotic Days under the jurisdiction of the Veterans Council.

The sum of \$400.00 is recommended.

yes SIXTY-SIXTH: To see if the town will vote to authorize the Selectmen to procure a temporary loan or loans in anticipation of taxes and/or Federal Funds for the purpose of paying obligations of the town.

yes SIXTY-SEVENTH: To see if the town will vote to authorize the Selectmen to carry on the town's business during the period of closing the books December 31, 1962 to Town Meeting Day.

yes SIXTY-EIGHTH: To see if the town will authorize the Selectmen in behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they may deem advisable, and to execute quit claim deeds for such property. ~~no~~

yes SIXTY-NINTH: To see if the town will vote to accept the new Cemetery Trust Funds.

yes SEVENTIETH: To see if the town will vote to authorize the Selectmen to apply for Federal Aid that may be available to the Town of Kittery.

yes SEVENTY-FIRST: To see if the town will instruct the Selectmen to appoint a committee of seven persons to continue the study of Town Governmental Operations and make reports from time to time.

yes SEVENTY-SECOND: To see if the town will vote to establish a reserve account under the provisions of Public Laws of 1957, Chapter 405, Section 17 to be known as the Capital Equipment and Capital Improvement Account, said account to be used for the purpose of acquiring authorized Capital Equipment or Capital Improvements. *no*

~~no~~ SEVENTY-THIRD: To see if the town will vote to authorize the Selectmen to annually transfer the unexpended balances of designated Capital Improvement and Capital Equipment articles to be the Capital Equipment and Capital Improvement Account, established under Article 72, rather than have the unexpended balances lapse to surplus. *no*

yes SEVENTY-FOURTH: To see if the town will vote to authorize the Selectmen to expend from the Capital Equipment and Capital Improvement Account, established under Article 72, funds for authorized Capital Equipment and Capital Improvements only. *yes*

postpone SEVENTY-FIFTH: To see if the town will vote to amend the Zoning Ordinance of the Town of Kittery as follows:

Sections V-D (2) and Section V-D (3) to be changed to read as follows:

Section V-D (2) Sign Requirements in Business or Industrial Zones.

No sign in any Business or Industrial Zones shall be:

- a. Animated.
- b. Illuminated by other than incandescent or fluorescent light.
- c. Set back from any lot line which adjoins a Residence Zone less than the side yard distance required in such Residence Zone.
- d. Erected except in full conformity with all pertinent State regulations.
- e. Set back not less than 20 feet from the outside edge of any road, street, or highway.
- f. Painted upon or attached to any rock or tree.

Section V-D (3) Limitations on Sign Size in Business or Industrial Zones.

- a. The total area of any sign in any Business or Industrial Zone shall not be more than 175 square feet, except that signs advertising goods or services which are manufactured, sold or offered on the property on which the sign(s) are located may have a total area of not more than 360 square feet and such sign(s) shall be located within 500 feet of the building where the goods advertised are manufactured or sold or the business or profession advertised is carried on or practiced.
- b. If two or more lines of business or profession are carried on on the same premises each business or profession shall be allowed a total of 360 square feet of sign area provided such sign(s) are located within 500 feet of the building where the goods advertised are manufactured or sold or the business or profession advertised is carried on or practiced and the sign(s) are located on the same parcel of real property as the building.
- c. The area of a sign, either free standing, attached, or painted on a building shall be considered to include all lettering and accompanying designs, symbols, trim, and border together with the background, whether open or enclosed, but not including any supporting framework and bracing which are incidental to the sign itself. Where the area of the background is indeterminate as in a sign painted on a build-

ing, or in a sign consisting of individual letters, words, or symbols, the area of the sign shall be considered to be that of the smallest rectangle or other simple shape which encompasses all the letters, words, symbols, trim and borders.

yes SEVENTY-SIXTH: To see if the town will vote to name the new secondary school building at Traip Academy the "Mary Safford Wildes Building".

yes SEVENTY-SEVENTH: To see if the town will vote to authorize the Selectmen to apply for and accept such State and Federal funds as may be available, and to borrow from the Home and Housing Finance Agency a sum not to exceed \$8,000.00 for the purpose of having preliminary engineering and cost studies made of a proposed sewer system for the Town of Kittery. This loan to be interest-free for a period of five years and is to be repaid from construction funds at such time as the sewer system is constructed.

yes SEVENTY-EIGHTH: To see if the town will vote the following changes in the Revised Ordinances of the Town of Kittery:

Section 2 ONE WAY STREETS:

To Rescind No. 3 and substitute instead the following:

"Williams Avenue shall be ONE WAY in a southerly direction from its point of intersection with Whipple Road starting with the property line of Wallace Chick on the west side of Williams Avenue southerly for 180 feet. Williams Avenue shall then be Two Way from the southerly end of the property line of James Melhorn for its entire length to where Williams Avenue intersects with Whipple Road on the easterly end of Williams Avenue. The proposed exit shall be One Way from the northerly end of the property line of Mattie Pettigrew northerly for 200 feet to where the proposed exit intersects with Whipple Road".

Section 1 PARKING:

To add a New Item to be numbered Item No. 13:

"On the east side of Wentworth Street between its two points of intersection of Traip Avenue".

yes SEVENTY-NINTH: To see if the town will vote to accept Ox Point Drive.

yes EIGHTIETH: To see if the town will vote to accept Dion Avenue.

yes EIGHTY-FIRST: We, the undersigned tax payers of the Town of Kittery, Maine, request permission that town equipment (namely Fire and Public Works Equipment) be used according to Chapter 96, Section 32 of the R. S. of 1954 to service 1000 ft. of roadway with a 40 ft. "T" type turn around known as Trafton Lane off Haley Road. The foregoing on the petition of Lawrence W. Tacey and 13 others.

yes EIGHTY-SECOND: To see if the town will vote to accept a deed of an easement from Newell F. and Bernice P. Chase.

no EIGHTY-THIRD: To see if the town will vote to accept the report of the Selectmen with regard to the establishment of a town landing on Chauncey Creek Road.

yes EIGHTY-FOURTH: To see if the town will vote to authorize persons and places of business, not otherwise permitted by Section 38 of Chapter 135 of the Revised Statutes of Maine, to do business on the Lord's Day, Memorial Day, July 4th, November 11th and Thanksgiving Day, this article being submitted according to the provisions of Section 2 of Chapter 362 of the Public Laws of Maine, 1961. The foregoing on petition of Kevin Adams and 186 others.

EIGHTY-FIFTH: To pass any other vote or votes that may legally come before said meeting.

Given under our hands this 21st day of February
A. D. 1962.
